

The Longest Wait

THE BRIEF

Dogs rescued by the American Society for the Prevention of Cruelty (ASPCA) have a far longer wait to adoption if they're spayed or neutered. In ongoing studies of the ASPCA, and the ASPCA's work with the highest percentages of dog rescues, we determined to help meet this documentation and share awareness of these dogs' plight.

THE EXECUTION

By combining time-lapse photography, waiting - and waiting - in real, domestic life, we created an unforgettable visual metaphor for the long, lonely wait unspayed/neutered dogs must face. These long-term dogs lived in a separate world as humans couldn't help but see. The contrast of these animals' plight while waiting to be adopted.

THE RESULTS

The campaign is one of the ASPCA's most successful adoption campaigns to date, leading to thousands of adoptions and rescued shelter dogs finally finding the home they deserve.

Minority Rule Ari Berman, 2024-04-23 Voting rights journalist Ari Berman has been detailing threats to our democracy for years and his new book *Minority Rule* is a timely and essential read He expertly shows how Republicans are trying to rig our political system and shares how we can fight back Hillary Clinton on X A riveting account of the decades long effort by reactionary white conservatives to undermine democracy and entrench their power and the movement to stop them The mob that stormed the Capitol on January 6 2021 represented an extreme form of the central danger facing American democracy today a blatant disregard for the will of the majority But this crisis didn t begin or end with Donald Trump s attempt to overturn the 2020 election Through voter suppression election subversion gerrymandering dark money the takeover of the courts and the whitewashing of history reactionary white conservatives have strategically entrenched power in the face of a massive demographic and political shift Ari Berman charts these efforts with sweeping

historical research and incisive on the ground reporting chronicling how a wide range of antidemocratic tactics interact with profound structural inequalities in institutions like the Electoral College the Senate and the Supreme Court to threaten the survival of representative government in America The will of the people wrote Thomas Jefferson in 1801 is the only legitimate foundation of any government But that foundation is crumbling Some counter majoritarian measures were deliberately built into the Constitution which was designed in part to benefit a small propertied upper class but they have metastasized to a degree that the Founding Fathers could never have anticipated undermining the very notion of a government of the people by the people and for the people Chilling and revelatory Minority Rule exposes the long history of the conflict between white supremacy and multiracial democracy that has reached a fever pitch today while also telling the inspiring story of resistance to these regressive efforts

Franco's Justice Julius Ruiz, 2005-07-28 Madrid became one of the key symbols of Republican resistance to General Franco during the Spanish Civil War following the Nationalists failure to take the city in the winter of 1936 7 Yet despite the defiant cries of No pasar n they did eventually pass on 28 March 1939 This book examines the consequences in Madrid of Franco s unconditional victory in the Spanish Civil War Using recently available archival material this study shows how the punishment of the vanquished was based on a cruel irony Republicans not the military rebels of July 1936 were held responsible for the fratricidal conflict Military tribunals handed out sentences for the crime of military rebellion mere passivity towards the Nationalists before 1939 was not only made a civil offence under the Law of Political Responsibilities but could cause dismissal from work and freemasons and Communists specifically blamed for the Civil War were criminalized by decree in March 1940 However contrary to much that has been written on the subject the post war Francoist repression was not exterminatory Genocide did not take place in post war Madrid While a minimum of 3113 judicial executions took place between 1939 and 1944 death sentences were largely based on accusations of participation in blood crimes that occurred in Madrid in 1936 Moreover and unlike most other accounts of the Francoist political violence this book is concerned with the question of when and why mass repression came to an end It shows that the sheer numbers of cases opened against Republican rebels and the use of complex pre war bureaucratic procedures to process them produced a crisis that was only resolved by decisions taken by the Franco regime in 1940 1 to abandon much of the repressive system By 1944 mass repression had come to an end
