Lynchburg A City Set On Seven Hills Making Of America:

Lynchburg Clifton Potter, Dorothy Potter, 2004-03-16 Once the primary hunting ground of the Monacan Indians and later a harmonious common area shared with the Quakers Lynchburg was a crossroads for various cultures even before its founding following the French and Indian War With roots in the prosperous tobacco fields the City of Seven Hills became one of the nation's wealthiest communities by the Civil War During the robust and arduous times to come Lynchburg continued to thrive by developing diverse industries and eventually becoming a respected educational center *Edward J. Steptoe and the Indian Wars* Ron McFarland, 2016-02-11 Lieutenant Colonel Edward J Steptoe's escape from encirclement by 1 000 Northern Plateau Indians in 1858 is a familiar story from the Indian Wars Yet the details of the Battle of Pine Creek or Tohotonimme and its aftermath remain subjects of debate Outnumbered six to one Steptoe's 164 troops slipped away in the night Newspapers called it a disaster A few weeks later Colonel George Wright avenged the defeat and Steptoe who had suffered a stroke months before the battle lived his final years in relative obscurity in his native Virginia as the Civil War erupted This definitive biography of Steptoe chronicles the career of a field officer who served nearly four years in the Second Seminole War won commendation for gallantry during the Mexican War performed admirably though controversially in the Utah Territory undertook construction of forts at Walla Walla in the newly defined Washington Territory and engaged with various tribes throughout his deployments His personal letters reveal a thoughtful sensitive commander who came to question his choice of career even before his final battle *Amaza Lee Meredith Imagines Herself Modern* Jacqueline Taylor, 2023-11-28 The extraordinary life and work of architect Amaza Lee Meredith and the role modernism and material culture played in the aspiring Black American middle class of the early twentieth century Amaza Lee Meredith Imagines Herself Modern tells the captivating story of Amaza Lee Meredith a Black woman architect artist and educator born into the Jim Crow South whose bold choices in both life and architecture expand our understanding of the Great Migration and the Harlem Renaissance while revealing the importance of architecture as a force in Black middle class identity Through her charismatic protagonist Jacqueline Taylor derives new insights into the experiences of Black women at the forefront of culture in early twentieth century America caught between expectation and ambition responsibility and desire Central to Taylor's argument is that Meredith's response to modern architecture and art like those of other Black cultural producers was not marginal to the modernist project instead her work reveals the tensions and inconsistencies in how American modernism has been defined In this way the book shines a necessary light on modernism's complexity while overturning perceived notions of race and gender in relation to the modernist project and challenging the notion of the white male hero of modern architecture **God's Own Party** Daniel K. Williams, 2012-07-12 In *God's Own Party* Daniel K Williams presents the first comprehensive history of the Christian Right uncovering how evangelicals came to see the Republican Party as the vehicle through which they could reclaim America as a Christian nation **The Virginia Magazine of History and**
