Moonlight Angel:

Moonlight Angel Casey Stuart, 1985 Ann Angel's Freedom (Paperback) Katharina Gerlach Anke Waldmann, 2007-10
Based on facts the novel tells the story of Ann Angel Waldmann whose father decides to accept their Counts offer to buy their freedom. It is set in the rural area around Osnabrueck at the turn of the 18th century a time when old values are questioned. In spite of new ideas individual freedom is a frightening dream for most people. It is a time of change where Ann Angel Waldmann daughter of a rich farmer has to cope with the obstacles life puts in her way. Bestselling author Holly Lisle describes the novel as follows: Ann Angel's Freedom is an amazing beautifully researched well written tale of a world and a time far different from our own but one that still resonates with the struggles we all face today. I found myself suffering with Ann and those she loved hoping for her and in the end cheering with her. It's a wonderful story made more wonderful because it's true.

Angel Medicine Doreen Virtue, 2005-08-01 When Doreen Virtue visited Santorini Island in Greece recently she was contacted by a powerful group of angels calling themselves the angels of Atlantis. Doreen was then taken on an amazing spiritual adventure where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels as well as the thousands of case studies of angelic healing that she'd amassed over the years dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, Angel Medicine is a three part work that relates the exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian and Greek prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific studies, case studies, methods and charts supporting the importance of love and light in healing. Whether you want to heal yourself or someone else, you're sure to gain additional faith and understanding from reading Angel Medicine.

Superpower M. Keith Booker, 2010-05-01 Supernatural and superhuman elements have been prominent in American culture from the time of the New England Puritans' intense emphasis on religion. Superpower surveys the appearance of supernatural and superhuman elements in American culture, focusing on the American fascination with narratives involving supernatural adventure, superhuman heroes and vast conspiracies driven by supernatural evil. In particular, M. Keith Booker suggests that the popularity of such themes indicates a deep seated

dissatisfaction with the rationalized world of contemporary American society Booker details the development of the national myths underlying the characters of Superman Batman and Spiderman television hits from Star Trek to Lost and the franchises of Pirates of the Caribbean and The Lord of the Rings This culture spanning investigation begins with a historical survey of supernatural and superhuman themes in American culture and concludes with the recent upsurge that began in the 1990s It then turns to various works of recent popular culture with supernatural and superhuman themes such as Twin Peaks The X Files and Buffy the Vampire Slayer organized according to the desires to which these works respond What do these fantasies reveal about what it means to be American today and what we want it to mean **Shadows in the Moonlight**
