Magda Goebbels Annäherung An Ein Leben:

Magda Goebbels Anja Klabunde, 1999 Om Joseph Goebbels hustru Magda Ritschel Goebbels 1901 1945 som efter et ungdomsliv i zionistisk miljø blev omvendt til fanatisk tilhænger af nazismen **Hitler's Court** Heike B.

Görtemaker, 2022-01-12 This revelatory history examines the loyal inner circle that followed and enabled Hitler's rise to power and continued on after WWII Hitler was not a lonely aloof dictator Throughout his rise in the NSDAP he gathered a loyal circle around him and was surrounded by people who celebrated flattered and intrigued him Who belonged to this inner circle around Hitler What function did this court fulfill And how did it influence the perception of history after 1945 Using previously unknown sources Heike Görtemaker explores Hitler's private environment and shows how this inner circle made him who he was Hitler's inner circle the Berghof Society was his private retreat But the court was more than that It provided him with the support he needed to take on the role of Führer at all while at the same time allowing him to use its members as political front men Most of all it represented a conspiratorial community whose lowest common denominator was anti-Semitism In this book Heike Görtemaker asks new questions about the truth behind Hitler's inner circle and for the first time also examines the circle without leaders the networking of the inner circle after 1945 **Hitler and Film** Bill

Niven, 2018-04-24 An exposé of Hitler's relationship with film and his influence on the film industry A presence in Third Reich cinema Adolf Hitler also personally financed ordered and censored films and newsreels and engaged in complex relationships with their stars and directors Here Bill Niven offers a powerful argument for reconsidering Hitler's fascination with film as a means to further the Nazi agenda In this first English language work to fully explore Hitler's influence on and relationship with film in Nazi Germany the author calls on a broad array of archival sources Arguing that Hitler was as central to the Nazi film industry as Goebbels Niven also explores Hitler's representation in Third Reich cinema personally and through films focusing on historical figures with whom he was associated and how Hitler's vision for the medium went far beyond straight propaganda He aimed to raise documentary film to a powerful art form rivaling architecture in its ability to reach the masses

Personal Names, Hitler, and the Holocaust I. M. Nick, 2019-05-13 Personal Names Hitler and the Holocaust A Socio-Onomastic Study of Genocide and Nazi Germany provides readers with an increased understanding of and sensitivity to the many powerful ways in which personal names are used by both perpetrators and victims during wartime This book concentrates on one of the most terrifying and yet fascinating periods of modern history the Holocaust In particular it examines the different ways in which personal names were used by Nationalist Socialists to hunt and destroy the victims of their genocidal ideology Even before requiring Jewish residents to wear a yellow Star of David and have the letter J stamped on their passports Nazi leaders had decreed that all Jewish women and men must add the names Sarah and Israel to their documentation It did not take long for the perfidious logic behind this naming onomastic legislation to become frighteningly clear it made it that much easier to pinpoint Jewish residents for discrimination marginalization relocation deportation and

ultimately extermination Through compelling first hand accounts from Holocaust survivors in depth interviews with descendants of Nazi war criminals and a plethora of chilling cases extracted directly from the meticulous records kept by the National Socialists this work presents a harrowing historical account of the way personal names were used during the Third Reich to achieve Hitler s homicidal vision Importantly the use of personal names and naming to target and annihilate victims is not a historical anomaly of World War II but a widespread sociolinguistic practice that has been demonstrated in many modern day acts of genocide From Rwanda to Bosnia Berlin to Washington when governmental controls are abridged and ethical boundaries are crossed very quickly something as simple as a person s name can determine who lives and who dies

Eva Braun Heike B. Gortemaker,2012-12-11 From one of Germany s leading young historians the first comprehensive biography of Eva Braun Hitler s devoted mistress finally wife and the hidden First Lady of the Third Reich In this groundbreaking biography of Eva Braun German historian Heike G rtemaker reveals Hitler s mistress as more than just a vapid blonde whose concerns never extended beyond her vanity table Twenty three years his junior Braun first met Hitler when she took a position as an assistant to his personal photographer Capricious but uncompromising and fiercely loyal she married Hitler two days before committing suicide with him in Berlin in 1945 her identity was kept secret by the Third Reich until the final days of the war Through exhaustive research newly discovered documentation and anecdotal accounts G rtemaker turns preconceptions about Eva Braun and Hitler on their head and builds a portrait of the little known Hitler far from the public eye
