## **Lying About Hitler History Holocaust And The David Irving Trial:**

Telling Lies about Hitler Richard J. Evans, 2002 Richard J Evans worked on the historical evidence on behalf of the defence during the Irving libel trial In *Telling Lies about Hitler* the author discusses the importance of historical writing and the social role of historians in such trials

**Lying About Hitler** Richard J. Evans, 2008-08-04 In ruling against the controversial historian David Irving in his libel suit against the American historian Deborah Lipstadt last April 2000 the High Court in London labeled him a falsifier of history No objective historian declared the judge would manipulate the documentary record in the way that Irving did Richard J Evans a Cambridge historian and the chief advisor for the defense uses this pivotal trial as a lens for exploring a range of difficult questions about the nature of the historian's enterprise For instance don't all historians in the end bring a subjective agenda to bear on their reading of the evidence Is it possible that Irving lost his case not because of his biased history but because his agenda was unacceptable The central issue in the trial as for Evans in this book was not the past itself but the way in which historians study the past In a series of short sharp chapters Richard Evans sets David Irving's methods alongside the historical record in order to illuminate the difference between responsible and irresponsible history The result is a cogent and deeply informed study in the nature of historical interpretation

*Lying About Hitler* Richard Evans, 2002-04-18 In ruling against the controversial historian David Irving whose libel suit against the American historian Deborah Lipstadt was tried in April 2000 the High Court in London labeled Irving a falsifier of history No objective historian declared the judge would manipulate the documentary record in the way that Irving did Richard J Evans a Cambridge historian and the chief adviser for the defense uses this famous trial as a lens for exploring a range of difficult questions about the nature of the historian's enterprise
