Ma Rainey The Classic Blues Singers:

Ma Rainey and the Classic Blues Singers Derrick Stewart-Baxter, 1970 **Ma Rainey and the Classic Blues Singers** Derrick Stewart-Baxter, 1970 **Mother of the Blues** Sandra R. Lieb, 1981 Ma Rainey Gertrude Pridgett 1886 1939 was America's first major woman blues singer Recording star songwriter actress dancer and comedienne she was one of the greatest blues artists of the 1920s reaching a wide audience of both blacks and whites through her immensely successful recordings and stage performances A central if long overlooked figure in black culture she was highly respected by her blues contemporaries and has had great influence on singers and musicians throughout the twentieth century Although she wrote and performed all types of music Rainey was a pioneer of the classic blues a synthesis of country blues black minstrelsy and vaudeville performed almost exclusively by women Despite some commercial influences her recorded songs drew heavily on black folk culture for attitudes about men women and especially love articulating a clearly female perspective and showing a stronger affinity to these folk traditions than the work of any other contemporary female blues artist of equal stature This book provides the first substantive biographical study of Rainey accurate transcriptions for seventy four of her recorded song lyrics verified by Library of Congress documents an examination of her recording style and a scholarly analysis of women's lives as reflected in blues lyrics In addition to Rainey's love songs which show women responding assertively to mistreatment by men the author discusses her songs of comedy and cynicism which place the women narrators in broader social and communal environments **The Message of Ma Rainey's Blues** Sandra Robin Lieb, 1975 **Blues Singers** David Dicaire, 2015-11-05 This reference volume is intended for both the casual and the most avid blues fan It is divided into five separately introduced sections and covers 50 artists with names like Muddy Gate-mouth and Hound Dog who helped shape 20th century American music Beginning with the pioneering Mississippi Delta bluesmen the book then follows the spread of the genre to the city in the section on the Chicago Blues School The third segment covers the Texas blues tradition the fourth the great blueswomen and the fifth the genre's development outside its main schools The styles covered range from Virginia Piedmont to Bentonia and from barrelhouse to boogie woogie The main text is augmented by substantial discographies and a lengthy bibliography **Recorded Music in American Life** William Howland Kenney, 1999-07-08 Here Kenney examines the interplay between recorded music and the key social political and economic forces in America during the era of the phonograph's rise and decline as the dominant medium of popular recorded sound from the appearance of the first commercial recordings to the postwar years when the industry became more complex and less powerful He argues that the phonograph and the recording industry served neither to impose a preference for high culture nor a degraded popular taste but rather expressed a diverse set of sensibilities whereby various sorts of people found pleasure As detailed in this study recorded music provided the focus for active recorded sound cultures in which listeners shared what they heard and expressed important dimensions of their personal lives by way of their involvement with records

Ogren,1992-06-04 Born of African rhythms the spiritual call and response and other American musical traditions jazz was by the 1920s the dominant influence on this country s popular music Writers of the Harlem Renaissance Langston Hughes Claude McKay Zora Neale Hurston and the Lost Generation Malcolm Cowley F Scott Fitzgerald and Gertrude Stein along with many other Americans celebrated it both as an expression of black culture and as a symbol of rebellion against American society But an equal number railed against it Whites were shocked by its raw emotion and sexuality and blacks considered it devil s music and criticized it for casting a negative light on the black community In this illuminating work Kathy Ogren places this controversy in the social and cultural context of 1920s America and sheds new light on jazz s impact on the nation as she traces its dissemination from the honky tonks of New Orleans New York and Chicago to the clubs and cabarets of such places as Kansas City and Los Angeles and further to the airwaves Ogren argues that certain characteristics of jazz notably the participatory nature of the music its unusual rhythms and emphasis gave it a special resonance for a society undergoing rapid change Those who resisted the changes criticized the new music those who accepted them embraced jazz In the words of conductor Leopold Stowkowski Jazz had come to stay because it was an expression of the times of the breathless energetic superactive times in which we were living it was useless to fight against it Numerous other factors contributed to the growth of jazz as a popular music during the 1920s The closing of the Storyville section of New Orleans in 1917 was a signal to many jazz greats to move north and west in search of new homes for their music Ogren follows them to such places as Chicago New York and San Francisco and using the musicians own words as often as possible tells of their experiences in the clubs and cabarets Prohibition ushered in by the Volstead Act of 1919 sent people out in droves to gang controlled speak easies many of which provided jazz entertainment And the 1920s economic boom which made music readily available through radio and the phonograph record created an even larger audience for the new music But Ogren maintains that jazz itself through its syncopated beat improvisation and blue tonalities spoke to millions Based on print media secondary sources biographies and autobiographies and making extensive use of oral histories The Jazz Revolution offers provocative insights into both early jazz and American culture Music in the 20th Century (3 Vol Set) Dave DiMartino,2016-04-15 This is an examination of the
