Long Shadow Culture Politics In The Mi:

The Long Shadow of German Colonialism Henning Melber, 2024-07-18 From 1884 to 1914 the world's fourth largest overseas colonial empire was that of the German Kaiserreich. Yet this fact is little known in Germany and the subject remains virtually absent from most school textbooks. While debates are now common in France and Britain over the impact of empire on former colonies and colonising societies, German imperialism has only more recently become a topic of wider public interest. In 2015 the German government belatedly and half heartedly conceded that the extermination policies carried out over 1904-8 in the settler colony of German South West Africa now Namibia qualify as genocide. But the recent invigoration of debate on Germany's colonial past has been hindered by continued amnesia, denialism and a populist right endorsing colonial revisionism. A campaign against postcolonial studies has sought to denounce and ostracise any serious engagement with the crimes of the imperial age. Henning Melber presents an overview of German colonial rule and analyses how its legacy has affected and been debated in German society, politics and the media. He also discusses the quotidian experiences of Afro Germans, the restitution of colonial loot and how the history of colonialism affects important institutions such as the Humboldt Forum.

Prisoners of Politics Rachel Elise Barkow, 2019-03-04 A CounterPunch Best Book of the Year. A Lone Star Policy Institute Recommended Book. If you care as I do about disrupting the perverse politics of criminal justice, there is no better place to start than *Prisoners of Politics*. James Forman Jr., author of *Locking Up Our Own*. The United States has the highest rate of incarceration in the world. The social consequences of this fact, recycling people who commit crimes through an overwhelmed system and creating a growing class of permanently criminalized citizens, are devastating. A leading criminal justice reformer who has successfully rewritten sentencing guidelines, Rachel Barkow argues that we would be safer and have fewer people in prison if we relied more on expertise and evidence and worried less about being tough on crime. A groundbreaking work that is transforming our national conversation on crime and punishment, *Prisoners of Politics* shows how problematic it is to base criminal justice policy on the whims of the electorate and argues for an overdue shift that could upend our prison problem and make America a more equitable society. A critically important exploration of the political dynamics that have made us one of the most punitive societies in human history. A must read by one of our most thoughtful scholars of crime and punishment. Bryan Stevenson, author of *Just Mercy*. Barkow's analysis suggests that it is not enough to slash police budgets if we want to ensure lasting reform. We also need to find ways to insulate the process from political winds. David Cole, *New York Review of Books*. A cogent and provocative argument about how to achieve true institutional reform and fix our broken system. Emily Bazelon, author of *Charged*.

Commitment and Sacrifice Marilyn Shevin-Coetzee, Frans Coetzee, 2015-07-01 For years those who attempted to understand the devastation of World War I looked to the collections of diplomatic documents the stirring speeches and the partisan memoirs of the leading participants However those accounts offered little by way of the intimate history or the individual experiences of those involved in the Great War In Commitment and Sacrifice Marilyn Shevin Coetzee and Frans Coetzee provide just such an intimate look by bringing together previously unpublished diaries of five participants in the First World War and restoring to publication the diary of a sixth that has long been out of print The six diaries address the war on the Western front and the Mediterranean as well as behind the lines on the home front Together these diarists form a diverse group John French a

British sapper who dug precarious tunnels beneath the trenches of the Western Front Henri Desagneaux a French infantry officer embroiled in years of bloody combat Philip T Cate an idealistic American volunteer ambulance driver who sought to save lives rather than take them Willy Wolff a German businessman caught in England upon the war's outbreak and interned there for the duration James Douglas Hutchison a New Zealand artilleryman fighting thousands of miles from home and Felix Kaufmann a German machine gunner captured and held as a prisoner of war Through the personal reflections of these young men we are transported into many of the iconic episodes of the war from the upheaval of mobilization through the great battles of Gallipoli Verdun and the Somme as well as the less familiar other ordeal of internment and captivity As members of the so called Generation of 1914 each was between nineteen and twenty four years old they shared an unwavering commitment to their countries cause and possessed a steadfast determination to persevere despite often appalling circumstances Collectively these diaries illuminate the sacrifices of war whether willingly volunteered or stoically endured That the diarists had the desire and the ingenuity to record their experiences whether for their families posterity or simply their own personal satisfaction gives readers the ability to eavesdrop on horrors long past A century later we are fortunate that they were both willing and able to set pencil to paper
