Szumowska**

Moderate Among Extremists:

A Moderate Among Extremists James C. Duram, 1981 Desegregating Texas Schools Robyn Duff Ladino, 2010-01-01
This study of school integration struggles in 1950s Texas demonstrates how power politics denied black students their constitutional rights In the famous Brown v the Board of Education decisions of 1954 and 1955 the United States Supreme Court ruled that separate but equal schools for black and white students were unconstitutional Yet it took more than a decade of struggle before black students gained full access to previously white schools Mansfield Texas a small community southeast of Fort Worth was the scene of an early school integration attempt In this book Robyn Duff Ladino draws on interviews with surviving participants media reports and archival research to provide the first full account of the Mansfield school integration crisis of 1956 Ladino explores how politics at the local state and federal levels ultimately prevented the integration of Mansfield High School in 1956 Her research sheds new light on the actions of Governor Allan Shivers who in the eyes of the segregationists validated their cause through his actions and it underscores President Eisenhower's public passivity toward civil rights during his first term of office Despite the short term failure however the Mansfield school integration crisis helped pave the way for the successful integration of Central High School in Little Rock Arkansas in 1957 Thus it deserves a permanent place in the history of the civil rights movement **Right-wing Extremism in the**

Twenty-first Century Peter Merkl, Weinberg LEONARD, 2004-08-02 Revising the 1997 first edition this study covers events that occurred in Oldham and Bradford after the year 2000 The rise of right wing extremist groups is put under scrutiny in a number of states including Britain Germany Austria Russia and France **Extremist Mindsets and Strategies** S. Clara Kim, 2021-06-11 Presenting an analysis of modern day extremism this book explores how any group of people or participants in a movement political ideological racial ethnonational religious or issue driven can adopt extremist mindsets if they believe their existence or interests are threatened Looking beyond fringe resistance groups already labeled as terrorists or subversives the author examines conventional organizations political parties religious groups corporations interest groups nation states police and the military that deploy extremist strategies to further their agendas Dynamics of mutual causation process between dominant and resistant extremist groups are explored including how resistant extremists surface in response to oppressive and abusive measures advanced by the dominant groups to further their interests and maintain supremacy through systemic injustices as happens in slavery caste systems patriarchy colonialism autocracy exploitive capitalism and discrimination against minorities **Islamist extremism in Europe : hearing , Islamist Extremism**

in Europe United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on European Affairs, 2007

Right-wing Extremism in the Twenty-first Century Peter H. Merkl, Leonard Weinberg, 2003 Dialogos encompasses Greek language and literature Greek history and archaeology Greek culture and thought present and past a territory of distinctive richness and unsurpassed influence It seeks to foster critical awareness and informed debate about the ideas

events and achievements that make up this territory by redefining their qualities by exploring their interconnections and by reinterpreting their significance within Western culture and beyond

Extremism and Counter-Extremism Narratives in Pakistan Sadia Nasir, 2023-05-19 The book provides an extensive analysis of extremism extremist narratives and counter narratives and their role in consolidating exclusive religious cultural and social identities in Pakistan Focusing on the construction and institutionalization of extremist tendencies the book studies the process of the adoption of the narrow interpretation of religion and society which subsequently was equated with national identity It looks at the efforts of counter extremism narratives which tend to focus on violent extremism while overlooking non violent manifestations The author highlights that the main issue with counter narratives is the difficulty in presenting extremism and its narratives as a threat since they have been normalized with the state being part of facilitating and building them A valuable and much required contribution to the existing literature on extremism and narrative building in Pakistan this book would help students academics and policymakers in identifying the limitations of counter narratives in Pakistan while providing them with a detailed overview of extremism and extremist narratives It will also be of interest to researchers studying Security Studies and Asian Politics especially in the context of South Asia

The Psychology of Extremism Arie Kruglanski, Catalina Kopetz, Ewa Szumowska, 2021-09-12 This ground breaking book introduces a new model of extremism that emphasizes motivational imbalance among individual needs offering a unique multidisciplinary exploration of extreme behaviors relating to terrorism dieting sports love addictions and money In popular discourse the term extremism has come to mean largely violent extremism but this is just one of many different types extreme sports extreme diets political and religious extremisms extreme self interest extreme attitudes extreme devotion to a cause addiction to substances or behavioral addiction to videogames shopping pornography sex and work But do these descriptions have a deeper meaning Do they reveal a common psychological dynamic Or are they merely a mode of things about phenomena that have little in common Bringing together world leading psychologists from a variety of disciplines the book uses a brand new model to examine different expressions of extremism at different levels of analysis brain hormones and behavior in order not merely to describe such behaviors but also to explain their occurrence and the conditions under which they may be likely to emerge Also including suggestions for ways in which extremism could be counteracted and to what extent it appears to be harmful to individuals and society this is essential reading for students and academics in psychology and behavioral sciences

