Lyrics For The Bride Of God 1st Edition:

The Embattled Lyric Nathaniel Tarn, 2007 This book has two main subjects which are interwoven the attitudes of selected poets including Neruda Rilke Breton Celan and Artaud to the primitive and the archaic studied from an anthropologist's viewpoint and a model of the processes whereby poetry is produced and received built on the author's successful careers as both poet and anthropologist The book includes detailed biographical information about how Tarn went from being a French to an English to an American poet It also reveals the effect of a double career and of these moves on a unique body of poetry and theoretical work An extremely substantial interview serving also as an introduction to and discussion of the essays demonstrates that there is nothing like this work to be found elsewhere AB Bookman's Weekly ,1996 Goethe's Lyric Poems in English Translation After 1860 Stella M. their share of critical acclaim and study A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs from the ever popular A Chorus Line and Rent to more off beat productions like Avenue Q and Little Shop of Horrors And while it remains to be seen if other popular Off Broadway shows like Stomp Blue Man Group and Altar Boyz will make it to the larger Broadway theaters their Off Broadway runs have been enormously successful in their own right This book discusses more than 1 800 Off Broadway Off Off Broadway showcase and workshop musical productions It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal selected musicals that opened in Brooklyn and in New Jersey and American operas that opened in New York along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan The typical entry includes the name of the host theater or theaters the opening date and number of performances the production s cast and creative team a list of songs a brief plot synopsis and general comments and reviews from the New York critics Besides the individual entries the book also includes a preface a bibliography and 21 appendices including a discography filmography a list of published scripts and lists of musicals categorized by topic and composer **Shades of Difference** Sujata Iyengar, 2013-04-12 Was there such a thing as a modern notion of race in the English Renaissance and if so was skin color its necessary marker In fact early modern texts described human beings of various national origins including English as turning white brown tawny black green or red for any number of reasons from the effects of the sun's rays or imbalance of the bodily humors to sexual desire or the application of makeup It is in this cultural environment that the seventeenth century London Gazette used the term black to describe both dark skinned African runaways and dark haired Britons such as Scots who are now unquestioningly conceived of as white In Shades of Difference Sujata Iyengar explores the cultural mythologies of skin color in a period during which colonial expansion and the slave trade introduced Britons to more dark skinned persons than at any other time in their history Looking to texts as divergent as sixteenth century Elizabethan erotic verse seventeenth century lyrics and Restoration prose romances Iyengar considers the construction of race during the early modern period without oversimplifying the emergence of race as a color coded classification or a black white opposition Rather race embodiment and skin color are examined in their multiple contexts historical geographical and literary Iyengar engages works that have not previously been incorporated into discussions of the formation of race such as Marlowe s Hero and Leander and Shakespeare s Venus and Adonis By rethinking the emerging early modern connections between the notions of race skin color and gender Shades of Difference furthers an ongoing discussion with originality and impeccable scholarship Marrying Jesus in Medieval and **Early Modern Northern Europe** Rabia Gregory, 2016-09-17 The first full length study of the notion of marriage to Jesus in late medieval and early modern popular culture this book treats the transmission and transformation of ideas about this concept as a case study in the formation of religious belief and popular culture Marrying Jesus in Medieval and Early Modern Northern Europe provides a history of the dispersion of theology about the bride of Christ in the period between the twelfth

and seventeenth centuries and explains how this metaphor initially devised for a religious elite became integral to the laity s pursuit of salvation Unlike recent publications on the bride of Christ which explore the gendering of sanctity or the poetics of religious eroticism this is a study of popular religion told through devotional media and other technologies of salvation Marrying Jesus argues against the heteronormative interpretation that brides of Christ should be female by reconstructing the cultural production of brides of Christ in late medieval Europe A central assertion of this book is that by the fourteenth century worldly sexually active brides of Christ both male and female were no longer aberrations Analyzing understudied vernacular sources from the late medieval period including sermons early printed books spiritual diaries letters songs and hagiographies Rabia Gregory shows how marrying Jesus was central to late medieval lay piety and how the chaste bride of Christ developed out of sixteenth century religious disputes **Exploring Worship Third Edition** Bob Sorge ,2018-08-27 EXPLORING WORSHIP is a 240 page textbook that gives worshipers a balanced theology of worship and trains your worship team in the art of leading worship This book covers all the bases both devotional and practical Equip them with one of the most comprehensive tools available today for worship leaders musicians songwriters and singers First written in 1986 Bob completely rewrote the book in 2018 producing this THIRD EDITION This new edition is stronger than ever and relevant for today s changing worship landscape Used as a text internationally Exploring Worship is a must read for worshipers It lays a scriptural foundation for understanding what praise and worship really is and then provides a practical framework for implementing praise and worship in the local church This is one of the foremost worship texts used today by Bible Schools The Publishers Weekly ,1926 Universities and local church worship ministries The Writings of Medieval Women Marcelle Theibaux, 2013-06-17 Royal and saintly women are well represented here with the welcome addition of women from the Mediterranean arc Garland has done a solid job of presenting this book Arthuriana The Anthology gives a fine sense of the great range of women's writing in the Middle Ages Medium Aevum The Writings of Medieval Women Marcelle Thiebaux, 2019-05-23 Published in 1994 The period surveyed in this anthology extends from the eve of Christianity's triumph in the third century to the new age of expansion in the fifteenth century an age marked by the advent of printing pressed the European discovery of the Caribbean islands which Columbus called the Indies the relentless stripping of medieval altars by Church reformists and perhaps a diminution of female autonomy Made Flesh Kimberly Johnson, 2014-03-05 During the Reformation the mystery of the Eucharist was the subject of contentious debate and a nexus of concerns over how the material might embody the sublime and how the absent might be made present For Kimberly Johnson the question of how exactly Christ can be present in bread and wine is fundamentally an issue of representation and one that bears directly upon the mechanics of poetry In Made Flesh she explores the sacramental conjunction of text with materiality and word with flesh through the peculiar poetic strategies of the seventeenth century English lyric Made Flesh examines the ways in which the works of John Donne George Herbert Richard Crashaw Edward Taylor and other devotional poets explicitly engaged in issues of signification sacrament worship and the ontological value of the material world Johnson reads the turn toward interpretively obstructive and difficult forms in the seventeenth century English lyric as a strategy to accomplish what the Eucharist itself cannot the transubstantiation of absence into perceptual presence by emphasizing the material artifact of the poem At its core Johnson demonstrates the Reformation debate about the Eucharist was an issue of semiotics a reimagining of the relationship between language and materiality The self asserting flourishes of technique that developed in response to sixteenth century sacramental controversy have far reaching effects persisting from the post Reformation period into literary postmodernity Worship, Warfare and Intercession , The People's Cyclopedia of Universal Knowledge William Harrison De Puy,1883
