The GDR is the most successful in terms of living standards socialist state but one of the least loved Yet the GDR has formidable achievements to list especially in education and health On the other hand her feeling of insecurity has led to a creeping militarisation of society The GDR provides communist states in the Third World with military training and expertise she also trains security and police cadres Hence the impact is being felt outside Europe Does the GDR now present the face of the ugly German to the non communist world Her development is worthy of attention As the Soviet Union s closest ally in Eastern Europe she may play a more important role there in the future as economic growth slows and tensions rise She has however problems of her own which will require much hard work to resolve Nevertheless she is the most stable socialist state in Eastern Europe at present Will this continue Will mass discontent mount as living standards stagnate Just how important will the West German response be The GDR is torn between East and West If she is to weather the economic storms she requires closer links with West Germany and the West but politically and militarily she needs a closer relationship with the Soviet Union competent and wide ranging covering not only political history but also the economy education culture the position of women and foreign policy Leslie Holmes Soviet Studies the main strength of this work is that it provides a mass of facts and figures in the main text and is yet eminently readable Roger Woods Slavonic Review Socialist Reformers and the Collapse of the German Democratic Republic Dietrich Orlow, 2015-10-29 Socialist Reformers and the Collapse of the German Democratic Republic explores a neglected aspect of the collapse of Communism in the former East Germany It focuses on the East Germans enthusiastic support for re unification and the transfer of West Germany s political and economic institutions to the East ignoring those in the German Democratic Republic who wanted to reform socialism within not destroy it Their aim was to preserve an independent German Democratic Republic that would pursue an alternative third way between Western capitalism and Stalinist repression Their vision was a better more beautiful socialism instead of the push and shove society that they associated with Western capitalism In their view the better more beautiful socialism would combine the Western ideals of individual freedom with Marxist concept of collective decision making and shared wealth The reformers failed of course but their ideas and activities in the fall of 1989 are an essential part

of the story that led to present day Germany *Soviet Marxism-Leninism* Alfred B. Evans,1993-10-30 This study examines the development of Marxist Leninist ideology in the U S S R from its origins to the collapse of the Soviet regime Alfred Evans argues that Soviet Marxism Leninism was subject to significant adaptation under various leaders contrary to the widespread impression that official Soviet ideology remained static after Stalin While taking account of scholarly literature on each of the periods covered the work is significant for being based principally on an analysis of primary Soviet sources Evans integrated analysis of changes in ideology during the post Stalin decades is an important contribution to the literature in political science political economy and Soviet studies *Nicholas I And The Russian Intervention In Hungary* Ian W Roberts,1991-01-31 **Intellectuals And The Future In The Habsburg Monarchy 1890-1914** László Péter,Robert B Pynsent,1988-03-29 **Khrushchev and Khrushchevism** Martin McCauley,1987-05-01 *T.G.Masaryk (1850-1937)* Stanley B. Winters,1990-03-05 Between the wars a personality cult grew around Masaryk These three volumes constitute the first balanced critical assessment of the actual achievement of the university professor who became the first president of Czechoslovakia In this the first volume scholars from Europe and North America offer new insights into the career and ideas of Masaryk during the three decades preceding the outbreak of World War I They appraise his role as critic of injustice and outworn tradition providing a most significant interpretation of his place in modern history *The Soviet Takeover of the Polish Eastern Provinces, 1939-41* Keith Sword,1991-06-25 *The Soviet Union 1917-1991* Martin Mccauley,2014-02-04 A second edition of this famous survey has been eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next *Directory of Officials of the German Democratic Republic* ,1982 *The Parteihochschule Karl Marx under Ulbricht and Honecker, 1946-1990* Dietrich Orlow,2022-01-01 Presenting the history of an unexplored yet significant institution in East Germany this book analyses the development of the Parteihochschule Karl Marx PHS a training institute for Communist party officials and members of the functional elite By chronicling the PHS from its establishment in 1946 the author demonstrates how it sought to implement Stalin s rule and sheds light on the activities of the Socialist Unity Party of Germany SED in the German Democratic Republic The book focuses on the leadership of Walter Ulbricht and Erich Honecker as First Secretary and General Secretary of the SED respectively and examines key personalities within the PHS The activities of party functionaries under the rule of Hanna Wolf and Kurt Tiedke are scrutinised revealing the dogmatic nature of the East German regime An essential read for anyone interested in German history and East European Communism this book brings to light one of the key institutions in implementing Stalinism and Marxism Leninism in the German Democratic Republic *The Russian Revolution and the Soviet State 1917-1921* Martin
