**Luther's Works** Martin Luther, 1964      *The Promise of Martin Luther's Political Theology* Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther's thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther's corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism      [Luther's Works - Volume 27](#) Martin Luther, 1968-05-10 About this Volume These lectures give eloquent evidence of Luther's determined espousal of the doctrine of justification by faith In 1531 the Reformer's position on this cardinal doctrine was identical to what he had set forth in his earlier series of lectures Even so a sharp difference is discernible to a careful reader The Luther of 1535 has at his command far greater simplicity and pungency of expression than one finds in the work he compiled in 1519 With the passing of the years the Reformer grew in knowledge and exegetical skill It is not surprising therefore that the lectures he delivered at a later period in his life overshadow the former series in popularity as well as in significance His Lectures on Galatians reflect this development About the Series Luther's Works The American Edition published by Concordia and Fortress Press between 1955 and 1986 comprises fifty five volumes These are a selection representing only about a third of Luther's works in the Latin and German of the standard Weimar Edition not including the German Bible      *Luther's Works* Martin Luther, 1963 Thoroughly researched and faithfully translated the Luther's Works series consists of Martin Luther's Bible commentaries sermons prefaces postils disputations letters theology and polemics translated and published in English for the first time Luther's Works Volume 27 Lectures on Galatians Chapters 5 6 is the second of two volumes dedicated to Luther's lectures on Galatians      *Luther's Works* Martin Luther, 1964      *The Freedom of Christian Theology* Piotr J. Malysz, R. David Nelson, 2024-12-15 Eberhard Jüngel 1934-2021 belongs to the most creative wide ranging rigorous and demanding voices in twentieth century Protestant theology Over a long and distinguished career Jüngel grappled with topics such as revelation

responsible talk about God God's triunity Christology the nature of theological language analogy divine and human freedom love atheism and theological approaches to the state In all this he had followed perceptively yet critically in the footsteps not only of Martin Luther but also of G W F Hegel Dietrich Bonhoeffer Rudolf Bultmann Martin Heidegger and Karl Barth Despite the diversity of their own backgrounds and interests the contributors to *The Freedom of Christian Theology New Studies in Dialogue with Eberhard Jüngel* all share the conviction that Jüngel's legacy lends itself to the same kind of constructive engagement that Jüngel himself practiced The essays offered here bring Jüngel's many sided contributions to bear on the theological philosophical and social challenges of today Each is an attempt to grapple in the spirit of Eberhard Jüngel with the mysteries of today's world which no less demand analytical care and penetrating insight As an ongoing conversation with Jüngel the essays model the freedom and joy of Christian theology to reflect on the world's complexities out of the riches of the Christian tradition

*Philosophical Essays Against Open Theism* Benjamin H. Arbour, 2018-09-03 This new collection of philosophically rigorous essays critiques the interpretation of divine omniscience known as open theism focusing primarily on philosophically motivated open theism and positing arguments that reject divine knowledge of future contingents in the face of the dilemma of freedom and foreknowledge The sixteen new essays in this collection written by some of the most renowned philosophers on the topic of divine providence represent a philosophical attempt to seriously consider open theism They cover a wide variety of issues including the ontology of time systematic metaphysics perfect being theology the Christian doctrine of the Incarnation the problem of evil and the nature of divine knowledge in general *Philosophical Essays Against Open Theism* advances the discussion by wrestling against the assertions of open theism and will be of interest to both proponents and opponents of this controversial issue

