*City of Ravens* Boria Sax, 2012-07-05 A quirky and absorbing exploration of the history and mythology surrounding the ravens at the Tower of London Publishers Weekly Tales tell of how Charles II fearful of ancient legends that Britain will fall if the ravens at the Tower of London ever leave their abode ordered that the wings of the six ravens be clipped But the truth is that the ravens only arrived at the Tower in 1883 when they were brought in as props in tales of Gothic horror that were told to tourists The legend itself originated from the summer of 1944 when ravens in London were used as unofficial spotters for enemy bombs and planes Boria Sax gives us the first book to tell the true story of the ravens which has far more high drama than any of the tales the tourists get to hear Its heroes are the raven couple Grip and Mable who eloped from the Tower together after World War II leaving it empty and prompting fears that the British Empire would end Jackie who kept watch at a brewery McDonald who was murdered and Thor who could not accept his loss of flight For over a century the ravens have been symbols of cruelty avatars of fate and cuddly national pets But Sax shows us how the ravens have come to represent Britain's natural heritage without which any nation would be impoverished This informing and reflective volume addresses the need to connect with animals and the natural world and shows us the human need for wonder at nature Praise for *City of Ravens* Both a delight and a profound illumination of the subject with unexpected and fascinating conclusions Esther Woolfson author of *Corvus* A wonderful contribution to the modern history and mythology of one of the world's greatest cities Ronald Hutton Commissioner of English Heritage Boria Sax traces the history of the ravens in the Tower of London with accurate scholarship and engaging stories John Marzluff co author of *In the Company of Crows and Ravens* The author delves into the true history and cultural importance of these massive corvids It's a lively entertaining tale with a few grisly details from real events Anna Sanders Audubon Magazine

Mabinogion has been reconstructed in Norman and Crusading times but they contain reminiscences of a more distant period often but half understood by the later story teller Among these are The Dream of Rhonabwy The Lady of the Fountain and Peredur the son of Evrawc the three which happen to come first in the Red Book These are Christian but with distant glimpses of Celtic heathenism The adventures are all grouped around Arthur and his knights and a kind of connection is given to the three tales by the presence of Owen and his mysterious ravens Others especially the four Mabinogion properly so called and the Tale of Lludd and Llevelys are far older they are older than Christianity and older than Arthur they are all in a perfectly pagan atmosphere neither the introduction of Christianity nor the growth of chivalry having affected them to any extent
