Juice and handle things like a boss Emerald and Ezra's relationship is like a match made in heaven Ezra is everything that Emerald imagined he would be and more Even with that being the case Emerald is holding on to a secret that could change their lives forever Going back to Cali for Hollywood's graduation is not something that Emerald is looking forward to especially since she still hasn't spoken to him With Ezra by her side she is comfortable but still walking on eggshells Yes Ezra is the boss of all bosses but Emerald reminds you why she is the low key boss Taylin has a lot going on these days Juggling two guys that want her she can't decide which one to choose When McKinley expresses his feelings for her it makes her think twice about ending their relationship But Nosa He is the perfect guy Taylin is stuck between a rock and a hard place trying to decide who she will ultimately give her love to After her run in with McKinley and Kaneshia it becomes easier to abandon her feelings for McKinley and give things with Nosa a chance but a pop up visit to New York could change everything Hollywood is slowly turning into a young man yet staying true to his real self His friendship with Lexi has remained constant but everything changes in the blink of an eye He has never known what love feels like so he isn't sure if that's what he feels for her or not Though his mind isn't sure his actions show it but seeing Stormy could either unravel or tighten his bond with Lexi Hollywood isn't the only one with a love triangle going one of his ladies has a triangle of her own In the final installment of *Infatuated by a Low Key Boss* half truths will be told secrets will be revealed and gunshots will ring out When the smoke clears bodies will be on the ground but whose H Town is where it all began so that is where it will end

**Oil and Water** Andrea Miller, Shearon Roberts, Victoria Lapoe, 2014-04-18 Along the Gulf Coast history is often referenced as pre Katrina or post Katrina However the natural disaster that appalled the world in 2005 has been joined by another catastrophe this one man made the greatest environmental and maritime accident of all time the Deepwater Horizon Oil Spill In less than five years the Gulf Coast has experienced two colossal disasters very different yet very similar And these two equally complex crises have resulted in a steep learning curve for all but especially the journalists covering these enduring stories In *Oil and Water* the authors explore the media fed experiences the visuals and narratives associated with both disasters Katrina journalists have reluctantly had to transform into oil spill journalists The authors look at this process of growth from the viewpoints not only of the journalists but also of the public and of the scientific community Through a detailed analysis of the journalists' content the authors tackle significant questions This book assesses the quality of journalism and the effects that quality may have on
