Mabel A Story Other Prose:

Mabel, a Story, & Other Prose Robert Creeley, 1976 **Poet's Prose** Stephen Fredman, 1990-11-30 Poet's Prose is devoted exclusively to American prose poetry and has been recognised as a pioneering study in contemporary American poetry

American Poetry as Transactional Art Stephen Fredman, 2020-06-02 Explores the ways American poetry engages with visual art music fiction spirituality and performance art Many people think of poetry as a hermetic art as though poets wrote only about themselves or as if the subject of poetry were finally only poetry its forms and traditions Indeed much of what constitutes poetry in the lyric tradition depends on a stringently controlled point of view and aims for a timeless intransitive utterance Stephen Fredman's study proposes a different perspective American Poetry as Transactional Art explores a salient quality of much avant garde American poetry that has so far lacked sustained treatment namely its role as a transactional art Specifically Fredman describes this role as the ways it consistently engages in conversation talk correspondence going beyond the scope of its own subjects and forms its existential interactions with the outside world Poetry operating in this vein draws together images ideas practices rituals and verbal techniques from around the globe and across time not to equate them but to establish dialogue to invite as many guests as possible to the World Party which Robert Duncan has called the symposium of the whole Fredman invites new readers into contemporary poetry by providing lucid and nuanced analyses of specific poems and specific interchanges between poets and their surroundings He explores such topics as poetry's transactions with spiritual traditions and practices over the course of the twentieth century the impact of World War II on the poetry of Charles Olson and George Oppen exchanges between poetry and other art forms including sculpture performance art and ambient music the battle between poetry and prose in the early work of Paul Auster and in Lyn Hejinian's *My Life* The epilogue looks briefly at another crucial transactional occasion teaching American poetry in the classroom in a way that demonstrates that it is at the center of the arts and at the heart of American culture

Presences Robert Creeley, 2018-12-01 First published in 1976 this beautiful interactive collaboration is a unique work of book art in which Marisol's monumental pop art sculptures face the blocks of Creeley's prose poems The new introduction by Creeley scholar Stephen Fredman describes how the poet's autobiographical prose poetry arose in conversation with images of Marisol's equally autobiographical sculptures In addition to the introduction this edition features an appendix of newly discovered material much of it found in Creeley's own copy of the original edition of *Presences* These include postcards and letters from Marisol designer William Katz who brought the poet and artist together Mexican poet Octavio Paz and several university professors The material in the appendix allows the editor to reveal the genesis of *Presences* as a collaborative work of art involving three creators artist designer and poet
