**Luther (Complete)** Hartmann Grisar,2020-09-28 On July 16 1505 Martin Luther then a student at the University of Erfurt invited his friends and acquaintances to a farewell supper He wished to see them about him for the last time before his approaching retirement to the cloister The bright cheerful young fellow as his later pupil Mathesius calls him was a favourite in his own circle Those assembled to bid him farewell amongst whom were also honest virtuous maidens and women were doubtless somewhat taken aback at their friend s sudden determination to leave the world but Luther was outwardly beyond measure cheerful and showed himself so light of heart that he played the lute while the wine cup circled round On the following morning it was the feast of St Alexius as Luther remembered when an old man some of his fellow students accompanied him to the gate of the Augustinian monastery and then with tears in their eyes saw the doors close upon him The Prior who was already apprised of the matter greeted the timid new comer embraced him and then in accordance with the Rule confided him to the Master of

Novices to be initiated into the customs of the community In the quiet monastic cell and amid the strange new surroundings the student was probably able little by little to master the excitement which though hidden from outsiders raged within his breast for the determination to become a monk had been arrived at under strange soul stirring circumstances He was on his way back to Erfurt after a visit to his parents house when near Stotternheim he was overtaken by a thunderstorm and as a flash of lightning close beside him threatened him like a heavenly vision he made the sudden vow Save me dear St Anne and I will become a monk He appears also at that very time to have been reduced to a state of great grief and alarm by the sudden death of a dear comrade also a student who had been stabbed either in a quarrel or in a duel Thus the thoughts which had perhaps for long been attracting his serious temperament towards the cloister ripened with overwhelming rapidity Could we but take a much later assertion of his as correct the reason of his resolve was to be found in a certain vexation with himself because he despaired of himself he once says therefore did he retire into the monastery
