Merchants to Multinationals Geoffrey Jones, 2002-03-07 Merchants to Multinationals examines the evolution of multinational trading companies from the eighteenth century to the present day During the Industrial Revolution British merchants established overseas branches which became major trade intermediaries and subsequently engaged in foreign direct investment Complex multinational business groups emerged controlling large investments in natural resources processing and services in Asia Latin America and Africa While theories of the firm predict the demise over time of merchant firms this book identifies the continued resilience of British trading companies despite the changing political and business environments of the twentieth century Like Japanese trading companies they re invented themselves in successive generations The competences of the trading companies resided in their information gathering relationship building human resource and corporate governance systems This book provides a new dimension to the literature on international business through the focus on multinational service firms and its evolutionary approach based on confidential business records

Conflicting Missions Piero Gleijeses, 2011-03-01 This is a compelling and dramatic account of Cuban policy in Africa from 1959 to 1976 and of its escalating clash with U S policy toward the continent Piero Gleijeses s fast paced narrative takes the reader from Cuba s first steps to assist Algerian rebels fighting France in 1961 to the secret war between Havana and Washington in Zaire in 1964 65 where 100 Cubans led by Che Guevara clashed with 1 000 mercenaries controlled by the CIA and finally to the dramatic dispatch of 30 000 Cubans to Angola in 1975 76 which stopped the South African advance on Luanda and doomed Henry Kissinger s major covert operation there Based on unprecedented archival research and firsthand interviews in virtually all of the countries involved Gleijeses was even able to gain extensive access to closed Cuban archives this comprehensive and balanced work sheds new light on U S foreign policy and CIA covert operations It revolutionizes our view of Cuba s international role challenges conventional U S beliefs about the influence of the Soviet Union in directing Cuba s actions in Africa and provides for the first time ever a look from the inside at Cuba s foreign policy during the Cold War Washington Post Book World Gleijeses s research bluntly contradicts the Congressional testimony of the era and the memoirs of Henry A Kissinger After reviewing Dr Gleijeses s work several former senior United States diplomats who were involved in making policy toward Angola broadly endorsed its conclusions New York Times With the publication of *Conflicting Missions* Piero Gleijeses establishes his reputation as the most impressive historian of the Cold War in the Third World Drawing on previously unavailable Cuban and African as well as American

sources he tells a story that's full of fresh and surprising information. And best of all he does this with a remarkable sensitivity to the perspectives of the protagonists. This book will become an instant classic. John Lewis Gaddis, author of *We Now Know: Rethinking Cold War History*. Based on unprecedented research in Cuban, American and European archives, this is the compelling story of Cuban policy in Africa from 1959 to 1976 and of its escalating clash with U.S. policy toward the continent. Piero Gleijeses sheds new light on U.S. foreign policy and CIA covert operations, revolutionizes our view of Cuba's international role and provides the first look from the inside at Cuba's foreign policy during the Cold War. *Postcolonial Transition and Global Business History* Stephanie Decker, 2022-11-30 British multinationals faced unprecedented challenges to their organizational legitimacy in the middle of the twentieth century as the European colonial empires were dismantled and institutional transformations changed colonial relationships in Africa and other parts of the world. This book investigates the political networking and internal organizational changes in five British multinationals: United Africa Company, John Holt Co, Ashanti Goldfields Corporation, Bank of West Africa and Barclays Bank DCO. These firms were forced to adapt their strategies and operations to changing institutional environments in two English-speaking West African countries: Ghana (formerly the Gold Coast) and Nigeria from the late 1940s to the late 1970s. Decolonization meant that formerly imperial businesses needed to develop new political networks and change their internal organization and staffing to promote more Africans to managerial roles. This postcolonial transition culminated in indigenization programmes and targeted nationalizations which forced foreign companies to sell equity and assets to domestic investors in the 1970s. *Postcolonial Transition and Global Business History* is the first in-depth historical study on how British firms sought to adapt over several decades to rapid political and economic transformation in West Africa. Exploring both postcolonial transitions and development discourse, this book addresses the topics with regard to business and economic history and will be of interest to researchers, academics and students in the fields of organizational change, political economy, African studies and globalization.

Understanding World Order and Structural Change H. Abrahamsson, 2015-12-22 Hans Abrahamsson assesses the current world order and structural change within an historical framework. He analyzes the interaction of Pax Americana and the Bretton Woods system in the postwar period and its impact specifically on the development of Southern Africa. The author also proposed an analytical model and a methodological framework for the study of the international political economy and its global and local implications. Finally, he addresses the circumstances behind the current opportunity for global change and the social forces and political action required in order to seize it. *The Third Portuguese Empire, 1825-1975* W. G. Clarence-Smith, 1985 **The Labour Monthly** Rajani Palme Dutt, 1977 Includes section Book reviews **The Rise and Decline of the Zairian State** Crawford Young, Thomas Edwin Turner, 1985 Zaire apparently strong and stable under President Mobutu in the early 1970s was bankrupt and discredited by the end of that decade beset by hyperinflation and mass corruption, the populace forced into abject poverty. Why and how in a new African state strategically located in Central

Africa and rich in mineral resources did this happen How did the Zairian state become a parasitic predator upon its own people *LM, Labour Monthly* ,1977 **Kenyan Foreign and Security Policies** Kipyego Cheluget,Stephen Wright,2025-10-16 Kipyego Cheluget and Stephen Wright evaluate the legacy of Kenya s first president Jomo Kenyatta Following a nationalist uprising and brutal colonial repression Kenya became independent in December 1963 With much of the agricultural land still under European settler control Jomo Kenyatta promoted foreign and security policies to balance Kenyan African and settler interests attracting foreign investment into the new country Kenyatta s programs however favored the West and established a growing need for British and American security guarantees to sustain Kenya in an increasingly unstable Eastern African region In this book Cheluget and Wright show that despite the growing pressures within Kenyan civil society for diversification of policies and redistribution of economic wealth Kenyatta consistently maintained pro western policies until his death in 1978 This book is split into 3 parts Part I discusses the growth of Kenyan nationalism the end of the colonial era and the birth of the Kenyan State Part II considers the political economy and development strategies of the Kenyan State Part III assesses the degree of continuity of the succeeding leadership portrayed from the Jomo Kenyatta presidency Through this detailed analysis the authors examine Kenyatta s policies and examine how successive Kenyan presidents have largely maintained his policies and venerated his legacy **Imperialism and Transitions to Socialism** Rémy Herrera,2021-09-30 This collection of essays is designed to shed light on the issues of imperialism and the transitions to socialism Delving into the theoretical aspects whose analysis is key for understanding the subject under consideration and practical experiences of socialist transition in China Vietnam North Korea Cuba Venezuela Ecuador and Brazil **ZANU (PF) and Economic Independence** Cain Mathema,1994 **Colonialism** Melvin E.