***By Gospel Alone*** David Menendez, 2018-09-18 The present work pursues an apologetic plea on behalf of the gospel It would seem to many that the gospel is doing just fine and we need to concentrate on other very pressing and important issues such as missions evangelism social justice moral transformation and change just to name a few But it will be our argument that no matter how good it may be with the gospel and how many other pressing issues may exist the church must continually articulate the gospel as the ever pressing need of the day And by gospel we mean the doctrine of Christ's perfect God pleasing life as empowered by the Spirit under the law in order to be the Father's incarnate Lamb of God who takes away sin by his atoning reconciling death for the justification of sinners by faith alone without their works merits or obedience before God It is the doctrine of faith grace and Christ alone in order to be thus received and embraced by the lavish abundant and unconditional loving mercy of the triune God Furthermore we want to show that the Gospel provides a very practical framework to live in communion with God and with one another It is indispensable for living and for living such a life as it is daily delivered by God unto us sinners in the communication and apprehension of the Gospel as undeserved and unconditional yet efficacious and transforming gift

*Christification* Jordan Cooper, 2014-07-18 The doctrine of theosis has enjoyed a recent resurgence among varied theological traditions across the

realms of historical dogmatic and exegetical theology In *Christification A Lutheran Approach to Theosis* Jordan Cooper evaluates this teaching from a Lutheran perspective He examines the teachings of the church fathers the New Testament and the Lutheran Confessional tradition in conversation with recent scholarship on theosis Cooper proposes that the participationist soteriology of the early fathers expressed in terms of theosis is compatible with Luther's doctrine of forensic justification The historic Lutheran tradition Scripture and the patristic sources do not limit soteriological discussions to legal terminology but instead offer a multifaceted doctrine of salvation that encapsulates both participatory and forensic motifs This is compared and contrasted with the development of the doctrine of deification in the Eastern tradition arising from the thought of Pseudo Dionysius Cooper argues that the doctrine of the earliest fathers such as Irenaeus Athanasius and Justin is primarily a Christological and economic reality defined as Christification This model of theosis is placed in contradistinction to later Neoplatonic forms of deification **Faith Alone---The Doctrine of Justification** Thomas R. Schreiner, 2015-09-15

Renowned biblical scholar Thomas Schreiner looks at the historical and biblical roots of the doctrine of justification and offers an updated defense of this pillar of Reformed theology *Reinvigorating one of the five great declarations of the Reformation sola fide* Schreiner Summarizes the history of the doctrine looking at the early church and the writings of several of the Reformers Walks readers through an examination of the key biblical texts in the Old and New Testament that support the Reformed understanding of justification Discusses whether justification is transformative or forensic and introduces readers to some of the contemporary challenges to the Reformation teaching of sola fide with particular attention to the new perspective on Paul Five hundred years after the Reformation the doctrine of justification by faith alone still needs to be understood and proclaimed In *Faith Alone* you will learn how the rallying cry of sola fide is rooted in the Scriptures and how to understand this doctrine in a fresh way **THE FIVE SOLAS** Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God's glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches

*The Unbounded Community* William Caferro, 1996 Presented to Jaroslav Pelikan by 12 of his former students in honor of his 70th birthday this festschrift contains 10 papers drawn from an April 1994 conference at Yale University Topics include Anglo Saxon monasticism and the public suitability of the Rule of St Benedict Dante and the problem of Byzantium and Thomas More and Vaclav Havel on social and personal integrity Includes a bibliography of the professor's work No index Annotation copyright by Book News Inc Portland OR *Around the Table* Jonathan P. Case, 2019-06-21 In these days of

uncivil public discourse complete with trolling hater comments CAPSLOCKING and generally acting like jerks towards each other talking graciously about anything is becoming a lost art Throw religion into the mix Well my Bible says and you ve got one huge toxic mess Is it possible for Christians to become more thoughtful and gracious conversation partners as we talk through our theological disagreements How can we keep from throwing around the term heretic every time someone disagrees with us And remember it s a big world out there If arguing with other Christians isn t difficult enough how do we think about engaging members of other religions What s the point of talking with them They don t know God anyway right Then there are all those agnostics and atheists accusing believers of ignorance and calling for the end of religion Why should we even want to talk with these people Aren t they our enemies What can we possibly learn from them In this book Jonathan Case explores from a Christian theological perspective what s at stake in these conversations and suggests how to keep people talking through their disagreements about that most volatile subject God

