Going Within To Get Out Anonymous Girl, 2013-12 the minute I picked this book up I was on an emotional rollercoaster It was the most amazing journey to find myself crying one minute and laughing the next with the author's infectious wit and undeniable honesty The diary entries are so raw and vulnerable and have been written in a way that I have never experienced before I identified with many things throughout the book and found myself recalling significant events from my own adolescent years that I believed I had blocked or forgotten about At times it felt like there was nowhere to hide the words I was reading were so confronting it felt as though they were written just for me Taking this journey with the author allowed me to deal with what was coming up for me personally and move past those feelings to a place that felt good for me With every page that I read I couldn't believe how I was not only totally enthralled in the author's personal life story but that I was actually also uncovering so much about who I am as a person at my very core It allowed me to discover the parts of myself that I didn't like or accept yet and also how to recognise this in my day to day life I have now learned to accurately identify my feelings in each moment of my day and with some conscious effort also remember to be much more kind and loving towards myself I thank the writer of this book for allowing me a glimpse into her own life through courageously sharing and exposing her soul What I have gained from reading it is without a doubt the best gift anyone could ever give

An Integrative Approach to Treating Eating Disorders Bethany C. Crowley, 2024-06-27

An Integrative Approach to Treating Eating Disorders walks therapists through how to effectively resolve the most common yet nuanced struggles that clients with disordered eating face on a daily basis. This straightforward workbook begins by demystifying the complexities and nuances of eating disorders. It then helps therapists understand the need for an integrative approach and walks them through how to assess a client's biological, psychological, social, and spiritual domains as they correlate with disordered eating behaviors and thoughts. This is accomplished with the BASIC ID assessment model and a multimodal therapy framework both created by Dr. Arnold Lazarus. Nine foundational skills are provided for clients to achieve lasting recovery and avoid the all too common relapse rate of eating disorders. Each foundational skill is presented in its own chapter, complete with data case vignettes, worksheets, and exercises developed over twenty years of research and client management. With this book, therapists both new and experienced will boost their confidence, gain practical tools, and bring more efficiency to their individual or group sessions.

Whispers of Lust Kate Bridges, 2025-06-15

I'm not scared of you. I'm scared of history repeating itself. For 21-year-old Mia, life has been a series of heartbreaks, disappointments, and buried truths. But now she's done playing it safe. Determined to find herself again, she leaves everything behind: her home, her family, her past, and sets off to start over. What she wasn't expecting: Him. The arrogant, dangerously handsome man with more secrets than smiles. The one with money, power, and a child—a life she never planned on walking into. Yet suddenly, can't walk away from. Just when Mia starts to believe she might deserve something more, something real, the past she fought to escape comes crashing back in. And this time, it's not just her heart on the line. Raw, passionate, unforgettable. This is a story about second chances, shattered trust, healing, and the kind of love that doesn't ask permission; it demands everything. 18. **WARNING:** This book contains mature themes, emotional triggers, and steamy romance.
