Dear Ann—

The scenes in the first section should be as close as you can. I believe they are the result of my return to an ecology of my childhood—after more than ten years in California—and from my riding to the shores of the sea the year before.

The scenes in section two are pretty much my most distant, though the last five were the winter that came summer in the Berkeley—San Francisco area and like the sea—my poems and poems. I hope and hope we both much love David.
