Creole Societies in the Portuguese Colonial Empire

Philip J. Havik, Malyn Newitt, 2015-10-13 In 2004 a conference was held at King's College London to commemorate the centenary of the birth of Charles Boxer The theme of the conference was the development of the culturally mixed Portuguese societies in Asia Africa and America which reflected Boxer's own interest in the social history of Portugal's overseas empire Although the conference papers were published by Bristol University this volume is long out of print and the outstanding quality of many of the contributions has made it necessary for this collection to be republished Portuguese overseas expansion over a period of five centuries led to the formation of many mixed or creole communities which drew culturally not only on Portugal but also on indigenous societies This cross cultural interaction gave rise to a creole Portuguese identity that in many cases outlasted the formal empire itself Reflecting upon the main tenets of Boxer's work this collection provides a broad geographical perspective upon areas of Portuguese presence in Guinea Cape Verde Angola São Tomé Brazil and Goa The chapters cover a wide range of social strata including plantation slave and maroon communities private settler traders and

pirates indigenous trade diasporas and Luso African Luso Brazilian and Afro Brazilian groups as well as the formation of Creole elites against the background of shifting racial gender ethnic linguistic and religious boundaries As such this collection represents an exercise in subaltern history which shows that the informal social relations were often more important in the long term than the formal structures of empire **Lusophone Africa** Fernando Arenas,2011 Situates the cultures of Portuguese speaking Africa within the postcolonial global era **Des Empires en carton** Nadia

Design in the Borderlands Eleni Kalantidou,Tony Fry,2014-05-09 This book makes a significant contribution to advancing post geographic understandings of physical and virtual boundaries It brings together the emergent theory of border thinking with innovative thinking on design and explores the recent discourse on decoloniality and globalism From a variety of viewpoints the topics engaged show how design was historically embedded in the structures of colonial imposition and how it is implicated in more contemporary settings in the extension of epistemological colonialism The essays draw on perspectives from diverse geo cultural and theoretical positions including architecture design theory and history sociology critical theory and cultural studies The authors are leading and emergent figures in their fields of study and practice and the geographic scope of the chapters ranges across Europe the Middle East Africa South America Asia and the Pacific In recognition of the complexity of challenges that are now determining the future security of humanity Design in the

Borderlands aims to contribute to thinking futures by adding to the increasingly significant debate between design in the context of the history of Western modernity and decolonial thought *Diaspora*, 2002 **Médias, pouvoirs et identités**

PATRAQUIM Luis Carlos, 2005-09-01 Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que se expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques mergentes etc. Introduit par un beau texte de l'érivain mozambicain Luis Carlos Patraquin ce dossier ne présente pas l'exhaustivité. Mais en une dizaine d'articles d'auteurs de nationalités britannique française mozambicaine et portugaise il offre une clé supplémentaire d'approche du puzzle lusophone **Médias, pouvoir et identités**. A l'aire de la mondialisation le fait linguistique est marchandisé de manière croissante. Ainsi le marché des feuillets britanniques telenovelas s'est brusquement largi et tend à devenir un phénomène lusophone majeur. Si personne ne nie l'influence croissante que le gaïtant britannique acquiert dans l'aire dessinée par la pratique du portugais la quatrième langue européenne la plus parlée dans le monde le phénomène produit une uniformisation tendancielle des pays de langue portugaise. L'analyse des médias démontre certes des phénomènes de rapprochement provoqués par la communauté de langue mais renforce aussi l'impression que chaque pays reste surtout influencé par son aire d'insertion propre. La lusophonie demeure une aire spécifique d'intersection avec d'autres identités et n'est pas en tant que telle une aire culturelle. Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que se expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques mergentes etc. Bien entendu la vitalité des médias sera plus forte lorsqu'un mouvement social a imposé une véritable pluralité politique c'est en effet pour quoi l'Angola n'est pas directement présent dans ce dossier mais si certaines initiatives le plus souvent restreintes à la capitale sont prometteuses. En revanche les vitalités portugaise britannique capverdienne et mozambicaine apparaissent pleinement quand il s'agit de la troisième vision de générations journalistiques du développement d'internet notamment au Cap Vert l'archipel de tous les réseaux. Introduit par un beau texte de l'érivain mozambicain Luis Carlos Patraquin ce dossier ne présente pas l'exhaustivité. Mais en une dizaine d'articles d'auteurs de nationalités britannique française mozambicaine et portugaise il offre une clé supplémentaire d'approche du puzzle lusophone **Les organisations non gouvernementales en lusophonie**.

Lusotopie, 2002-01-01 Au-delà des impossibles missions entre développement durable aide d'urgence et services aux communautés en question de statut et de légitimité la charnière entre l'Etat et les populations les ONG sont aujourd'hui victimes de leur popularité et de leur montée en puissance nationales ou transnationales ONG de développement d'urgence ou humanitaire elles sont nombreuses sur la scène des pays en développement. Pourtant leur rôle et la place qu'elles occupent dans de nombreux domaines de l'action publique les rendent aujourd'hui suspectes de contribuer à l'affaiblissement de l'Etat et de se laisser transformer en instruments du néolibéralisme dominant. Qu'en est-il de ce débat en Europe mais aussi dans les pays de l'aire lusophone Portugal Mozambique Angola Brésil où la société civile est partout appellée à se mobiliser contre la pauvreté et