Democratic Extremism in Theory and Practice Paul Lucardie, 2013-12-04 Democracy and extremism are usually considered as opposites We assume that our system in the UK the USA the Netherlands etc is democratic and extremists try to destroy our system and introduce some kind of dictatorship if not chaos and anarchy Yet in many cases the extremists seem sincere in their attempt to construct a more democratic polity Hence they can be called democrats and yet also extremists in so far as they strive for a regime with characteristics that are more extreme in a significant sense This book analyses radical and extreme democratic theories and

ideas in their historical context interlocked with critical descriptions of historical institutions and experiments that help to evaluate the theories. Cases range from ancient Athens to recent experiments with citizen juries and citizen assemblies from the time honoured Swiss Landsgemeinde to contemporary and controversial workers councils in Venezuela and participatory budgeting in Porto Alegre. Among the theorists discussed here are familiar names as well as relatively unknown persons: Jean Jacques Rousseau and Karl Marx, Murray Bookchin and John Burnheim, William Godwin and Barbara Goodwin, Anton Pannekoek and Heinz Dieterich. Whereas the extreme ideas do not seem to work very well in practice, they do indicate ways by which we could make existing political systems more democratic. This book will be of interest to students of Politics and Current Affairs as well as inspiration to political activists and reformists.

Social and Political Thought in Modern India Mr. Rohit Manglik, 2023-06-23. In this book we will study about modern Indian political and social thinkers like Gandhi, Ambedkar, Tagore, Nehru and others and their impact on modern India's democratic and social frameworks.

The U.S. Senate Burdett Loomis, 2011-07-26. With an avalanche of scholarship on the House, it can be tough to balance out coverage in a typical Congress course with appropriate readings on the slow institution. Offering top notch research geared to an undergraduate audience, Loomis' new edited volume represents a broad picture of the contemporary Senate and how it came to be. While addressing issues of delay, obstruction and polarization in a variety of ways, the scholars in this collection are not proposing a reform agenda but instead explore the historical and political contexts for how difficult it can be to change a non-majoritarian, highly individualistic institution. Students will come away from these chapters with a much greater appreciation of the Senate's unique combination of tradition, precedent and constitutional mandate.

A Storm Over this Court Jeffrey D. Hockett, 2013. On the way to offering a new analysis of the basis of the Supreme Court's iconic decision in *Brown v Board of Education*, Jeffrey Hockett critiques an array of theories that have arisen to explain it and Supreme Court decision making generally. Drawing upon justices' books, articles, correspondence, memoranda and draft opinions, *A Storm over This Court* demonstrates that the puzzle of *Brown*'s basis cannot be explained by any one theory. Borrowing insights from numerous approaches to analyzing Supreme Court decision making, this study reveals the inaccuracy of the popular perception that most of the justices merely acted upon a shared liberal preference for an egalitarian society when they held that racial segregation in public education violates the equal protection clause of the Fourteenth Amendment. A majority of the justices were motivated instead by institutional considerations, including a recognition of the need to present a united front in such a controversial case, a sense that the Court had a significant role to play in international affairs during the Cold War and a belief that the Court had an important mission to counter racial injustice in American politics. *A Storm over This Court* demonstrates that the infusion of justices' personal policy preferences into the abstract language of the Constitution is not the only alternative to an originalist approach to constitutional interpretation. Ultimately, Hockett concludes that the justices' decisions in *Brown* resist any single elegant explanation. To fully explain this watershed decision and by implication others, it

