Osho, 2023-08-11 It is one of the trade secrets of all the religions to propose propaganda that humanity has to be saved It is a very strange idea but it is so old that nobody seems to look into the implications Nobody asks why you are worried about saving humanity And you have been saving humanity for thousands of years but nothing seems to be saved In the first place does humanity need any saving To answer this question all the religions have created an absolutely fictitious idea of the original fall because unless there is a fall the question of saving does not arise And the religious conception of the original fall is just rubbish **The Lunatic Muse** Joe Rosenblatt, 2007 **The Lunatic Merciful person** Yu Qingmu, 2019-12-02 The

A Kind of Wild Justice Linda Anderson,1987 This study demonstrates not only that the devices of revenge are structurally useful in comedy but also that there is a consistent conception of revenge as an ethical social instrument in the comedies of Shakespeare **Tongues of Flame** Dawn Langman,2019-05-03 Building on her fundamental texts *The Art of Acting* and *The Art of Speech* Dawn Langman shows how the great dramas of Western heritage illuminate the evolution of human consciousness from the past and into the future thus providing a context in which actors can consciously evolve their art Having laid her foundation by exploring the Eleusis Mysteries the seed point of Western drama she moves to the end of the nineteenth century when drama and performance practice prepared for its next great evolutionary leap She explores the

connection of this leap to the evolutionary threshold facing human beings at the end of what occult history calls Kali Yuga Weaving back and forth between future past and present guided by the great cyclic themes of human soul and spiritual development Langman shows how the inspiration of our greatest artists springs from a source of knowing that encompasses the high calling of the human being to mature beyond its biological inheritance and to become a conscious co creator with the macrocosmic powers that serve the evolution of the universe In doing so she clarifies the specific function drama has in our contemporary development within the spectrum of the arts Building on the first two books of this extraordinary series Langman s meta historical analysis of drama lays the foundation for her ongoing explorations into an art of acting that takes fully into account the multidimensional nature of the human being Here she masterfully contextualizes the 20th century contributions of Rudolf Steiner and Michael Chekhov within the broad trajectory of the Western dramatic and theatrical tradition Dr Diane Caracciolo Associate Professor of Educational Theatre Adelphi University USA Mapping a meta history of Western Drama Langman unfolds a pathway for future actors and those who seek an understanding of the metaphysical in theatre This work will inspire anyone interested in the psychic and spiritual evolution of human consciousness Dr Jane Gilmer freelance theatre practitioner based in New Zealand teaching internationally

Carroll,2015-03-08 This book contends that in Love's Labour's Lost Shakespeare sought to discover the ways in which the imagination uses and abuses language The author's critical reading shows that the characters are endowed with a wide variety of rhetorical disguises Each assumes that his verbal and social point of view is correct and the limitations and virtues of each viewpoint are explored as the drama unfolds In an elegant examination of theme and style Professor Carroll heightens the reader's awareness of Shakespeare's marvellously inventive use of language The author analyzes the different kinds of style the characters' attitudes toward language the play's theatrical modes the frequent metamorphoses and the debates The term debate justified by Shakespeare's use of the medieval conflictus relates to both theme and structure The author finds that the conflicting theories about the proper relation of language and imagination are resolved stylistically and thematically only in the final Debate between Spring and Winter where the playwright reasserts the nature and value of good art Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Samphire Lady Sybil Grant,1912 Columbia Alumni News ,1913 *Sketches in London* James Grant,1838 **Irene Liscomb** Mary Elizabeth Lamb,1908