**Toward a Better Worldliness** Terra Schwerin Rowe, 2017-04-01 Five hundred years ago the Protestant Reformation inspired profound theological ecclesial economic and social transformations But what impact does the Protestant tradition have today And what might it have This volume addresses such questions focusing on the economic and ecological implications of the Protestant doctrine of grace In the late twentieth century a number of Protestant scholars countered Max Weber s famous work on Protestantism and capitalism by arguing that Calvin and Luther were prophetic critics of early capitalist practices While acknowledging the importance of this scholarship Terra Rowe argues that a more nuanced approach is necessary This narrative tends to purify Protestantism of capitalist beginnings and does not account for compelling arguments articulated by proponents of Radical Orthodoxy tying Protestantism and Protestant grace in particular to capitalism These debates now emerge with increasing urgency in the face of growing economic injustice and overwhelming evidence of an ecologically unsustainable economic system demonstrated most potently by climate change In the spirit of ecotheologies resonating with the best of the Reformation tradition this book develops a fresh reading of Luther s theology of grace and his economic ethics in conversation with current reflections on concepts of the gift and gifting practices

*The Grace of Christ* Eric Roessing, 2016-07-29 Martin Luther and other Reformers were instruments in Gods hand to recover the gospel in the Holy Scriptures Nevertheless it is an irony that along with the gospel there was still law in the sense of law as rule of life in the teaching of the Reformers On the issue of the law even Luther was not as consistent as was Paul the apostle In *The Grace of Christ* the saving righteousness of God which justifies the ungodly in Christ and frees us from trusting in our righteousness is given its central place as it is in the gospel of God Rom 1 1ff At the same time the new creation in Christ is also given its rightful due Following the apostles teaching in terms of what Paul means by both justification and new creation in Christ *The Grace of Christ* like no other book shows that both of these realities exclude any idea of the law of Moses as the rule of life for those in Christ Paul is not an antinomian The new creation in Christ is our rule Gal 6 15 16 Roessing does not base his

position on only this one text but rather shows how Paul consistently teaches this truth in many places and ways even though the flesh rejects it And Roessing is not alone in this view he is close to that of Gerhard O Forde and even closer to that of Wolfhart Pannenberg But this issue of the believers rule is just one of the aspects of grace covered in The Grace of Christ For those who want to learn something of the depth of the things freely given us by God The Grace of Christ the law in light of the Gospel sets forth those things so that the spiritually hungry will want to behold the grace of God in Christ as he is set forth in these pages and to return again for more

**The Great Divide** Jordan Cooper,2015-08-27 Since the sixteenth century the Protestant tradition has been divided The Reformed and Lutheran reformations though both committed to the doctrine of the sinners justification by faith alone split over Zwingli and Luther s disagreement over the nature of the Lord s Supper Since that time the Reformed and Lutheran traditions have developed their own theological convictions and continue to disagree with one another It is incumbent upon students of the reformation in the Lutheran and Reformed traditions to come to an understanding of what these differences are and why they matter In The Great Divide A Lutheran Evaluation of Reformed Theology Jordan Cooper examines these differences from a Lutheran perspective While seeking to help both sides come to a more nuanced understanding of one another and writing in an irenic tone Cooper contends that these differences do still matter Throughout the work Cooper engages with Reformed writers both contemporary and old and demonstrates that the Lutheran tradition is more consistent with the teachings of Scripture than the Reformed

**Run to Win the Prize** Thomas R. Schreiner,2010-05-05 Scripture s commands to persevere and warnings of the consequences if we fail have been met with apathy by some and led others to doubt the state of their salvation The fearful and eternal nature of these issues warrants careful examination of what the Bible says about perseverance Thomas Schreiner once again tackles this difficult topic in Run to Win the Prize Clarifying misunderstandings stemming from his more detailed treatment in The Race Set Before Us IVP 2001 Schreiner draws together an illuminating overview of biblical teaching on the doctrine of perseverance Schreiner details how God directs the collective warnings and exhortations of Scripture toward believers as a means of preservation We are to think of the call to persevere in light of the initial call to faith both agents by which God leads us to final salvation Those looking for a general treatment of the doctrine of perseverance will profit from the challenges and assurances in Run to Win the Prize

