Memorial Addresses and Other Tributes in the Congress of the United States on the Life and Contributions of William Benton United States. Congress, 1973 Klagen oder Nachtgedanken über Leben, Tod und Unsterblichkeit Edward Young, 1800 The Gettysburg Gospel Gabor Boritt, 2006-11-19 Lincoln scholar Gabor Boritt dispels a century of myths and legends to reveal the true meaning of the Gettysburg Address as Abraham Lincoln intended it in this magisterial work and instant classic Doris Kearns Goodwin The words Abraham Lincoln spoke at the dedication of the Soldiers National Cemetery at Gettysburg comprise perhaps the most famous speech in history Many books have been written about the Gettysburg Address and yet as Lincoln scholar Gabor Boritt shows there is much that we don't know about the speech In *The Gettysburg Gospel* he tears away a century of myths lies and legends to give us a clear understanding of

one of the greatest American s most important speeches In the aftermath of the bloodiest battle ever fought in North America the little town of Gettysburg was overwhelmed This was where Lincoln had to come to explain why the horror of war must continue Boritt shows how Lincoln responded to the politics of the time as well as how and when he wrote the various versions of his remarks Few people initially recognized the importance of the speech but over the years it would grow into American scripture acquiring new and broader meanings Based on years of scholarship as well as a deep understanding of Lincoln and of Gettysburg itself *The Gettysburg Gospel* is an indispensable book for anyone interested in the Gettysburg Address Abraham Lincoln the Civil War or American history **The Force Is with You Always!** Richard Koepke,2011-02-16 This book teaches people how Spirit operates directly in our lives today and what we must do to live life to the fullest and with malice toward none It teaches spiritual principles on how to live life with gratitude acceptance joy abundance and wellness It connects us with our eternal being within and encourages us to create our own soul music without Have we lost our way as a society In the wake of humans murdering over 100 million other humans in the past century many of us are seeking answers to the ever increasing cultural violence surrounding us From capital punishment to going postal we live in a very violent society Hardly a day passes without news of government torture prisons drive by shootings a ten year old boy murdering his father or a congresswoman being shot in the head Shocking revelations such as American government doctors using unsuspecting American citizens as human guinea pigs for decades of medical experiments further alienate the government from the people that they are supposed to serve It seems to me that we need a new vision of humanity that our faltering institutions have failed to provide I believe that we need to replace institutional blight with greater spirituality We need a new spirit of integrity that replaces the often deceitful and violent leadership we currently embrace We need to challenge the don t get mad get even mentality in our society with greater understanding for one another We need to be role models for positive reinforcement learning rather than the punishment that only teaches more violence and hatred and like the Montagues and Capulets the never ending need to seek revenge This book addresses how to live a life of health and wellness in the midst of a truly sick society *Our Wild Niche* Laurie Cookson,1999 Wouldn t it be great to be wild To be so natural and free that we could do whatever we want But we can t If our species went wild the results could be very unpleasant We might lose control Our species has allowed itself to become artificial in its efforts to be careful and considerate But what if we have made a mistake and miss the real value of wildness In nature not all animals are evolving but all of them are wild Why Evolution is survival of the wildest not survival of the fittest Being wild allows an animal to become efficient in its niche Wild species flourish in natural diversity and harmony How do they do it *Our Wild Niche* explores what it is to be wild the obstacles that stand in the way of our being wild and the human traits that will come forward when we finally do reach our wild niche It also shows how the wildness links everything together into a sensible and complete package that will give new insight into the role of our human emotions feelings instincts adaptations and desires *The Chronicles of*
