Marxism And The Great French Revolution:

Marxism and the Great French Revolution Paul McGarr, Alex Callinicos, John Rees, 1989 *Rethinking the French Revolution* George C. Comninel, 1987 Historians generally and Marxists in particular have presented the revolution of 1789 as a bourgeois revolution one which marked the ascendance of the bourgeois as a class the defeat of a feudal aristocracy and the triumph of capitalism Recent revisionist accounts however have raised convincing arguments against the idea of the bourgeois class revolution and the model on which it is based In this provocative study George Comninel surveys existing interpretations of the French Revolution and the methodological issues these raise for historians He argues that the weaknesses of Marxist scholarship originate in Marx's own method which has led historians to fall back on abstract conceptions of the transition from feudalism to capitalism Comninel reasserts the principles of historical materialism that found their mature expression in *Das Kapital* and outlines an interpretation which concludes that while the revolution unified the nation and centralized the French state it did not create a capitalist society **Marxism and History** Matt Perry, 2021-08-16 This textbook examines Marxism's enormous impact on the way historians approach their subject Tackling current historiographical questions in an accessible way the author offers a clear introduction to Marxist views of history key Marxist historians and thinkers and the relevance of Marxist theory and history to students own work This is a concise thorough overview of an important area of historiography The second edition incorporates significant new developments in research including Marxist contributions to the emergence of global maritime and transnational history the discovery of Marx's ecologism and the historical critique of fossil capitalism as a source of environmental disaster a reassessment of gender oppression through social reproduction theory and the contribution of Marxism to debates on race Eurocentrism and whiteness **Marx and the French Revolution** François Furet, 1988-12-14 Throughout his life Karl Marx commented on the French Revolution but never was able to realize his project of a systematic work on this immense event This book assembles for the first time all that Marx wrote on this subject François Furet provides an extended discussion of Marx's thinking on the revolution and Lucien Calvi situates each of the selections drawn from existing translations as well as previously untranslated material in its larger historical context With his early critique of Hegel Marx started moving toward his fundamental thesis that the state is a product of civil society and that the French Revolution was the triumph of bourgeois society Furet's interpretation follows the evolution of this idea and examines the dilemmas it created for Marx as he considered all the faces the new state assumed over the course of the Revolution the Jacobin Terror following the constitutional monarchy Bonaparte's dictatorship following the parliamentary republic The problem of reconciling his theory with the reality of the Revolution's various manifestations is one of the major difficulties Marx contended with throughout his work The hesitation the remorse and the contradictions of the resulting analyses offer a glimpse of a great thinker struggling with the constraints of his own system Marx never did elaborate a theory of an autonomous state but he never stopped

wrestling with the challenge to his doctrine posed by late eighteenth century France whose changing conditions and successive regimes prompted some of his most intriguing and until now unexplored thought **The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture** Jay Bergman, 2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics **The French Revolution and the Russian Anti-Democratic Tradition** Dmitry A. Likhachev, 1997-01-01 The political uncertainty following the collapse of the Soviet Union and the rejection of the revolutionary model has brought Russian political thought full circle as democratic forces contend with authoritarian nationalism This volume is essential to understanding the antidemocratic tradition in Russia and the persistent danger of totalitarianism History and the Formation of Marxism Bertel Nygaard, 2022-09-19 This book redefines the relationship between Marxism and history At its roots Marxism was aimed at analyzing society in order to change it reflecting on the past to create the poetry of the future No single event of the past was as important to early Marxists as the French Revolution of 1789 Studying the varying uses of the history of that past event among Karl Marx Friedrich Engels and prominent European Marxists before 1914 Karl Kautsky V I Lenin and others this book argues that we should take the historiography of concrete past events seriously It was not only an auxiliary element of Marxism but a core constitutive element in its formation Thus this book calls for transcending traditional approaches to Marxism as a fixed set of social theories combined with strategies for the present and future Important to students of Marxism the labor movement and the French Revolution alike this study contains refreshing perspectives on the interplay between past present and future and on the role of states social classes socio economic determination and political organization in history *The World of the French Revolution* Robert R Palmer, 2016-06-10 This book examines the European world before 1789 recounts the history of the revolution in France itself and then explores its monumental impact on European society The book focusses on the causes

of this impact and discusses the levels of thinking communication social political and economic conditions in France at the time which combined to make the revolution possible and which were similar to those developments elsewhere in Europe

The French Revolution and Social Democracy Jean-Numa Ducange, 2018-11-26 Beyond France's own national historiography the French Revolution was a fundamental point of reference for the nineteenth century socialist movement As Jean Numa Ducange tells us while Karl Marx never wrote his planned history of the Revolution from the 1880s the German and Austrian social democrats did embark on such a project This was an important moment for both Marxism and the historiography of the French Revolution Yet it has not previously been the object of any overall study The French Revolution and Social Democracy studies both the social democratic readings of the foundational revolutionary event and the place of this history in militant culture as seen in sources from party educationals to leaflets and workers calendars First published in 2012 as *La Révolution française et la social-démocratie Transmissions et usages politiques de l'histoire en Allemagne et Autriche 1889-1934* by Presses Universitaires de Rennes in 2012 *The Routledge Companion to the French Revolution in World History* Alan Forrest, Matthias Middell, 2015-09-16 The Routledge Companion to the French Revolution in World History engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America North America and Africa assess how far events there impacted on the Revolution in France and suggest something of the Revolution's enduring legacy in the modern world The Companion views the French Revolution through a deliberately wide lens The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela Three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth century Britain the American colonies and Meiji Japan The focus then switches to international involvement in the events of 1789 and the circulation of ideas people goods and capital In a final section contributors throw light on how the Revolution was and is still remembered across the globe with chapters on Russia China and Australasia An introduction by the editors places the Revolution in its political historical and historiographical context The Routledge Companion to the French Revolution in World History is a timely and important contribution to scholarship of the French Revolution [Selected Writings on Soviet Law and Marxism](#) P.I. Stuchka, Robert Sharlet, Peter B. Maggs, Piers Beirne, 2019-07-23 The Latvian born legal theorist P I Stuchka 1865-1932 generally recognized as one of the principal architects of modern Soviet legal theory and the Soviet legal system itself was a prodigious author and editor Twenty essays by Stuchka written between 1917 and 1931 were selected for translation **The French Revolution and the Russian Anti-Democratic Tradition** Dmitry Shlapentokh, 2018-01-31 The political uncertainty following the collapse of the Soviet Union and the rejection of the revolutionary model has brought Russian political thought full circle as democratic forces contend with authoritarian nationalism This volume is essential to

