Spirituality, Love Relationships, Sexuality and Moral Correctness Vladimir Živković, 2024-03-19

The book was written based on the real experiences and cognitions of the author. Many topics are covered in this book. The problems and misconceptions of contemporary spirituality are exposed. The author described the truth about God, love, and the meaning of life in an unusual but simple way. The topics of men and women were touched upon in which way both sexes make mistakes and make life difficult for themselves in terms of love and sex. Constructive solutions and suggestions are given regarding modern love relationships, morality, and sexuality. The book does not provide a template as many books do. This book provides guidance and highlights a wide range of possibilities and consequences that the worldly focused person does not count on or pay attention to. As soon as there is no pattern, it means that the decision is yours, but your decision will be correct and fruitful because of this book. We will mention only some of the topics covered in detail in this book: misconceptions of modern people, happiness in love relationships, the truth about God, karma, and moral correctness, enlightenment and spiritual awakening, the meaning of life and creation, positive living of sexuality, seduction, engagement, and marriage, fostering self-esteem, dignity, and self-worth, emotional healing and emotional intelligence, spiritual experiences, and knowledge of God, traps of the mind, developing character traits, and knowledge of God's attributes, dangers, and misconceptions of social networks and atheism, and much more. You just need to research and process the information from the book and go on your own joyfully through life. Don't let some unpleasant statements from the book upset you. However, you decide for yourself and you know what you want. The book is precisely intended for you to live more correctly and happily and act with meaning. Good luck.

Sexuality in Close Relationships Kathleen McKinney, Susan Sprecher, 2014-05-22

This is one of the first volumes to examine the interface between research undertaken in sexuality and that in close relationships from a social psychological perspective. Experts from several different disciplines offer chapters that contain theory, extant literature, and their own original research on such topics as jealousy, extradyadic sexuality, communication, love, and sexual coercion. Aimed at a fairly wide audience, this book will be of interest to students, faculty, and other professionals in social psychology, sociology, communication, and family and women's studies. It is also a valuable source of information for teachers, researchers, and clinicians working in the areas of human sexuality and/or close relationships.
