Kenneth Burke on Myth Laurence Coupe, 2005 Kenneth Burke rhetorician philosopher linguist sociologist literary and music critic crank was one of the foremost theorists of literary form He did not fit tidily into any philosophical school nor was he reducible to any simple set of principles or ideas He published widely and is probably best known for two of his classic works *A Rhetoric of Motive* and *Philosophy of Literary Form* His observations on myth however were never systematic and much of his writing on literary theory and other topics cannot be fully understood without fleshing out his thoughts on myth and mythmaking

[The Crisis of Marxist Ideology in Eastern Europe](#) Vladimir Tismaneanu, 2023-03-31 First published in 1988 *The Crisis of Marxist Ideology in Eastern Europe* states that since de Stalinisation began in Eastern Europe the dead hand of institutional Marxism has been eroded by revisionist Marxism with the turn to young Marx and the philosophy of human emancipation to undermine prevailing orthodoxies But this revisionism clung to the old socialist dogmas and refused a total break with the system and the effort eventually failed The result was the emergence of a dissident counterculture rejecting the system entirely Independent social movements such as unofficial peace groups and trade unions like Solidarity have given this counterculture a major role in Eastern Europe whilst the ruling elites have responded with confusion Tismaneanu concludes that the only hope for the anti totalitarian intellectuals of Eastern Europe is to oppose the regimes with non Marxist ideas otherwise they will be permanently reduced to the status of a hopeless albeit heroic minority This book will be of interest to students of economics political science and international relations

Hegel, Marx, Nietzsche Henri Lefebvre, 2020-02-11 With the translation of Lefebvre's philosophical writings his stature in the English speaking world continues to grow Though certainly within the Marxist tradition he consistently saw Marx as an unavoidable necessary but insufficient starting point Unsurprisingly Lefebvre always insisted on the importance of Hegel to understanding Marx But the imposing Metaphilosophy also suggested the significance he ascribed to Nietzsche in the realm of shadows through which philosophy seeks to think the world Lefebvre proposes here that the modern world is at the same time Hegelian in terms of the state Marxist in terms of the social and society and Nietzschean in terms of civilization and its values As early as 1939 Lefebvre pioneered a French reading of Nietzsche that rejected the philosopher's appropriation by fascism bringing out the tragic implications of Nietzsche's proclamation that God is dead long before this approach was followed by such later writers as Foucault Derrida and Deleuze Forty years later in the last of his philosophical writings Lefebvre juxtaposes the contributions of the three great thinkers in a text whose themes remain surprisingly

Richardson, 2000-04-22 A book on modern mythology The Birth of Fascist Ideology Zeev Sternhell, Mario Sznajder, Maia Ashéri, 1994 When *The Birth of Fascist Ideology* was first published in 1989 in France and at the beginning of 1993 in Italy it aroused a storm of response positive and negative to Zeev Sternhell's controversial interpretations In Sternhell's view fascism was much more than an episode in the history of Italy He argues here that it possessed a coherent ideology with deep roots in European civilization Long before fascism became a political force he maintains it was a major cultural phenomenon This important book further asserts that although fascist ideology was grounded in a revolt against the Enlightenment it was not a reactionary movement It represented instead an ideological alternative to Marxism and liberalism and competed effectively with them by positing a revolt against modernity Sternhell argues that the conceptual framework of fascism played an important role in its development Building on radical nationalism and an antimaterialist revision of Marxism fascism sought to destroy the existing political order and to uproot its theoretical and moral foundations At the same time its proponents wished to preserve all the achievements of modern technology and the advantages of the market economy Nevertheless fascism opposed every bourgeois value universalism humanism progress natural rights and equality Thus as Sternhell shows the fascists adopted the economic aspect of liberalism but completely denied its philosophical principles and the intellectual and moral heritage of modernity **Politics, Ideology, and Literary Discourse in Modern China** Kang Liu, Xiaobing Tang, 1993-11-16 This collection of essays addresses the perception that our understanding of modern China will be enhanced by opening the literature of China to more rigorous theoretical and comparative study In doing so the book confronts the problematic and complex subject of China's literary theoretical and cultural responses to the experience of the modern With chapters by writers scholars and critics from mainland China Hong Kong and the United States this volume explores the complexity of representing modernity within the Chinese context Addressing the problem of finding a proper language for articulating fundamental issues in the historical experience of twentieth century China the authors critically re-examine notions of realism the self subject and modernity and draw on perspectives from feminist criticism ideological analysis and postmodern theory Among the many topics explored are subjectivity in Chinese cultural theory Chinese gender relations the viability of a Lacanian approach to Chinese identity the politics of subversion in Chinese reportage and the ambivalent status of the icon of paternity since Mao At the same time this book offers a probing look into the transformation that Chinese culture as well as the study of that culture is currently undergoing it also reconfirms private discourse as an ideal site for an investigation into a real and imaginary private and collective encounter with history Contributors Liu Kang Xiaobing Tang Liu Zaifu Stephen Chan Lydia H Liu Wendy Larson Theodore Hutters David Wang Tonglin Lu Yingjin Zhang Yuejin Wang Li Tuo Leo Ou fan Lee **Ideology** David Hawkes, 2004-03 With a clear focus on student needs David Hawkes traces the history of the term and the debates which surround it from Machiavelli to the present day Identity as Ideology
