Burning the Ice Laura J. Mixon, 2002-08-17 More than a hundred years after a small band of humans stole an antimatter fueled starship and headed away at near lightspeed a colony of those renegades descendants are now struggling to survive on Brimstone a barely habitable world of ice and bitter cold four dozen light years from Earth In the long run they hope to slowly terraform Brimstone making it if not Earthlike at least bearable In the short run well life is hard and everyone lives in everyone else's laps Not easy for anyone Particularly hard if like Manda you just aren't cut out to get along with others in conditions of constant crowding and zero privacy Most people wouldn't be eager to get away from the main colony and work on a scientific project in the howling frozen wastes For Manda it's a deliverance But news of the intelligent life she discovers in Brimstone's depths will change everything if she can bring the news back to her fellows alive For it turns out there are political plots and counterplots still active in the colony dangerous twists tracing back to Earth itself and outward to the stars

Inventing the Jew Andrei Oisteanu, 2009-05-01 Inventing the Jew follows the evolution of stereotypes of Jews from the level of traditional Romanian and other Central East European cultures their legends fairy tales ballads carols anecdotes superstitions and iconographic representations to that of high cultures including literature essays journalism and sociopolitical writings showing how motifs specific to folkloric antisemitism migrated to intellectual antisemitism This comparative perspective also highlights how the images of Jews have differed from that of other strangers such as Hungarians Germans Roma Turks

Sorrow Has An Ending Rebecca Hampl, 2022-11-03 Connor and Julia Pendergrass have three children a son who is fifteen a daughter who is eleven and a younger son who is developmentally delayed Wanting nothing more to do with her family Julia abruptly walks out leaving deep crushing grief behind Even after almost a year Connor continues to struggle with incredible self-doubts that come with being a single parent Is he just being selfish in wanting to move on with his life As he contemplates how to assuage his children's devastation and anger of being abandoned by their mother he knows all too well that things are even more complicated because they are also walking the sometimes painful path of being an adolescent Unable to sustain the grueling pace of what it takes to keep his family together coupled with the long hours he works for his co-owned Construction

Company he seeks some assistance and hires a woman whom he hasn't known for very long and his children have never met. Her role is to be in his home and assist with their everyday activities including therapy for his youngest son. Was he rushing headlong toward another total disaster? Or would God bless this endeavor and allow their lives, currently devoid of joy and humor, to be returned to a state of happiness by giving their sorrow an ending.

Gertz V. Robert Welch, Inc Elmer Gertz, 1992. Elmer Gertz recalls his long battle in what legal scholars regard as the second most important libel case in legal history. Gertz v. Robert Welch, Inc. Gertz's ordeal began in Chicago during the violent peace demonstrations of 1968. A youth, Ronald Nelson, was killed by a Chicago policeman, Richard Nuccio. Gertz represented the Nelson family in civil suits against Nuccio and the Chicago police department. After Nuccio was convicted of murder, the John Birch Society published an article in its journal, *American Opinion*, claiming that Nuccio was framed by Communists. Gertz was targeted as a prime Communist instigator. After reading and studying the article, Gertz filed suit against Robert Welch, Inc., charging that it had defamed him by publishing highly harmful lies impugning his reputation and patriotism. Gertz writes in detail of his landmark case, which involved two trials, two reviews in the court of appeals, and two battles in the Supreme Court. Although the case was finally decided in April 1981, when a U.S. district court jury awarded him 100,000 compensatory damages and 300,000 punitive damages, Gertz did not receive payment until May 1983, after Robert Welch, Inc. had filed two unsuccessful appeals.

The Iron Horse in Indian Country Alessandra La Rocca Link, 2025. *The Iron Horse in Indian Country* Native Americans and Railroads in the U.S. West explores how Indigenous peoples across the trans-Mississippi West adapted to the railroad revolution of the nineteenth and early twentieth centuries. Historians have long pondered the profound and far-reaching role of railroads in transforming the United States' economic, political, social, and physical landscapes. This book decenters and reframes this work by spotlighting how Native Americans incorporated railroads into their own socio-economic, political, and cultural networks. This Indigenous process of incorporation challenges deep-seated stereotypes of Indians as either violently resisting the juggernaut of the Iron Horse or simply vanishing at the first blast of a locomotive's whistle. It begins with a study of Indigenous contributions to the Pacific Railway Surveys of the 1850s and extends through to the rise of two significant intertribal organizations: The Society of American Indians and the Native American Church. The work charts two key trends in railroad colonialism: the rise of eminent domain as the legal backing for Indigenous dispossession and the role of railroad expansion in the decision to end treaty relations between Native nations and the federal government. And yet, this book demonstrates that even as railroad-driven settler colonialism brought disease, economic displacement, and dispossession to Indigenous communities, Native peoples eventually turned the railroad into a literal and figurative vehicle of survival, appropriating and repurposing this novel technology to establish themselves as decisive actors in a modern world.
