La plupart des textes rassemblés ici ont été rédigés pour le colloque international Linguistique et langue anglaise qui s'est tenu Toulouse les 7 et 8 juillet 2000. Des linguistes, des traductologues et des stylisticiens ont mis en lumière la nécessaire homogénéité de leurs outils respectifs lorsqu'ils sont appliqués à ce qui constitue le dénominateur commun de leurs diverses approches : la langue. En effet, on peut difficilement envisager de faire passer la spécificité d'un texte d'un encodage de départ donné à un encodage d'arrivée choisi pour le traductologue, d'y découvrir la trace de mécanismes fondamentaux pour le linguiste, d'en dégager des marqueurs de subjectivité créant des écarts par rapport à une norme plus ou moins établie pour le stylisticien, sans tenir compte du fait que des structures énonciatives et syntactico-sémantiques d'une ou plusieurs langues naturelles.

Most of the papers in this volume were written for the international conference on Linguistics and the English Language which was held in Toulouse on July 7 and 8 2000. Their authors, linguists, translation specialists and stylisticians, underscore the necessarily homogeneous character of their scientific tools when applied to what obviously constitutes the common ground of their respective approaches to language. Indeed, one can hardly aim at translating the specific encoding of a given source text into the chosen encoding of a target text, at bringing out the traces of basic language mechanisms, at highlighting the markers of subjectivity generating significant deviations from more or less pre-established norms, without being fully aware of the enunciative, syntactic and semantic structures of one or several natural languages.

This is precisely what each of the contributions selected for this volume tries to achieve with its own specified methodological device.
