still handed down around Oyster Bay the outline of a woman begins to emerge and with her the world she inhabited so rich in tradition and shaken by violent change Katie Kettle Gale was born into a Salish community in Puget Sound in the 1850s just as settlers were migrating into what would become Washington State With her people forced out of their traditional hunting and fishing grounds into ill provisioned island camps and reservations Katie Gale sought her fortune in Oyster Bay In that early outpost of multiculturalism where Native Americans and immigrants from the eastern United States Europe and Asia vied for economic social political and legal power a woman like Gale could make her way As Llyn De Danaan mines the historical record we begin to see Gale a strong willed Native woman who cofounded a successful oyster business then won the legal rights from her Euro American husband a man with whom she had raised children but who ultimately made her life unbearable Steeped in sadness with a lost home and a broken marriage children dying in their teens and tuberculosis claiming her at forty three Katie Gale s story is also one of remarkable pluck a tale of hard work and ingenuity gritty initiative and bad luck that is ultimately essentially American

Ancestral Mounds Jay Miller, 2015-12-01 Ancestral Mounds deconstructs earthen mounds and myths in examining their importance in contemporary Native communities Two centuries of academic scholarship regarding mounds have examined who what where when and how but no serious investigations have addressed the basic question why Drawing on ethnographic and archaeological studies Jay Miller explores the wide ranging themes and variations of mounds from those built thousands of years ago to contemporary mounds focusing on Native southeastern and Oklahoma towns Native peoples continue to build and refurbish mounds each summer as part of their New Year s celebrations to honor and give thanks for ripening maize and other crops and to offer public atonement The mound is the heart of the Native community which is sustained by song dance labor and prayer The basic purpose of mounds across North America is the same to serve as a locus where community effort can be engaged in creating a monument of vitality and a safe haven in the volatile world

The Rediscovery of the Wild Peter H. Kahn, Jr., Patricia H. Hasbach, 2013-01-25 A compelling case for connecting with the wild for our psychological and physical well being and to flourish as a species We often enjoy the benefits of connecting with nearby domesticated nature a city park a backyard garden But this book makes the provocative case for the necessity of connecting with wild nature untamed unmanaged not encompassed self organizing and unencumbered and unmediated by technological artifice We can love the wild We can fear it We are strengthened and nurtured by it As a species we came of age in a natural world far wilder than today s and much of the need for wildness still exists within us body and mind *The Rediscovery of the Wild* considers ways to engage with the wild protect it and recover it for our psychological and physical well being and to flourish as a species The contributors offer a range of perspectives on the wild discussing such topics as the evolutionary underpinnings of our need for the wild the wild within including the primal passions of sexuality and aggression birding as a portal to wildness children s fascination with wild animals wildness and psychological healing the shifting baseline of what we consider wild and the true work of conservation

Respect and

Responsibility in Pacific Coast Indigenous Nations E. N. Anderson, Raymond Pierotti, 2022-10-12 This book examines ways of conserving managing and interacting with plant and animal resources by Native American cultural groups of the Pacific Coast of North America from Alaska to California These practices helped them maintain and restore ecological balance for thousands of years Building upon the authors and others previous works the book brings in perspectives from ethnography and marine evolutionary ecology The core of the book consists of Native American testimony myths tales speeches and other texts which are treated from an ecological viewpoint The focus on animals and in depth research on stories especially early recordings of texts set this book apart The book is divided into two parts covering the Northwest Coast and California It then follows the division in lifestyle between groups dependent largely on fish and largely on seed crops It discusses how the survival of these cultures functions in the contemporary world as First Nations demand recognition and restoration of their ancestral rights and resource management practices
