Long Knives Short Memories:

Long Knives and Short Memories Jack Fishman, 1987 Examines the fate of the seven high ranking Nazi officers Hess Funk Speer Schirach Neurath Doenitz and Raeder incarcerated at Spandau Prison after their convictions at the Nuremberg War Crime Trials **Alan S. Milward and Contemporary European History** Fernando Guirao, Frances M.B.

Lynch, 2015-10-14 Alan S Milward was a renowned historian of contemporary Europe In addition to his books as well as articles and chapters in edited books he also wrote nearly 250 book reviews and review articles some in French and German which were published in journals world wide Taken together they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe since the French Revolution This book brings together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century Many of these discussions continue to influence us today such as the role of Germany in Europe the economic social and political foundations of European integration the European rescue of the nation state the reasons for launching the single currency the conditions for retaining the allegiance of European citizens to the notions of nation and supra nation and ultimately the issue of democratic governance in a global environment In bringing together these reviews and review articles the book provides an introduction to the main scholarly achievements of Milward in his own words Fernando Guirao and Frances M B Lynch provide an introduction to the volume which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance By introducing and bringing together this hitherto overlooked treasure trove of historical analysis this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond This unique volume will be of great interest to scholars of economic history European history and historiography *Genocide on Trial* Donald Bloxham, 2001

When the Allies decided to try German war criminals at the end of World War II they were attempting not only to punish the guilty but also to create a record of what had happened in Europe This ground breaking new study shows how Britain and the United States went about inscribing the history of Nazi Germany and the effect their trial and occupation policies had on both long and short term memory in Germany and Britain Donald Bloxham here examines the actions and trials of German soldiers and policemen the use of legal evidence the refractory functions of the courtroom and Allied political and cultural preconceptions of both Germanism and of German criminality His evidence shows conclusively that the trials were a failure the greatest of all crimes against humanity the final solution of the Jewish question was largely written out of history in the post war era and the trials failed to transmit the breadth of German criminality Finally with reference to the historiography of the Holocaust *Genocide on Trial* illuminates the function of the trials in perpetuating misleading generalizations about the course of the Holocaust and the nature of Nazism Messages of Murder Ronald Headland, 1992 Included among these are descriptions of the main features of the reports and the various stages in their compilation examples and methodology of

presentation of the killings and comparisons of reporting procedures and totals of victims shot by each of the four Einsatzgruppen The study begins by noting the post war discovery of the reports and then assumes a roughly chronological sequence in its overall treatment An outline of the major National Socialist agencies and general reporting practices before the war is followed by the events of the war as reflected in the reports Then the postwar life of the reports is examined with particular reference to their use as legal evidence at Nuremberg as well as a consideration of their reliability as historical source material

Holocaust Mosaic Helen Weber, 2006-10-29 Survivors especially will appreciate Weber s account of Hitler s war against the Jews from killing Jews at the edge of the pit to Zyklon B and the crematoria

Gauleiter Michael Miller, Andreas Schulz, 2021-07-11 No dictator can effectively govern a nation on his own This was certainly the case with Adolf Hitler who had little time for or interest in the day to day regional administration of the Nazi Party For that purpose he appointed his most loyal charismatic and brutal subordinates The Little Hitlers officially known as Gauleiters In this third volume of a series begun in 2012 Michael Miller and Andreas Schulz present in meticulous detail the lives careers and crimes of 37 such men Included are several whose wartime career paths took them outside of their home provinces and led to widespread oppression and terror outside the borders of the Reich Among these were Fritz Sauckel who presided over the roundup of millions for slave labor in the Reich Josef Terboven who oppressed the people of Norway with uncompromising brutality for five years and Gustav Simon who ruthlessly Germanized Luxembourg Perhaps most notorious of all was Julius Streicher whose virulent attacks in writing and at the podium made him the unofficial face of anti Semitism in Nazi Germany

