America W. E. B. Du Bois, 2017-07-12 After four centuries of bondage the nineteenth century marked the long awaited release of millions of black slaves Subsequently these former slaves attempted to reconstruct the basis of American democracy W E B Du Bois one of the greatest intellectual leaders in United States history evaluates the twenty years of fateful history that followed the Civil War with special reference to the efforts and experiences of African Americans Du Bois s words best indicate the broader parameters of his work the attitude of any person toward this book will be distinctly influenced by his theories of the Negro race If he believes that the Negro in America and in general is an average and ordinary human being who under given environment develops like other human beings then he will read this story and judge it by the facts adduced The plight of the white working class throughout the world is directly traceable to American slavery on which modern commerce and industry was founded Du Bois argues Moreover the resulting color caste was adopted forwarded and approved by white labor and resulted in the subordination of colored labor throughout the world As a result the majority of the world s laborers became part of a system of industry that destroyed democracy and led to World War I and the Great Depression This book tells that story **The Black Speculative Arts Movement** Reynaldo Anderson, Clinton R. Fluker, 2019-11-13 The Black Speculative Arts Movement Black Futurity Art Design is a 21st century statement on the intersection of the future of African people with art culture technology and politics This collection enters the global debate on the emerging field of Afrofuturism studies with an international array of scholars and artists contributing to the discussion of Black futurity in the 21st century The contributors analyze and respond to the invisibility or mischaracterization of Black people in the popular imagination in science fiction and in philosophies of history *White Prescriptions?* Terence D. Fitzgerald, 2015-11-17 For all the debates about black males and their role in American society there has been little attention to a dangerous and growing trend the overprescription of Ritalin and other behavioral drugs This book reveals how and why black males are disproportionately targeted and controlled by American schools in ways that hamper and endanger their

educational success Fitzgerald shows how the government medical practitioners and the pharmaceuticals industry have facilitated this oppressive trend setting it against a larger historical backdrop of racism in American education Global Science Fiction Gary Westfahl, 2025-06-18 Science fiction represents a diverse community of writers and readers that spans the entire world This collection provides a global tour of the genre with essays about Latin American European African Arabic Indian Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S Buckell Lourenco Mutarelli Stanislaw Lem Masande Ntshanga Tawfiq Al Hakim Anil Menon and Cixin Liu The contributing scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction An introductory survey of foreign language science fiction in the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world **Black Titan** Carol Jenkins, Elizabeth Gardner Hines, 2005-01-25 The grandson of slaves born into poverty in 1892 in the Deep South A G Gaston died more than a century later with a fortune worth well over 130 million and a business empire spanning communications real estate and insurance Gaston was by any measure a heroic figure whose wealth and influence bore comparison to J P Morgan and Andrew Carnegie Here for the first time is the story of the life of this extraordinary pioneer told by his niece and grandniece the award winning television journalist Carol Jenkins and her daughter Elizabeth Gardner Hines Born at a time when the bitter legacy of slavery and Reconstruction still poisoned the lives of black Americans Gaston was determined to make a difference for himself and his people His first job after serving in the celebrated all black regiment during World War I bound him to the near slavery of an Alabama coal mine but even here Gaston saw not only hope but opportunity He launched a business selling lunches to fellow miners soon established a rudimentary bank and from then on there was no stopping him A kind of black Horatio Alger Gaston let a single powerful question be his guide What do our people need now His success flowed from an uncanny genius for knowing the answer Combining rich family lore with a deep knowledge of American social and economic history Carol Jenkins and Elizabeth Hines unfold Gaston s success story against the backdrop of a century of crushing racial hatred and bigotry Gaston not only survived the hardships of being black during the Depression he flourished and by the 1950s he was ruling a Birmingham based business empire When the movement for civil rights swept through the South in the late 1950s and early 1960s Gaston provided critical financial support to many activists At the time of his death in 1996 A G Gaston was one of the wealthiest black men in America if not the wealthiest But his legacy extended far beyond the monetary He was a man who had proved it was possible to overcome staggering odds and make a place for himself as a leader a captain of industry and a far sighted philanthropist Writing with grace and power Jenkins and Hines bring their distinguished ancestor fully to life in the pages of this book Black Titan is the story of a man
