The Best Letters of Lord Chesterfield Philip Dormer Stanhope, 2015-07-04 Excerpt from The Best Letters of Lord Chesterfield Letters to His Son and Letters to His Godson It is a singular fate that has overtaken Lord Chesterfield One of the more important figures in the political world of his time one of the few Lord Lieutenants of Ireland whose name was afterwards respected and admired the first man to introduce Voltaire and Montesquieu to England and the personal acquaintance of men like Addison and Swift Pope and Bolingbroke the ally of Pitt and the enemy of three Georges though he married a king's daughter and took up the task of the world's greatest emperor yet the record of his actions has passed away and he is remembered now only by an accident Lord Chesterfield lives by that which he never intended for publication while that which he published has already passed from the thoughts of men It is one more example of the fact that our best work is that which is our heart's production We have Lord Chesterfield's secret and it bears witness to the strength of that part of him in which an intellectual anatomist has declared him to be deficient a criticism which is but another proof of that which has been somewhere said of him that he has had the fate to be generally misunderstood Yet nothing is more certain than that Lord Chesterfield did not mean to be anything but inscrutable Dissimulation is a shield he used to say as secrecy is armour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