Making and Unmaking of East-West Link James C Murphy, 2022-07-05 Melbourne s aborted East West Link the massive multi billion dollar inner city toll road project that promised to knit Melbourne closer together was divisive from the start Intense picketing and protests multiple court challenges breathless media coverage and bitter politicking consumed the Victorian parliament for years The link brought the downfall of the single term Baillieu Napthine Liberal government its cancellation cost the state half a billion dollars and it lives on in infamy a byword for brinkmanship waste and politicisation of infrastructure But where did this notorious

megaproject come from and what explains its fate Was it a project hand picked by state premiers who miscalculated its electoral value Was it foisted on the government by cunning roads bureaucrats unprepared for the public backlash Or was it simply that opponents of the project succeeded by turning it into an election issue James C Murphy explores the saga from competing vantage points detailing the layers of politics that saturate infrastructure policymaking in Australia **Karl Doenitz and the Last Days of the Third Reich** Barry Turner, 2015-09-03 Among the military leaders of the Second World War Grand Admiral Karl Doenitz remains a deeply enigmatic figure As chief of the German submarine fleet he earned Allied respect as a formidable enemy But after he succeeded Hitler to whom he was unquestioningly loyal as head of the Third Reich his name became associated with all that was most hated in the Nazi regime Yet Doenitz deserves credit for ending the war quickly while trying to save his compatriots in the East his Dunkirk style operation across the Baltic rescued up to 2 million troops and civilian refugees Historian Barry Turner argues that while Doenitz can never be dissociated from the evil done under the Third Reich his contribution to the war must be acknowledged in its entirety in order to properly understand the conflict An even handed portrait of Nazi Germany's last leader and a compellingly readable account of the culmination of the war in Europe Karl Doenitz and the Last Days of the Third Reich gives a fascinating new perspective on a complex man at the heart of this crucial period in history **Survey of Jewish Affairs, 1987** William Frankel, 1988 Addresses major issues of concern about Israel the Middle East the United States and world Jewry during the year 1986 such as the vulnerability and successes of the National Unity Government the peace process the Arab League American Middle East policy the Waldheim issue and world Jewish fundamentalism Contains a chronology of major events of 1985 and 1986 *The Chairman: John J McCloy & The Making of the American Establishment* Kai Bird, 2017-01-10 Exhaustively researched and remarkably evenhanded The New York Times Absorbing the definitive life story Kirkus Reviews A fascinating study Los Angeles Times In The Chairman the authoritative biography of John J McCloy Pulitzer Prize winning author Kai Bird chronicles the life of the man labeled the most influential private citizen in America Against the backgrounds of World War II the Cold War the construction of Pax Americana the Cuban missile crisis the Kennedy assassination and Vietnam Bird shows us McCloy's astonishing rise from self described chore boy to chairman of the Establishment His powerful circle shaped the postwar globe But McCloy stood out among them as a towering figure of achievement as a Wall Street lawyer who earned the confidence of captains of industry and presidents as Henry Stimson's right hand man at the War Department as president of the World Bank and chairman of the Chase financial empire and as presidential adviser Bird captures every facet of this self made man We see McCloy's commercial acumen as the most in demand lawyer of Wall Street his dictatorial will as high commissioner of occupied Germany and his stoic loyalty as adviser to Presidents FDR Truman Eisenhower Kennedy Johnson Carter Ford and Reagan Bird brilliantly explores how McCloy came to epitomize the American Establishment and the values of a generation that led the United States through bitter war and unparalleled prosperity **The Impact of Nazism** Alan E.

Steinweis, Daniel E. Rogers, 2003-01-01 The essays address the nature of Nazism as reflected in contemporary perceptions of Nazi Germany in the United States the origins and character of fascism the many forms of antisemitism German scholars efforts to promote persecution in the Third Reich the role of ethnic Germans in the anti Jewish and anti Slavic policies of the Reich the actions of German police in the occupation of eastern Europe and in the Holocaust Hitler s style of leadership the nazification of the German military high command and the politics surrounding the memory of Nazism and the Holocaust after 1945 BOOK JACKET
