Tylenda, 2009-09-03 Saint Ignatius of Loyola was a man who saw above and beyond his century a man of vision and calm hope who could step comfortably into our era and the Church of our time and show us how to draw closer to Christ Ignatius autobiography spans eighteen very important years of this saint s 65 year life from his wounding at Pamplona 1521 through his conversion his university studies and his journey to Rome in order to place his followers and himself at the disposal of the Pope These critical years reveal the incredible transformation and spiritual growth in the soul of a great saint and the events that helped to bring about that change in his life This classic work merits a long life Apart from providing a splendid translation of the saint s original text Father Tylenda has included an informative commentary which enables the modern reader to grasp various allusions in the text and to gain a better view of a saintly man baring his soul

The Long Journey Home Andrew J. Schmutzer, 2011-10-01. Maybe the only thing new about sexual abuse is quality discussion from several professions: psychology, theology, and pastoral care. Here are the insights of over two dozen psychologists, theologians, and those in pastoral care, all targeting the issue of sexual abuse. Designed as a resource for Christian educators, therapists, pastors, social workers, group leaders, and survivors, *The Long Journey Home* combines current research in mental health with rich theological reflection, global concern with fervent pastoral wisdom for the local faith community. Whether you are a counselor, professor, pastor, or spouse of a survivor, you hold in your hand a fresh resource of information and advocacy for those suffering from the devastating effects of sexual abuse and rape. The breadth of material, biblical insight, discussion, questions, and helpful resources gathered here just may be the tool of a generation.

The Camino de Santiago in the 21st Century Samuel Sánchez y Sánchez, Annie Hesp, 2015-08-11. The Spanish Camino de Santiago, a pilgrimage rooted in the Medieval period and increasingly active today, has attracted a growing amount of both scholarly and popular attention. With its multiple points of departure in Spain and other European countries, its simultaneously secular and religious nature, and its international and transhistorical population of pilgrims, this particular pilgrimage naturally invites a wide range of intellectual inquiry and scholarly perspectives. This volume fills a gap in current pilgrimage studies, focusing on contemporary representations of the Camino de Santiago. Complementing existing studies of the Camino's medieval origins, it situates the Camino as a modern experience and engages interdisciplinary perspectives to present a theoretical framework for exploring the most central issues that concern scholars of pilgrimage studies today. Contributors explore the contemporary meaning of the Camino through an interdisciplinary lens that reflects the increasing permeability between academic disciplines and fields, bringing together a wide range of theoretical and critical perspectives: cultural studies, literary studies, globalization studies, memory studies, ethnic studies, postcolonial studies, cultural geographies, photography, and material culture. Chapters touch on a variety of genres: blogs, film, graphic novels, historical novels, objects, and travel guides, and transnational perspectives: Australia, the Arab world, England, Spain, and the United States.

Emotions, Communities, and Difference in Medieval Europe Maureen C. Miller, Edward Wheatley, 2017-01-12 This book of eleven essays by an international group of scholars in medieval studies honors the work of Barbara H Rosenwein Professor emerita of

History at Loyola University Chicago Part I Emotions and Communities comprises six essays that make use of Rosenwein's well known and widely influential work on the history of emotions and what Rosenwein has called emotional communities. These essays employ a wide variety of source material such as chronicles, monastic records, painting, music theory, and religious practice to elucidate emotional commonalities among the medieval people who experienced them. The five essays in Part II Communities and Difference explore different kinds of communities and have difference as their primary theme: difference between the poor and the unfree, between power as wielded by rulers or the clergy, between the western Mediterranean region and the rest of Europe, and between a supposedly great king and lesser ones.