is necessary to employ a range of approaches dictated by the case in question *Modern History Short Notes (Revision Notes) For IAS /PCS / CTET/ Police/CDS/EPFO/NDA/NET-JRF/Railway/SSC-CGL Exam Team Arora IAS, Index Chapter 1 Sources for Studying Modern Indian History Chapter 2 Different Perspectives on Modern Indian History Chapter 3 Europeans Arrive in India 15th Century Chapter 4 India on the Brink of Colonial Rule Chapter 5 Expansion and Consolidation of British Rule in India Chapter 6 People s Resistance Against British Rule Before 1857 Chapter 7 The Revolt of 1857 Chapter 8 Characteristics of Socio Religious Reform Movements in 19th Century India Chapter 9 Socio Cultural Reform Movements in India Chapter 10 Emergence of Modern Nationalism in India Chapter 11 Origins of the Indian National Congress Chapter 12 Rise of Militant Nationalism 1905 1909 Chapter 13 Initial Phase of Revolutionary Action Chapter 14 Nationalist Reaction to the First World War Chapter 15 Gandhi s Ascendancy and the Revival of Nationalism Chapter 16 Emergence of Non Cooperation and Khilafat Agitation Chapter 17 The Rise of New Actors in the Indian Struggle for Independence Chapter 18 The Simon Commission 1927 Chapter 19 Intersection of Civil Disobedience and Round Table Talks Chapter 20 Deliberations on Post Civil Disobedience Strategy Chapter 21 Congress Rule in Provincial Governments 1937 1939 Chapter 22 Indian Nationalist Response to World War II Chapter 23 Quit India Movement Chapter 24 National Landscape After World War II Chapter 25 Freedom with Division Chapter 26 Progression of Constitutional Structure Chapter 27 Analysis of Colonial Policies in the Indian Context Chapter 28 Economic Consequences of British Colonialism in India Chapter 29 Growth and Transformation of the Press in India Chapter 30 Development of Education under East India Company Rule Chapter 31 Economic Challenges Encountered by Indian Rural Population under Colonial Rule 1857 1947 Chapter 32 Formation of the Working Class During British Rule in India Chapter 33 Women Freedom Fighters of India Chapter 34 Governors General Viceroy of India **Ordinary Rebels** Kolby Hanson, Assistant Professor of Government Kolby Hanson, 2025-09-16 In *Ordinary Rebels* Kolby Hanson argues that these periods of state toleration do not simply change armed groups behavior but fundamentally transform the organizations themselves by shaping who takes up arms and which leaders they follow This book draws on a set of innovative experimental surveys and 75 in depth interviews tracing four armed movements over time in Northeast India and Sri Lanka A powerful new theory of how conditions shape the trajectory of non state armed groups this book reshapes our understanding of why such organizations become more moderate over time **The Assassins** Bernard Lewis, 2008-08-05 From a master historian the definitive account of history s first terrorists An offshoot of the Ismaili Shi ite sect of Islam the Assassins were the first group to make systematic use of murder as a political weapon Established in Iran and Syria in the eleventh and twelfth centuries they aimed to overthrow the existing Sunni order in Islam and replace it with their own They terrorized their foes with a series of dramatic murders of Islamic leaders as well as of some of the Crusaders who brought their name and fame back to Europe Professor Lewis traces the history of this radical group studying its teachings and its influence on Muslim thought Particularly insightful in light of the rise of the terrorist attacks in the U S*

and in Israel this account of the Assassins whose name is now synonymous with politically motivated murderers places recent events in historical perspective and sheds new light on the fanatic mind **Europe and Israel** Ilan Greilsammer, Joseph Weiler, 1988 No detailed description available for Europe and Israel **The Press We Deserve** Richard Boston, 2015-07-16 Originally published in 1970 This book takes an extremely critical look at the British Press and explodes complacently held views of the time about the merits and virtues of British newspapers From its polemical introduction by the editor it continues with chapters by a strong host of contributors to set the press in historical context consider Fleet Street's methods and look at the effect of advertising Particular aspects investigated are that of women's journalism sport financial journalism and reviewing Final chapters look at the underground fringe press provincial papers and a comparison with other countries press **Case and the Syntax of Argument Indexation** Assistant Professor of Linguistics Faruk Akkuş, David Embick, Professor of Linguistics David Embick, Mohammed A. Salih, Faruk Akkuş, 2025-07-31 This book draws on data from Sorani Kurdish to present an analysis of argument indexation the process by which arguments in a clause are coindexed with grammatical markers that bear their features This novel analysis is shown to have broader implications particularly for theories of case assignment **Political Extremism in Democracies** William M. Downs, 2012-06-18 When political extremists organized into parties that compete openly and successfully in democratic elections enter the conventional institutional arena how do mainstream actors react This book deals with understanding how democracies respond to party based extremism and with what consequences
