extensive galleries of Moy's vibrant work. Unlike the broad range of her previous book, the focus here is flowers in still life in the landscape and as botanical portraits, and the book includes an in-depth techniques section on creating a range of different flower and leaf shapes so that the reader can go on to produce their own unique masterpieces. Moy's passionate use of colour and the deep texture created by felting are what draw me to her work. I also like the way that she concentrates on her surroundings for her subject matter; her work is very free. e Kaffe Fassett
