## MacArthur Story:

**The Untold Story of Douglas MacArthur** Frazier Hunt, 1954 A biography of the controversial military leader remembered for his defense of the Philippines during World War II administration of occupied Japan after the war and leadership of United Nations troops in Korea until his recall by President Truman

**Douglas MacArthur** Arthur Herman, 2017-03-28 A new definitive life of an American icon the visionary general who led American forces through three wars and foresaw his nation's great geopolitical shift toward the Pacific Rim from the Pulitzer Prize finalist and bestselling author of Gandhi Churchill Douglas MacArthur was arguably the last American public figure to be worshipped unreservedly as a national hero the last military figure to conjure up the romantic stirrings once evoked by George Armstrong Custer and Robert E Lee But he was also one of America's most divisive figures a man whose entire career was steeped in controversy Was he an avatar or an anachronism a brilliant strategist or a vainglorious mountebank Drawing on a wealth of new sources Arthur Herman delivers a powerhouse biography that peels back the layers of myth both good and bad and exposes the marrow of the man beneath MacArthur's life spans the emergence of the United States Army as a global fighting force Its history is to a great degree his story The son of a Civil War hero he led American troops in three monumental conflicts World War I World War II and the Korean War Born four years after Little Bighorn he died just as American forces began deploying in Vietnam Herman's magisterial book spans the full arc of MacArthur's journey from his elevation to major general at thirty eight through his tenure as superintendent of West Point field marshal of the Philippines supreme ruler of postwar Japan and beyond More than any previous biographer Herman shows how MacArthur's strategic vision helped shape several decades of U S foreign policy Alone among his peers he foresaw the shift away from Europe becoming the prophet of America's destiny in the Pacific Rim Here too is a vivid portrait of a man whose grandiose vision of his own destiny won him enemies as well as acolytes MacArthur was one of the first military heroes to cultivate his own public persona the swashbuckling commander outfitted with Ray Ban sunglasses riding crop and corncob pipe Repeatedly spared from being killed in battle his soldiers nicknamed him Bullet Proof he had a strong sense of divine mission Mac was a man possessed in the words of one of his contemporaries of a supreme and almost mystical faith that he could not fail Yet when he did it was on an epic scale His willingness to defy both civilian and military authority was Herman shows a lifelong trait and it would become his undoing Tellingly MacArthur once observed Sometimes it is the order one disobeys that makes one famous To capture the life of such an outsize figure in one volume is no small achievement With Douglas MacArthur Arthur Herman has set a new standard for untangling the legacy of this American legend Praise for Douglas MacArthur This is revisionist history at its best and hopefully will reopen a debate about the judgment of history and MacArthur's place in history New York Journal of Books Unfailingly evocative close to an epic More than a biography it is a tale of a time in the past almost impossible to contemplate today as having taken place with MacArthur himself as a figure perhaps too remote to understand but all the more important

to encounter The New Criterion With Douglas MacArthur American Warrior the prolific and talented historian Arthur Herman has delivered an expertly rendered compulsively readable account that does full justice to MacArthur's monumental achievements without slighting his equally monumental flaws Commentary *MacArthur's Jungle War* Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

**Macarthur's Navy** Edwin P. Hoyt, 2012-10-17 Yet another in depth military account from the prolific Hoyt Focusing on the US Seventh Fleet the author offers a vivid authoritative log of key operations launched by Gen Douglas MacArthur commander of Allied forces in WW II's Southwest Pacific theater Starting in late 1943 to illustrate MacArthur directed American and Australian troops on a series of leapfrogging assaults which by the summer of 1944 recaptured New Guinea from the Japanese With each engagement the Seventh Fleet which Hoyt dubs MacArthur's Navy gained valuable warships and invaluable experience A solid chronicle on a vital weapon in MacArthur's arsenal *MacArthur's Coalition* Peter J. Dean, 2018-04-03 From 1942 1945 the Allies war in the Southwest Pacific was effectively a bilateral coalition between the United States and Australia under the command of General Douglas MacArthur By charting the evolution of the military effectiveness of the US Australian alliance MacArthur's Coalition puts the relationship between the United States and Australia at the center of the war against Japan Drawing on new primary source material Peter J Dean has written the first substantial book length treatment of the coalition as a combined military force This expansive and ambitious book provides a fresh perspective on the Pacific War by providing a close up in depth account of operations in the Southwest Pacific from the Kokoda Trail campaign to the reconquest of the Philippines and Borneo Dean's work takes the reader deep into the key military headquarters in the Southwest Pacific and reveals the discussions debates and arguments between key commanders and staff officers during the course of planning and waging a monumental conflict Drawing upon archival records across three continents Dean brings the qualities of these senior officers to life by exploring the critical importance of personalities and leadership in overcoming cultural doctrinal and organizational divides in the largely unequal alliance Set against the

