Macedonian Greece:

Macedonia and Greece John Shea, 2016-03-18 With the breakup of the former Yugoslavia and a pending NATO membership bid an old conflict between Greece and Macedonia has taken on added significance for the international community Greece has vehemently argued particularly in the West that the name Macedonia was in fact Greek and that its use by this new nation in the Balkans portended Macedonia's expansionist ambitions The Macedonians bitterly disputed this noting that Alexander the Great was a Macedonian and adducing many other fascinating and rational arguments Tensions were said to have been reduced by an interim agreement between the two countries but the attempted assassination of Macedonian president Kiro Gligorov in October 1995 has again heightened hostility in the area The genesis of the conflict is detailed here as well as the modern day events that have led many observers to believe that the area is a flashpoint for a major war greater than that in Bosnia

The Macedonian Question and the Macedonians Alexis Heraclides, 2020-12-30 This book is a comprehensive and dispassionate analysis of the intriguing Macedonian Question from 1878 until 1949 and of the Macedonians and of their neighbours from the 1890s until today with the two themes intertwining The Macedonian Question was an offshoot of the wider Eastern Question i.e. the fate of the European remnants of the Ottoman Empire once it dissolved The initial protagonists of the Macedonian Question were Greece Bulgaria and Serbia and a Slav speaking population inhabiting geographical Macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the Macedonians something unacceptable to its three neighbours Alexis Heraclides analyses the shifting sands of the Macedonian Question and of the gradual rise of Macedonian nationhood with special emphasis on the Greek Bulgarian and Serbian claims to Macedonia 1870s 1919 the birth and vicissitudes of the most famous Macedonian revolutionary organization the VM O RO and of other organizations 1893 1940 the appearance and gradual establishment of the Macedonian nation from the 1890s until 1945 Titos's crucial role in Macedonian nationhood cum federal status the Greek Macedonian name dispute 1991 2018 including the skeletons in the cupboard the deep seated reasons rendering the clash intractable for decades the final Greek Macedonian settlement the 2018 Prespa Agreement the Bulgarian Macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the Macedonian language and the Macedonian national historical narrative The author also addresses questions around who the ancient Macedonians were and the fascination with Alexander the Great This monograph will be an essential resource for scholars working on Macedonian history Balkan politics and conflict resolution

The Macedonian Conflict Loring M. Danforth, 2020-11-10 Greeks and Macedonians are presently engaged in an often heated dispute involving competing claims to a single identity Each group asserts that they and they alone have the right to identify themselves as Macedonians The Greek government denies the existence of a Macedonian nation and insists that all Macedonians are Greeks while Macedonians vehemently assert their existence as a unique people Here Loring Danforth examines the Macedonian conflict in light of contemporary theoretical work on ethnic

nationalism the construction of national identities and cultures the invention of tradition and the role of the state in the process of building a nation The conflict is set in the broader context of Balkan history and in the more narrow context of the recent disintegration of Yugoslavia Danforth focuses on the transnational dimension of the global cultural war taking place between Greeks and Macedonians both in the Balkans and in the diaspora He analyzes two issues in particular the struggle for human rights of the Macedonian minority in northern Greece and the campaign for international recognition of the newly independent Republic of Macedonia The book concludes with a detailed analysis of the construction of identity at an individual level among immigrants from northern Greece who have settled in Australia where multiculturalism is an official policy People from the same villages members of the same families living in the northern suburbs of Melbourne have adopted different national identities

Lakes and Empires in Macedonian History James Pettifer, Miranda Vickers, 2021-08-26 Lakes and Empires in Macedonian History Contesting the Waters tells the story of Psarades a lakeside village in Macedonian Greece on the shores of the Prespa lake This village which is in many ways a completely typical Greek settlement and yet remains unconventional in its way of life embodies the many contradictions of modern history and in exploring its roots James Pettifer and Miranda Vickers skilfully uncover the wider social cultural and political history of this lake region Drawing from oral testimonies and attentive to the construction of national histories this book considers how the development of international borders movement of people and role of national identities within imperial borderlands shaped Macedonia today What is more by centering the lakes and making use of an innovative environmental historical methodology Pettifer and Vickers offer the first environmental history of this multi ethnic borderland region shared by Greece North Macedonia and Albania The result is a nuanced and sophisticated transnational account of Macedonia from prehistory to the 21st century which will be essential reading for all Balkan scholars

Macedonia Jane K. Cowan, 2000-12-20 Macedonia has been contested by its three neighbours Serbia Bulgaria and Greece during and since the demise of the Ottoman Empire But the Macedonian Question extends far beyond the contested borders of Macedonia to immigrant communities in Europe Australia and North America The contributors to this collection explore the contemporary repercussions of the Macedonian Question which has long been at the heart of Balkan politics The volume recognises Macedonia as a global issue and focuses on the politics of identity and difference in both homeland and diaspora The contributors argue that Macedonia as place and as concept is forged within a transnational network of diasporas local communities states and international institutions They examine the increasingly important role of transnational bodies including the European Union and human rights NGOs in regulating relationships between states and minority groups as well as in promoting multiculturalism and civic participation They consider the role of scholarship and the media in defining

Macedonia and its inhabitants They also draw attention to the struggles of individuals in constructing negotiating and even transforming their identities in the face of competing nationalisms and memories In the process they re evaluate ethnicity as a conceptual tool for understanding difference in the region and raise questions about the implications of recognising and not recognising difference at the political level **Republic of Macedonia Foreign Policy** Dejan Marolov,2014-07-08 The

Palaret,2016-02-08 These two volumes cover the entire period of Macedonia s written history Volume 1 moves from the

Temenid kingdom in the Fifth Century BC through Hellenistic Roman Byzantine Bulgarian and Serbian rule to the overthrow of Christian rule by the Ottoman Turks Many of the highlights in ancient Macedonian history were created by King Philip II and his son Alexander and by the struggles of the Antigonid regime to withstand the ambitions of the Romans High points in the Byzantine rule were achieved under Emperor Justinian in the 6th Century and again under Basil II in the 11th Geography made Macedonia a transit territory for the Crusades but their passage was marked nevertheless by wanton brutality By the beginning of the 13th Century Byzantine power had passed its apogee and it suffered the sack of Constantinople by the Fourth Crusade The ensuing establishment of the Latin Empire exposed Macedonia to repeated rounds of devastation by Latin Bulgarian and Greek warlords Despite the recovery of Constantinople by Michael Palaeologus the much weakened Byzantine Empire could no longer withstand its foes Despite the transient displacement of Greek power by Serbian rule Macedonia was destined to succumb to the Ottomans The emphasis in Volume 1 is weighted geographically towards Aegean Macedonia northwestern Greece where the ancient kingdom was rooted Vardar Macedonia the lands that now comprise the Macedonian Republic only emerged as a civilised historical entity during the Middle Ages This voyage through history not only documents the Macedonian past but also discovers its cultural heritage This includes the mosaics and sculptures of the Alexandrine era and its Christian churches for Christianity left its indelible mark on Macedonian civilisation The book follows the emergence of early Christianity from the time of St Paul but gives emphasis to the artistic culture of late antiquity A further chapter is devoted to Orthodox mysticism and its fourteenth century role in the creation of the secret churches in the lakes of Ohrid and Prespa Another charts the strange history of Athos Macedonia's Holy Mountain peninsula in its formative period
