Fear City Cinema Roger A. Salerno,2022-04-20 This book studies a grouping of films set in New York City between 1965 and 1995 reflecting a town besieged by rampant criminality social distress and physical decay Fear City is a term the NYPD used to label New York as a frightening environment incapable of securing the safety of its residents This book not only deals with the social problems evident in New York during this period but also provides a study of how independent filmmakers were able to capture unsettling urban imagery capitalizing on feelings of paranoia and dread The author explores how the tone of these films reflects upon the anti urbanism that led to the War on Crime the mass exodus of working class people from the city and mass incarceration of young Black men

The great secrets to being prosperous and out of poverty Luis Arturo Acevedo Acevedo,2019-08-05 The first thing that comes to mind is because the poor do not have money and the rich do they have money but what makes the difference between one and the other is not money the biggest difference between a rich person and a poor person is your thoughts and attitudes The way of thinking and seeing things is what it creates the gap between rich and poor Who thinks as rich has the insured wealth and who think as poor has assured poverty and therefore the failure I m sure a lot of us have asked Why are there people who reach wealth quickly and

legally and because others cannot out of poverty regardless of the opportunities that are presented to you Why are there men and women who cannot arrive with a weight to the payment of the next fortnight while some forge riches that last several generations