practicalities of fighting a fanatical enemy in some of the most inhospitable terrain in the war his book shows how despite these divides and MacArthur's difficult personality the US Australian coalition was able to forge a highly effective and ultimately triumphant fighting machine With its unprecedented view of the joint nature of operations in the Southwest Pacific and its focus on frontline commanders and units in forging a successful fighting force MacArthur's Coalition illuminates a critical aspect of the Allied victory in World War II

**MacArthur's Spies** Peter Eisner, 2018-05-01 MacArthur's Spies reads like Casablanca set in the Pacific filled with brave and daring characters caught up in the intrigue of war and the best part is that it's all true Tom Maier author of Masters of Sex A thrilling story of espionage daring and deception set in the exotic landscape of occupied Manila during World War II On January 2 1942 Japanese troops marched into Manila unopposed by U S forces Manila was a strategic port a romantic American outpost and a jewel of a city Tokyo saw its conquest of the Philippines as the key in its plan to control all of Asia including Australia Thousands of soldiers surrendered and were sent on the notorious eighty mile Bataan Death March But thousands of other Filipinos and Americans refused to surrender and hid in the Luzon hills above Bataan and Manila MacArthur's Spies is the story of three of them and how they successfully foiled the Japanese for more than two years sabotaging Japanese efforts and preparing the way for MacArthur's return From a jungle hideout Colonel John Boone an enlisted American soldier led an insurgent force of Filipino fighters who infiltrated Manila as workers and servants to stage demolitions and attacks Chick Parsons an American businessman polo player and expatriate in Manila was also a U S Navy intelligence officer He escaped in the guise of a Panamanian diplomat and returned as MacArthur's spymaster coordinating the guerrilla efforts with the planned Allied invasion And finally there was Claire Phillips an itinerant American torch singer with many names and almost as many husbands Her nightclub in Manila served as a cover for supplying food to Americans in the hills and to thousands of prisoners of war She and the men and women who worked with her gathered information from the collaborating Filipino businessmen the homesick English speaking Japanese officers and the spies who mingled in the crowd Readers of Alan Furst and Ben Macintyre and anyone who loves Casablanca will relish this true tale of heroism when it counted the most

**Assembly** West Point Association of Graduates (Organization)., 1963 *The MacArthur Story* Mary Gates Muggah, Paul H. Rihle, 1945 *Attachment from Infancy to Adulthood* Klaus E. Grossmann, Karin Grossmann, Everett Waters, 2006-06-23 This volume provides unique and valuable firsthand accounts of the most important longitudinal studies of attachment Presented are a range of research programs that have broadened our understanding of early close relationships and their role in individual adaptation throughout life In addition to discussing the findings that emerged from each study leading investigators offer rare reflections on the process of scientific discovery Themes addressed include the complexities of designing studies that span years or even decades challenges in translating theoretical constructs into age appropriate assessments how Bowlby's original models have been refined and expanded and how attachment interacts with other key influences on development **Narrative Story Completion Methodologies** Kimberly Kelly, 2025-04-21 **Department of State Wireless Bulletin**, 1951 *The Eagle and the Rising Sun* Alan Schom, 2004 On Saturday August 2 1941 the Washington Post reported that President Franklin D Roosevelt would depart the next day for a fishing vacation aboard his yacht Potomac By the morning of August 5 the Potomac was sailing toward the fishing waters off Cape Cod but the president was not on board Having quietly disembarked in the middle of the night the president now joined by his top military advisors was headed for Newfoundland where the U S and British governments would meet in a secret summit to coordinate their military efforts although the United States had yet to declare war on Germany The British were appalled at the state of American preparedness one British colonel remarking They have a long way to go before they can play any decisive part in the war But ready or not the United States would be catapulted into World War II within a matter of months Alan Schom's superb histories and biographies have been lauded for their dramatic sweep their focus on extraordinary personalities and their refreshingly iconoclastic perspective Schom begins this magisterial account of World War II in the Pacific by

