demented ruler holds sway The first Jonas Morane wants to create an impregnable vault containing humanity's accumulated knowledge so those who survive the coming darkness can rebuild in decades instead of millennia The other Devy Custis seeks to fend off collapse by founding a new empire in the Coalsack Sector one free of the madness that caused this civil war But will either resist the ravages of a genocidal empress blood maddened barbarians and scheming admirals Unfortunately the vicissitudes of fate abetted by greed and lust for power could destroy both before they make their dreams a reality Book 3

Imperial Night Humanity's interstellar empire died in fire and blood leaving wrecked star systems to face the long night of barbarism One tiny spark of civilization remains The Republic of Lyonesse tucked away at the end of a wormhole cul de sac Yet that last bastion could suffer the same dire fate When the late empress unleashed the Four Horsemen of the Apocalypse on her crumbling realm Lyonesse escaped War and Famine However the Pale Rider carrying pestilence and death still roams the wormhole network seeking to finish off what the Imperial Retribution Fleet missed decades earlier and he has finally found the entrance to the Lyonesse branch What about the White Rider who brings deceit and the worship of false prophets Perhaps he is already on Lyonesse undermining what Jonas Morane so laboriously created Will the Navy's tiny decrepit fleet stop plague ships from reaching Lyonesse while Morane and his ally Sister Gwenneth keep the fledgling republic from turning on itself Or will Lyonesse join the rest of humanity in a long imperial night one which might never end Imperial Sunset Eric Thomson, 2018

Humanity's thousand year old interstellar empire has been rotting from the inside for over a century thanks to venal corrupt and power hungry sovereigns from a dynasty many consider illegitimate The latest in that lineage an increasingly psychotic empress is pushing her realm toward catastrophic collapse as admirals and generals rebel against her rule That rebellion quickly drags the once mighty Imperial Fleet into a devastating fratricidal conflict between factions With civil war raging across human space a Navy torn asunder can no longer protect frontier colonies and barbarians long confined to the galactic badlands see an opportunity After generations of hard existence on worlds beyond the bounds of human civilization they hold life cheap especially that of others The barbarians will gladly steal everything they find and condemn defenseless star systems to technological and demographic collapse That is if they don't wipe them out entirely from sheer bloodlust or by selling survivors on alien slave markets One man Captain Jonas Morane of the cruiser Vanquish saw the empire's collapse coming years before the first admiral rebelled When he finds himself the senior surviving officer of a loyalist Navy unit almost entirely annihilated by rebels Morane puts in motion a plan he developed long ago This plan was designed to not only save his ships and crews from certain death but keep humanity's accumulated knowledge from being obliterated by the long night of barbarism However before his dream can become a reality Morane must lead the remains of the 197th Imperial Battle Group through an intricate wormhole network across a shattered empire dodging his former colleagues from both sides to the sanctuary he selected Along the way he rescues an Imperial Marine Corps Pathfinder battalion and the survivors of a religious order known for its mysticism from certain death and enlists them in his

cause But will Morane s sanctuary survive both the flames of rebellion and the depredations of invading marauders before his rag tag fleet can reach it Imperial Sunset is the first installment in Eric Thomson s new saga Ashes of Empire It tells the story of a desperate attempt to stave off the darkness threatening to smother humanity s interstellar empire and send civilization back to the Stone Age Ashes of Empire is set in the Siobhan Dunmoore Decker s War and Quis Custodiet universe but a thousand years after Zack Decker and Caelin Morrow s day when they and Siobhan Dunmoore have become no more than minor footnotes in human history     **Lyonesse** J.