understanding the antidemocratic tradition in Russia and the persistent danger of totalitarianism **A Handbook of Marxism** Emile BURNS,1970 **Karl Marx's Theory of Revolution III** Hal Draper,1977 In this third volume of his definitive study of Karl Marx's political thought Hal Draper examines how Marx and Marxism have dealt with the issue of dictatorship in relation to the revolutionary use of force and repression particularly as this debate has centered on the use of the term dictatorship of the proletariat Writing with his usual wit and perception Draper strips away the layers of misinterpretation and misinformation that have accumulated over the years to show what Marx and Engels themselves really meant by the term The Political Ideas of Marx and Engels Richard Norman Hunt,2016-01-08 Marxism and Modern Thought N. I. Bukharin,A. M. Deborin,Y. M. Yuranovsky,S. I. Vavilov,V. L. Komarov,A. I. Tiumeniev,2013-09-05 First published in English in 1935 this is a vital and stimulating critical appraisal of contemporary thought in the post World War One era Written by a selection of leading Marxist thinkers including Nikolai Bukharin who would later become one of the most famous victims of Stalin's show trials this work offers a Marxist critique of contemporary thought relating to philosophy science and history The authors all lean towards the view that the general tendency of modern thought is to abandon the historical method and to deny progress with the conclusion that Marxism was the only historical and progressive outlook in science philosophy and history in the period following the First World War and the Communist revolution in Russia A fascinating document of great historical and political interest which offers an invaluable insight into contemporary thought in the Soviet Union of the 1930s *Marxism and Freedom* Raya Dunayevskaya,2024-01-11 In this classic exposition of Marxist thought Raya Dunayevskaya with clarity and great insight traces the development and explains the essential features of Marx's analysis of history Using as her point of departure the Industrial and French Revolutions the European upheavals of 1848 the American Civil War and the Paris Commune of 1871 Dunayevskaya shows how Marx inspired by these events adapted Hegel's philosophy to analyze the course of history as a dialectical process that moves from practice to theory The essence of Marx's philosophy as Dunayevskaya points out is the human struggle for freedom which entails the gradual emergence of a proletarian revolutionary consciousness and the discovery through conflict of the means for realizing complete human freedom But freedom for Marx meant freedom not only from capitalist economic exploitation but also from all political restraints Continuing her historical analysis Dunayevskaya reveals how completely Marx's original conception of freedom was perverted through its adaptations by Stalin in Russia and Mao in China and the subsequent erection of totalitarian states The exploitation of the masses persisted under these regimes in the form of a new state capitalism Yet despite the profound derailment of Marxist political philosophy in the twentieth century Dunayevskaya points to developments such as the Hungarian revolt of 1956 and the Civil Rights struggles in the United States as signs that the indomitable quest for freedom on the part of the downtrodden cannot be forever repressed The Hegelian dialectic of events propelled by the spirit of the masses thus moves on inexorably with the hope for the future achievement of political economic and social freedom and

equality for all Marxism Michael Curtis,1997-01-01 Marxism The Inner Dialogues covers a wide range of basic issues and problems arising from what has been said for against and about Marxism This is a rich and systematic collection of writings by the foremost authorities on the subject in the world The book provides the most inclusive and lasting analysis of Marxist thought available Curtis has confronted current problems in Marxist studies in the context of the classic concerns of Western thought **Austro-Marxism: The Ideology of Unity** Mark E. Blum,William T. Smaldone,2015-09-29 This volume offers the essential theoretical thought of the Austro Marxist thinkers Otto Bauer Max Adler Karl Renner Friedrich Adler Rudolf Hilferding and Otto Neurath over the span of their Austrian Social Democratic careers from the decades before World War I until the mid 1930s Austro Marxist theoretical perspectives were conceived as social scientific tools for the issues that faced the development of socialism in their time The relevance of their thought for the contemporary world inheres in this understanding **Edinburgh Critical History of Nineteenth-Century Philosophy** Alison Stone,2011-06-06 The Edinburgh Critical History of Philosophy is a seven volume reference work on the history of philosophy This volume surveys the key issues and debates distinct to nineteenth century philosophy

Marxism And The Great French Revolution Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Marxism And The Great French Revolution PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to

focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Marxism And The Great French Revolution PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Marxism And The Great French Revolution free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Marxism And The Great French Revolution Books

1. Where can I buy Marxism And The Great French Revolution books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Marxism And The Great French Revolution book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