demonstrating an ironic paradox on one hand the American government and people were as inadequately prepared for war as any major power ever has been on the other the Japanese high command plunged headlong into the Pacific campaign despite clear evidence from their own analysts that Japan had too little oil and too feeble an economy to prevail against the United States It was a war that should not have been fought Schom recounts a tense saga of diplomatic maneuvering strategic blunders and pivotal successes played out in the halls of the White House Downing Street and the Imperial Palace as well as on the seas and shores of the Pacific Key figures in the war come vividly to life in a series of brilliant biographical sketches Emperor Hirohito a devotee of Western pursuits such as golf and jazz who hungered to expand Japan's global reach the destructively egotistical General Douglas MacArthur whose splendid achievements in World War I stood in stark contrast to his incompetent leadership in the Philippines Rear Admiral Kelly Turner whose realism and tactical savvy played a crucial role in turning the tide of the war and the cool headed Admiral Tanaka Raizo who repeatedly slipped through the Allied net transporting troops and supplies to and from Guadalcanal The Eagle and the Rising Sun embraces the broad strategic concerns of the war and the telling details and turning points of individual engagements As Rear Admiral Thomas Marfiak Ret CEO and publisher of the U S Naval Institute writes in the Foreword From time to time we are privileged to be given extraordinary insights into the history of our age Alan Schom has given us a tapestry into which he has woven figures of immense proportions yet he has not lost sight of their humanity He writes in the grand tradition of Barbara Tuchman's *The Guns of August* Book jacket

*The Media Offensive* Alexander G. Lovelace, 2022-05-25 World War II was a media war President Franklin D Roosevelt used the press to a great extent of course but as the war progressed the media also came to influence commanders decisions on the battlefield Rescuing General Douglas MacArthur from the Philippines in deference to public opinion forced the Allies to divide the Pacific War between two competing theaters Omar Bradley's concern over US public opinion convinced General Dwight D Eisenhower to include Americans in the final assault against Axis forces in Tunisia General George S Patton Jr raced across Sicily to gain media attention and British respect General Mark Clark's hunger for publicity and the glory of capturing Rome allowed an entire German army to escape destruction Negative media pressure and the fear of V-1 bombs damaging British morale provided the impetus for the breakout of Normandy and the unsuccessful attempt to liberate the Netherlands in the fall of 1944 British general Bernard Montgomery's remarks to the press during the Battle of the Bulge almost caused him to lose his command and created tremendous ill feelings among the Allies Soon afterward Eisenhower was forced to hold the dangerously exposed city of Strasbourg because of French public opinion By V-E Day even Eisenhower was attempting to get more publicity for American as opposed to Allied units The Media Offensive offers a new way to understand military media relations during World War II The press and public opinion shaped not only how the conflict was seen but also how it was fought Alexander Lovelace demonstrates that the US military repeatedly discovered that the best effects resulted from accurate news stories Truthful news reporting defined as news

reporting that accurately depicts the events it describes could not be created by the military or even the media but could only emerge through a free press searching for it Lovelace recasts World War II in a new and unique fashion by placing media and public opinion at the center of battlefield decision making Unlike past scholarship on the media during World War II that focused on censorship propaganda or the adventure stories of war correspondents The Media Offensive takes the historiography of war reporting in a new direction In what could be called the new history of war reporting the focus is switched from how the military controlled reporters to how military decisions were shaped by the press
