González, 2018-08-01 A touching memoir recounting the journey of a young Cuban immigrant to the US who went on to become a professor and university dean In February 1962 three years into Fidel Castro s rule of their Cuban homeland the Gonz lez family an auto mechanic his wife and two young children landed in Miami with a few personal possessions and two bottles of Cuban rum As his parents struggled to find work eleven year old Gerardo struggled to fit in at school where a teacher intimidated him and school authorities placed him on a vocational track Inspired by a close friend Gerardo decided to go to college He not only graduated but with hard work and determination placed himself on a path through higher education that brought him to a deanship at the Indiana University School of Education In this deeply moving memoir Gonz lez recounts his remarkable personal and professional journey The memoir begins with Gerardo s childhood in Cuba and recounts the family s emigration to the United States and struggles to find work and assimilate and Gonz lez s upward track through higher education It demonstrates the transformative power that access to education can have on one person s life Gerardo s journey came full circle when he returned to Cuba fifty years after he left no longer the scared disheartened refugee but rather proud educated and determined to speak out against those who wished to silence others It includes treasured photographs and documents from Gonz lez s life in Cuba and the US His is the story of one immigrant attaining the American Dream told at a time when the fate of millions of refugees throughout the world and Hispanics in the United States especially his fellow Cubans has never been more uncertain Author and educator Gerardo M Gonz lez brilliantly illustrates the joys and struggles of the refugee experience and the inarguable role of education as an open door to opportunity This is a delightful read and one that will inspire you to achieve greatness regardless of the odds Dr Eduardo J Padr n President Miami Dade College There can be no more persuasive testimony to the power of intelligence commitment and inspiration than Gerardo M Gonz lez s memoir The contribution of immigrants to America s prosperity and national achievements is undeniably impressive Yet this transformational story of challenge and achievement while individually exceptional is nonetheless emblematic of the experience of countless immigrants who have made America better than it could otherwise have been No finer antidote to the simplistic sloganeering of the immigration debate exists John V Lombardi President Emeritus University of Florida and author of *How Universities Work*      *Reformed American Dreams* Sheila M. Anthony V. Riccio, 2014-05-08 Often treated as background figures throughout their history Italian women of the lower and working classes have always struggled and toiled alongside men and this did not change following emigration to America Through numerous oral history narratives *Farms Factories and Families* documents the rich history of Italian American working women in Connecticut As farming women they could keep up with any man As entrepreneurs they started successful businesses They joined men on production lines in Connecticut's factories and sweatshops and through the strength of the neighborhood networks they created they played a crucial role in union organizing Empowered as foreladies union officials and shop stewards they saved money for future generations of Italian American women to attend college and achieve dreams they themselves could never realize The book opens with the voices of elderly Italian American women who reconstruct daily life in Italy's southern regions at the turn of the twentieth century Raised to be caretakers and nurturers of families these women lived by the culturally claustrophobic dictates of a patriarchal society that offered them few choices The storytellers of *Farms Factories and Families* reveal the trajectories of immigrant women who arrived in Connecticut with more than dowries in their steam trunks the ability to face adversity with quiet inner strength the stamina to work tirelessly from dawn to dusk the skill to manage the family economy and adherence to moral principles rooted in the southern Italian code of behavior Second and third generation Italian American women who attended college and achieved professional careers on the wings of their Italian born mothers and grandmothers have not forgotten their legacy and though Italian American immigrant women lived by a script they did not write *Farms Factories and Families* gives them the opportunity to tell their own stories in their own words      **The Way I See America** Lara L. Carese, Tullio Dell'Immagine, 2014-05-28 A humorous look at life in America including its customs cultural diversity politics and daily life through the eyes of an Italian immigrant arriving on the East coast Comparisons of American and Italian culture with a tongue in cheek perspective      *Juan Carlos Onetti, Manuel Puig and Luisa Valenzuela* Linda Craig, 2005 Onetti Puig and Valenzuela have not had the same level of international acclaim as Borges Garcia Marquez or Vargas Llosa This book has separate sections on each of the three writers which balance close readings of selected passages with tightly woven theoretical analysis      Conservative Catholicism and the Carmelites Darryl V. Catherine, 2001 An analysis of conservatism in the American Roman Catholic church      *Pursuing the American Dream* Calvin C. Jillson, 2004 Marked by continuity renewal and expansion the image of the Dream Jillson contends has been remarkably constant since well before the American Revolution an image of a nation offering a better chance for prosperity than any other His book reveals how that Dream has motivated our nation's leaders and common citizens to move sometimes grudgingly toward a more open diverse and genuinely competitive society      *Congressional Record* United States. Congress, 2017-07-06      *The Strategic Management of Place at Work* David B. Audretsch, Alice Civera, Erik E. Lehmann, Konstantin P. Leidinger, Jonah M. Otto, Laurenz Weiße, Katharine Wirsching, 2023-06-24 Global economic forces

underpin political and social issues and have real impacts on the quality of life in local communities cities states and regions In the face of potential volatility leaders in every place concern themselves with how they can ensure local economic resiliency for present and future generations This book argues for the strategic management of places through intentional public policy that brings together stakeholders from the public private and nonprofit sectors to create an inclusive and sustainable economic path forward While many economists and political scientists have proposed one size fits all approaches this book puts forward a more holistic approach giving local leaders and policymakers the tools to take inventory of their local contexts and providing case study examples of how to craft public policies that create prosperous and sustainable economic conditions
