The Rolling Stone Illustrated History of Rock & Roll Anthony ed DeCurtis, James Henke, Holly George-Warren, 1992 Discusses the evolution of rock music from its earliest origins to today's most influential musical styles and performers

McCartney Christopher Sandford, 2012-08-31 Sir Paul McCartney first picked up a guitar as a bereaved teenager in 1956. In the fifty years since he's become the most successful pop music composer in history, enjoying a virtual season ticket to the Guinness Book of Records. McCartney's ballad 'Yesterday' which he wrote in his sleep has since been covered by 2,400 other artists, making it the most popular song of all time. Now Christopher Sandford reveals the man behind the myth. Among the eye-opening stories is the surprising love-hate relationship with John Lennon, not to mention with Lennon's widow, as well as an insider's account of McCartney's controversial marriage to Heather Mills. Likewise, Sir Paul's restless creativity, both mainstream and avant-garde, his second group and his marriage to the late Linda McCartney are seen here in fresh and stunning detail. This behind-the-scenes story takes readers right up to today as Sir Paul passes his 64th birthday. It's a hard-fast, sometimes shocking saga of sex, drugs, and rock n' roll, the true adventure of the last showbiz superstar. [The Beatles Illustrated Lyrics](#) Alan Aldridge, 1998-10-01 The Beatles Illustrated Lyrics is the only major collection of illustrated The Beatles Illustrated Lyrics is the only major collection of illustrated The Beatles lyrics available. Originally published in 1969, this book has become a symbol of an era, a must-have for Beatles fans, and a brilliant tribute to the band that changed a generation. Quotes from John, Paul, George, and Ringo provide candid, witty, insightful commentary on the songs and their origins. Clarification of controversial lyrics is offered by the only true authorities: The Beatles themselves. All the famous songs are included, from 'Can't Buy Me Love' and 'A Hard Day's Night' to 'Rocky Raccoon', 'Revolver', and 'Yellow Submarine'. Lavish, full-colour illustrations by internationally famous artists and specially commissioned photographs reflect the psychedelic world The Beatles lived in and the whole generation and pop culture they influenced. **Linda McCartney's Family Kitchen**

Reading the Beatles

Kenneth Womack, Todd F. Davis, 2012-02-01 Despite the enormous amount of writing devoted to the Beatles during the last few decades the band's abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in Reading the Beatles firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self-actualizing means to become less alienated from popular culture gender expectations and even herself during the early 1960s

legendary bands as viewed through the prism of the people who shaped their imagery and cultural legacy With the work of Hipgnosis continuing to be referenced reproduced and revered worldwide *Us and Them* serves as a celebration a cautionary tale and a compelling human drama exploring the vital intersection between art and music
