Long Mynd:

The Midlands' Best Views Simon Jenkins, 2013-10-03 England's views are remarkable for their beauty and variety. In this illustrated first of its kind guide, bestselling author Simon Jenkins picks the very best views from the heart of England, including Broadway Tower, Chipping Campden, Cleve Hill, Ironbridge Gorge, Malverns, Tyndale Monument, Chatsworth, Kinder Downfall, and more, and explains the fascinating stories behind them. Jenkins' entertaining and erudite entries provide the rich historical, geographical, botanical, and architectural background to the Midlands' breathtaking sights, both iconic and undiscovered. Filled with Roman roads, cliff tops, follies, mountains, ancient castles, rolling forests, and heart-stopping moments, you'll soon wonder how you chose walks, mini breaks, or spontaneous diversions without it. **Really Wild Cycling** Chris Sidwells, 2020-06-18 An illustrated pocket guide to off the beaten track cycling challenges. Really Wild Cycling follows in the tracks of Chris's bestselling Wild Cycling. Most, if not all, the rides are off road, but each one presents a challenge to inspire readers to train for it and have a go. Most take only a few hours, but some are longer, and a few much longer, taking even the fittest several days. An introduction explains safety techniques and underlines the skills, knowledge, equipment, and fitness levels required. The rides are graded in ascending difficulty within each region. Each ride suggests regular escape points to get riders to a safe place should the weather close in, and draws attention to places where extra care should be taken. Some rides are on marked routes like the Trans Pennine Trail; some are races or organised challenges, while others are routes the author himself has mapped out. Each ride is illustrated with photos, an annotated map, and a profile of the terrain. The text includes a detailed route guide and historical, geological, and natural points of interest. Bradt s distinctive award winning series of Slow travel guides to UK regions this new thoroughly updated third edition of

Shropshire Slow Travel remains the only standalone guidebook to provide in depth coverage of England's largest landlocked county. Although often overlooked, Shropshire is remarkable, the nearest earthly place to paradise according to author PG Wodehouse. The county has been touched by every era of history; the British Isles have known Bronze Age people, Iron Age tribes, Romans, Saxons, and Normans, all left their marks in hillforts, earthworks, roads, churches, place names, and legends, while Shropshire's position at the once turbulent Anglo-Welsh borders has left a legacy of castles, castle ruins, and fortified manor houses, all carrying stories of clashes and feuds. In the north, flat fertile plains, plus meres and mosses, give way to hills, valleys, and woodland in the south. In the Shropshire Hills, quintessential Shropshire, Church Stretton was popular with Victorians for its Alps-like air and is an ideal walking base for the Stretton Hills, and the Long Mynd. Bishop's Castle is home to a poetry pharmacy, and the country's oldest working brewery, Genteel Ludlow, is a nationally famous foodie destination. Britain's Slow Food capital hosts four of the county's nine Michelin guide Bib Gourmand restaurants. Southeast Shropshire has Bridgnorth, with its quirky cliff railway joining Low Town to High Town, and Much Wenlock, birthplace of the modern-day Olympics. The Telford and Wrekin region incorporates the spectacular UNESCO site of Ironbridge Gorge and ten excellent museums. Writing with intimate detail and insider tips, author Marie Kreft offers detailed descriptions of places, historical overviews, ghost stories, and folk tales, plus first-hand accounts from Shropshire residents and a hand-picked selection of restaurant recommendations. Emphasising car-free travel, local produce, and characterful accommodation, the guide unapologetically takes you the long way round through ancient woodland, over bridges, and Blue Remembered Hills, back in time into castles, churches, and interesting pubs, cheerfully and wittily savouring the authentic offbeat and local. All in all, Bradt's Shropshire Slow Travel is an indispensable guide to one of Britain's most scenic and intriguing counties.

The January Man

Christopher Somerville, 2017-01-12. Evocatively written and charming. Countryfile: The January Man is a book that makes you want to pull on your boots, grab a map, and get out there. Country Life: The January Man is the story of a year of walks that was inspired by a song. Dave Goulder's The January Man: Month by month, season by season, and region by region. Christopher Somerville walks the British Isles following routes that continually bring his father to mind. As he travels the country from the winter floodlands of the River Severn to the lambing pastures of Nidderdale, the towering seabird cliffs on the Shetland Isle of Foula in June, and the ancient oaks of Sherwood Forest in autumn, he describes the history, wildlife, landscapes, and people he encounters down back lanes and old paths in rain and fair weather. This exquisitely written account of the British countryside not only inspires us to don our boots and explore the 140,000 miles of footpaths across the British Isles but also illustrates how, on long-distance walks, we can come to an understanding of ourselves and our fellow walkers. Over the hills and along the byways, Christopher Somerville examines what moulded the men of his father's generation, so reticent about their wartime experiences, so self-effacing, upright, and dutiful, as he searches for the man inside the man that his own father really was.
