

This study of the Spanish poet whose vision and imagination are increasingly felt and appreciated is more than an essay in literary criticism. In the hands of a poet as vigorous in intuitive judgment as Roy Campbell, poetry itself becomes the center of the essay. For the purpose of his argument Mr. Campbell quotes many of Lorca's poems, and his verse translations—most of them published for the first time—are an important contribution to contemporary English poetry. They reveal a deep kinship in inspiration between the two poets, the author and the subject of this essay. The author also shares the Spaniard's values, and emphasizes what he believes was Lorca's fundamentally non-political position during the Spanish Civil War.

Author of Flowering Rife, a poem of the war in Spain, Roy Campbell has also been a fighter, and a breaker of horses in Ireland.