**Autism, Humanity and Personhood** Jennifer Anne Cox,2017-05-11 Theological anthropology is charged with providing an understanding of the human but there are numerous challenges to this Autism is a pervasive developmental disorder the main characteristic of which is difficulty in social interaction In its severest form a person with low functioning autism may be both intellectually impaired and unable to relate to others as persons Theological anthropology can exclude people who are cognitively impaired because it has historically upheld reason as the image of God Recent theology of intellectual disability has bypassed this difficulty by emphasising relationality as the image of God However this approach has the unfortunate consequence of excluding people with severe low functioning autism This calls

for a new approach to theological anthropology Autism Humanity and Personhood provides a Christ centred inclusive anthropology which does not exclude people with severe autism The book takes a conservative evangelical approach to severe autism and the challenges it poses to theological anthropology It considers significant aspects of salvation history creation incarnation atonement and resurrection in order to build a solid theological foundation for an inclusive theological anthropology As long as we look within the individual it is difficult to find a solid basis for the humanity of people who are severely intellectually and developmentally impaired Instead of trying to ground humanity and personhood within the individual with autism the book outlines an extrinsic basis for theological anthropology That extrinsic basis is the gift of humanness and personhood from Jesus Christ who alone is fully human and the true image of God Jesus has overcome sin and death which have wreaked havoc on the human person Therefore his incarnate life death and resurrection are more than enough basis to declare that people with the most severe intellectual and developmental impairment are truly human persons

*Demythologizing Revelation* Chester O'Gorman, 2019-05-24 What is revelation Is it still relevant in the twenty first century In the twentieth century radical theologian Rudolf Bultmann sought an answer by demythologizing scripture and Christian tradition Most philosophers and theologians agree that he failed adequately to demythologize revelation through his notion the kerygma In *Demythologizing Revelation A Critical Continuation of Rudolf Bultmann's Project* Chester O Gorman corrects this shortcoming to continue Bultmann's project demythologizing Jesus Christ as revelation through the philosophy of Slavoj i ek Drawing support from other notable thinkers including Judith Butler Thomas Altizer Albert Camus Rene Girard and Martin Luther O Gorman proffers a non supernatural account and theory of revelation This theory enables both Christians and atheists to identify sites of revelation today so that all might better understand and participate in its ongoing liberation of humanity from sin and oppression for the sake of all creation **What Is My Calling?** William W. Klein, Daniel J. Steiner, 2022-04-12 Many people are confused about God's call on their lives What does it mean to have a calling Is everyone called to something This book clears up the confusion and articulates a whole life vision for calling Our calling is not a mystery waiting to be discovered but applies to a range of experiences and challenges we are called to faithfulness in Christ in every dimension of our lives The authors defend a thoroughly biblical and theological understanding of calling empowering Christians to live faithfully as God's people in whatever circumstances they find themselves

**Sacramental Streams** Richard Davenport, 2025-02-04 The church has long seen baptism as one of the means by which God delivers his grace to his people Many passages in the New Testament detail the value of baptism and indicate its status as one of the primary gifts God gives At the same time Jesus conversation with Nicodemus indicates the benefits of baptism should already be evident The early church understood this and saw that God had been preparing his people for the sacrament from the very beginning This book goes back through the Old Testament to draw on the various themes God has presented to inform and instruct his people about the sacrament he would later institute By examining these themes in detail

it is shown that though baptism is a one time event in the life of the Christian the baptized continue to receive its benefits. Baptism not only functions as an ongoing means of God's grace but as the means by which God shapes his people into the holy nation he has called them to be.
