A Brief History of the Lutheran Church in America J. L. Neve, 2014-12-06 In contemporary American Christianity the history of the church is often neglected While the churches of the Lutheran Reformation have not neglected their own historical roots in the sixteenth century they have sometimes forgotten the unique history of the American Lutheran Church In this monumental work J L Neve gives an expansive history of the Lutheran Church in America through the beginning of the twentieth century He introduces each of the major and minor American Synods and outlines various differences in theology and polity He also gives brief biographical information on all the significant figures in each American Synod While Neve's own theological positions are made apparent in the book he is fair and sympathetic to those with whom he disagrees This book is an essential read for anyone interested in the history of the Lutheran Church in the United States

A History of the Evangelical Lutheran Church in the United States (Classic Reprint) Henry Eyster Jacobs, 2017-12-03 Excerpt from A History of the Evangelical Lutheran Church in the United States IF the principle be correct that the biography of a man cannot be properly written Without tracing his ancestry and examining the influences that have contributed long before his birth to the formation of his character it is no less true that the past history and the present condition Of the various Christian denominations of America cannot be rightly understood unless we recur to their sources in Europe and analyze the individual factors that have entered into their life before they reached this country AS no communion can be absolutely sundered from its past history the historical standpoint must always be the basis of all enduring practical work We cannot deal successfully with men unless we know who they are and whence they came and What they mean The historical antecedents and relations and development must be appreciated and recognized before any results can be expected from the kindly feeling and earnest efforts of even the warmest advocates of Christian union A candid and discriminating View of its precise historical situation on the part Of those upon Whom rests the responsibility for leadership is an indispensable prerequisite to all progress Within a Church Even where there are the best Of reasons for abandoning in some directions the past development it must be done intelligently or far more may be lost than is gained The Lutheran Church in America cannot be understood therefore without an acquaintance with the Lutheran Church in the centers from which it has originated The history Of the Lutheran Church in America actually begins with the Reformation

Lutheranism is a specific form of Christian life. The propriety of the name as a designation of that form of life is not for us to determine. Apart from our willingness or unwillingness to assume it, it has become a fixed term for a definite and well known object. As religion is not mere intellectualism or mere sentiment or mere activity, so Lutheranism as a form of the only true religion, Christianity, is far more than a system of doctrines or a mode of worship or a form of Church organization. The Spirit of a church is always greater and deeper than its expression; its faith is always greater than its confession. Lutheranism is a mode of viewing and receiving and living the truths of Christianity or rather of viewing and receiving and living in mystical union with Him Who is the beginning and end of all these truths. The peculiarities which mark its relation to Christ determine peculiarities with respect to other objects. The principles underlying the doctrinal position reappear in the spheres of ethics and liturgics, of homiletics and church government. Even the faith of a great sculptor or a great musical composer will express itself in a different way according to the peculiarities of the confession by which his religious life has been nourished and trained. Everything that enters into the religious life or that proceeds from it is molded and colored by the specific form which that life assumes.
