M E A Portrayal Of Emily Carr:

Artist Emily Carr and the Spirit of the Land Phyllis Marie Jensen, 2015-12-14 Emily Carr often called Canada's Van Gogh was a post impressionist explorer artist and writer In Artist Emily Carr and the Spirit of the Land Phyllis Marie Jensen draws on analytical psychology and the theories of feminism and social constructionism for insights into Carr's life in the late Victorian period and early twentieth century Presented in two parts the book introduces Carr's migr English family and childhood on the edge of nowhere and her art education in San Francisco London and Paris Travels in the wilderness introduced her to the totem art of the Pacific Northwest coast at a time Aboriginal art was undervalued and believed to be disappearing Carr vowed to document it before turning to spirited landscapes of forest sea and sky The second part of the book presents a Jungian portrait of Carr including typology psychological complexes and archetypal features of personality An examination the individuation process and Carr's embracement of transcendental philosophy reveals the richness of her personality and artistic genius Artist Emily Carr and the Spirit of the Land provides captivating reading for analytical psychologists academics and students of Jungian studies art history health gender and women's studies *Emily Carr* Cat Klerks, 2015-10-06 This is the story of a rebellious girl from British Columbia who travelled the world in pursuit of her calling only to find her true inspiration in the Canadian landscape she'd left behind Both a prolific painter and an accomplished writer Carr was more comfortable in the raw wilderness than in the tea rooms of London and more at home with her unique pets than with the people around her Despite numerous setbacks and disappointments she persevered to become the West Coast's most celebrated artist and a Canadian icon Her story is a testament to individuality and an inspiration to all **M.E.; a Portrayal of Emily Carr** Edythe Hembroff-Schleicher, Emily Carr, 1969 Biographical account of an artist's struggle against despair and loneliness Dictionary of Women Artists: Introductory surveys ; Artists, A-I Delia Gaze, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *BC Studies* ,1973 **The Alaska Journal** ,1975

Emily Carr Ruth Gowers, 1987 Emily Carr 1871-1945 a Canadian artist was one of the most renowned women for her time for her paintings of indigenous Canadian subjects and the spectacular Pacific coastal areas of British Columbia Less is known however of her career as a writer on which she embarked in later life when ill health made writing difficult The three books she published in her lifetime and which are examined in this volume were enormously popular with both critics and public and she received the Governor General's Award for General Literature in 1942 This book fills a gap in the scholarship around this greatly admired artist *Collision* David Cecchetto, Nancy Cuthbert, Julie Lassonde, 2008-12-18 With very few exceptions interdisciplinary art and interarts practices examined as such including the perspective of artist researchers and not subsumed under a singular category of performance or visual art have until now been largely ignored While it would be simplistic to think that this collection somehow rectifies the piecemeal status of this discourse our wager is that this collection works towards presenting an understanding of this status as in a certain sense constitutive of the field Beginning

with an introduction to the very multiplicities that compose and complicate interdisciplinary practices then moving into questions of body technology location movement space practice performativity aesthetics this collection covers an enormous amount while still retaining an overarching sense of unity in the context of the subject as a whole Each of these sections negotiates a series of interrelated collisions in order to address a range of theoretical positions as well as a variety of international and cultural perspectives In addition to addressing the notion of interdisciplinarity and the challenges of specific interarts practices this publication seeks to question how we might understand interarts practice in a way that does not exclude perspectives such as spirituality law political activism and community development to name only a few The inclusion of these disparate practices within this publication itself a site of collision of the poetic the conversational and the theoretical is thus not presented as an attempt to unify or normalize them but rather as a productive charting of their radical explosion a collision that is always a colliding

This Woman in Particular Stephanie Kirkwood Walker, 2010-01-27 What happens when an individual becomes the subject of many and divergent portraits Biography says Stephanie Kirkwood Walker is a deceptive genre Positioned between fact and fiction and elusive in its purposes biography displays an individual life an existence patterned by conventions that have also shaped the reader's experience In *This Woman in Particular* Walker explores versions of Emily Carr's life that have appeared over the last half century Walker contends that the biographical image of Emily Carr that emerges from an accumulation of biographies films plays and poetry as well as her own autobiographical writing establishes an elaborated cultural artefact an image that is bound by its very nature to remain forever incomplete and always elusive She demonstrates how changes in Carr's biographical image parallel the maturing of Canadian biographical writing reflecting attitudes toward women artists and the shifting balance between religion secular attitudes and contemporary spirituality And she concludes that biography plays a crucial role in all our lives in initiating and sustaining debate on vital personal and collective concerns
