Oesterreichische Bibliographie ,1998 [Theological Anthropology in Mozart's La clemenza di Tito](#) Steffen Lösel,2022-07-13 This book asks what theological messages theologically educated Catholics in late eighteenth century Prague might have perceived in Mozart s late opera seria *La clemenza di Tito* The book s thesis is two fold first that Catholics might have heard the opera s advocacy of enlightened absolutism as a celebration of a distinctly Catholic understanding of political governance and second that they might have found in the opera a metaphor for the relationship between a gracious God and humanity caught up in sin expressed as sexual concupiscence pride and lust for power The book develops its interpretation of the opera through narrative character analyses of the main protagonists an examination of their dramatic development and by paying attention to the biblical and theological associations they may have evoked in a Catholic audience

The book is geared towards academic readers interested in opera theologians historians and those who work at the intersection of theology and the arts It contributes to a better understanding of the theological implications of Mozart s operatic work The Real Mozart Judith Grohmann,2023-01-24 Born in Salzburg in 1756 Wolfgang Amadeus Mozart was one of the most prolific musicians that ever lived Here the author Judith Grohmann takes us behind the curtain of the career to reveal the real personality of the composer whose influence on the world of music is still profound today A child prodigy he played several instruments from a tender age and eventually created his own style by blending the traditional with the contemporary He was beloved and hyped but was also a multi layered and controversial personality on one side a provocative influencer hyperactive and a driven man a bon vivant who loved luxury but on the other side a man who was drawn to the Masonic mindset of brotherhood freedom tolerance and humanity with frequent and extreme mood changes and a penchant for word games and a peculiar sense of humor In his short life Mozart anticipated almost everything that makes a star today international tours hysterical fans success big hits sex and addiction He wrote obsessively and composed more than 600 different operas sonatas masses concerts and symphonies As far as we know today Mozart s oeuvre contains around 1 060 titles Knighted by the Pope aged just 14 the greatest award for any artist at the time today he might have been showered with Grammys and platinum discs in recognition of his status as the original King of Pop **The Great Symphonies** Janny de Jong,1988 *Academic American Encyclopedia* ,1989 German books in print ,2003 *Verzeichnis lieferbarer Bücher* ,1999 **All Music Guide to Classical Music** Chris Woodstra,Gerald Brennan,Allen Schrott,2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original *Dictionary of Music and Musicians* George Grove,1954 **Worldwide Brochures** ,1996 **Mozart's Journey from Vienna to Prague** Eduard Mörike,1897
