Memory and Narrative James Olney, 1998 At a time when the memoir has never been more popular *Memory and Narrative* presents an account of how the weave of life writing has altered over time to arrive at its present form James Olney tells the story of an evolving literary form that originated in the autobiographical writings of St Augustine underwent profound and disruptive changes in Jean Jacques Rousseau's life writing trilogy and found its momentary conclusion in the body of Samuel Beckett's work Among other issues Olney considers the rejection of the pronoun I by many post Rousseau writers the uses of narrative in the works of Beckett Franz Kafka and the sculptor Alberto Giacometti and the role of literary memory in light of recent memory work from a variety of scientific disciplines Giambattista Vico Henry Adams Gertrude Stein Richard Wright and Christa Wolf are some of the many writers examined in this monumental study

Giacometti James Lord, 1985-09 Traces the life of artist Alberto Giacometti from his Swiss family home to prominence in the modern art world

Innovators David W. Galenson, 2025-01-21 Some innovators are luminous shooting stars think Pablo Picasso Albert Einstein Sylvia Plath Bob Dylan Steve Jobs who make bold leaps early and suddenly then lose their creativity Others are late bloomers Paul Cezanne Charles Darwin Virginia Woolf Alfred Hitchcock Warren Buffett who show little early promise but spend long periods doggedly pursuing distant goals and attain greatness in old age By analyzing the careers of scores of great innovators this book reveals systematic differences in the motivations and methods of these two types and their very different patterns of creativity over the life cycle The result is a new and deeper unified understanding of the sources of human creativity

Alberto Giacometti Alberto Giacometti, 2008 Presents a collection of essays that explore the works of the Swiss sculptor along with a section of plates showcasing the artist's sculptures and paintings

Abstract Expressionism and Other Modern Works Metropolitan Museum of Art (New York, N.Y.), 2007 An exhibition organized by the Metropolitan Museum of Art of the Muriel Kallis Steinberg Newman Collection

which comprises sixty three modern paintings sculptures and works on paper by fifty artists The Abstract Expressionist paintings that form the heart of this collection were nearly all created in New York City Alberto Giacometti Timothy Mathews,2013-11-28 Alberto Giacometti s attenuated figures of the human form are among the most significant artistic images of the twentieth century Jean Paul Sartre and Andre Breton are just two of the great thinkers whose thought has been nurtured by the graceful harrowing work of Giacometti which continues to resonate with artists writers and audiences Timothy Mathews explores fragility trauma space and relationality in Giacometti s art and writing and the capacity to relate that emerges In doing so he draws upon the novels of W G Sebald Samuel Beckett and Cees Nooteboom and the theories of Maurice Blanchot and Bertolt Brecht and recasts Giacometti s Le Chariot as Walter Benjamin s angel of history This book invites readers on a voyage of discovery through Giacometti s deep concerns with memory attachment and humanity Both a critical study of Giacometti s work and an immersion in its affective power it asks what encounters with Giacometti s pieces can tell us about our own time and our own ways of looking and about the humility of relating to art **Silence in**

Philosophy, Literature, and Art Steven Bindeman,2017-08-28 Silence exists at the edge of the world where words break off and meaning fades into ambiguity The numerous treatments of silence in Steven L Bindeman s Silence in Philosophy Literature and Art question the misleading clarity of certainty which persists in the unreflective discourse of common experience Significant philosophical problems such as the limits of language the perception of sound and the construction of meaning the dynamics of the social realm and the nature of the human self all appear differently as a consequence of this questioning Silence is shown to have two modes disruptive and healing which work together as complementary stages within a creative process The interaction between these two modes of silence serves as the dynamic behind the entire work

Modernism and the Mediterranean JanK. Birksted,2017-07-05 Situated in a Mediterranean landscape the Maeght Foundation is a unique Modernist museum product of an extraordinary collaboration between the architect Jos uis Sert and the artists whose work was to be displayed there The architecture garden design and art offer a rare opportunity to see work in settings conceived in active collaboration with the artists themselves By focusing on the relationship between this art foundation and its Arcadian setting including Joan Mir labyrinth George Braque s pool Tal Coat s mosaic wall and Giacometti s terrace Jan K Birksted demonstrates how the building articulates many of the ideas that preoccupied this group of artists during the culminating years of their lives The study pays special attention to the ways in which architecture can shape the experience of time and addresses the Modernist desire for wilderness and its problematic roots in the classical Mediterranean ideal In showing how the design of the Maeght Foundation is a Modernist representation of Mediterranean culture the author has developed an interpretation of architecture that accommodates not only the architect s handling of material or function but shows as well how it can be the embodiment of a particular vision of space and time **About**

Looking John Berger,2011-07-13 As a novelist art critic and cultural historian Booker Prize winning author John Berger is a

writer of dazzling eloquence and arresting insight whose work amounts to a subtle powerful critique of the canons of our civilization In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century What is it about looking at war photographs that doubles their already potent violence How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh And how does solitude inform the art of Giacometti In asking these and other questions Berger quietly but fundamentally alters the vision of anyone who reads his work **Living, Looking, Making**, 2007-01-01

All About Process Kim Grant, 2017-02-28 In recent years many prominent and successful artists have claimed that their primary concern is not the artwork they produce but the artistic process itself In this volume Kim Grant analyzes this idea and traces its historical roots showing how changing concepts of artistic process have played a dominant role in the development of modern and contemporary art This astute account of the ways in which process has been understood and addressed examines canonical artists such as Monet C zanne Matisse and De Kooning as well as philosophers and art theorists such as Henri Focillon R G Collingwood and John Dewey Placing process art within a larger historical context Grant looks at the changing relations of the artist s labor to traditional craftsmanship and industrial production the status of art as a commodity the increasing importance of the body and materiality in art making and the nature and significance of the artist s role in modern society In doing so she shows how process is an intrinsic part of aesthetic theory that connects to important contemporary debates about work craft and labor Comprehensive and insightful this synthetic study of process in modern and contemporary art reveals how artists explicit engagement with the concept fits into a broader narrative of the significance of art in the industrial and postindustrial world **A Giacometti Portrait** James Lord, 1980-07 When we look at a painting hanging on an art gallery wall we see only what the artist has chosen to disclose the finished work of art What remains mysterious is the process of creation itself the making of the work of art Everyone who has looked at paintings has wondered about this and numerous efforts have been made to discover and depict the creative method of important artists *A Giacometti Portrait* is a picture of one of the century s greatest artists at work James Lord sat for eighteen days while his friend Alberto Giamcometti did his portrait in oil The artist painted and the model recorded the sittings and took photographs of the work in its various stages What emerged was an illumination of what it is to be an artist and what it was to be Giacometti a portrait in prose of the man and his art A work of great literary distinction *A Giacometti Portrait* is above all a subtle and important evocation of a great artist **The Painted Word** Lois Oppenheim, 2000 Exploring Beckett s relationship with the visual arts and its influence on his creative expression [The Story of Looking](#) Mark Cousins, 2020-01-16 The acclaimed author and filmmaker s investigation into the human gaze through history art and science paints an illuminating portrait of our culture Looking can be an act of empathy or aggression It can provoke desire or express it And from the blurry edgeless world we inhabit as infants to the landscape of screens we grow into looking can

define us In The Story of Looking filmmaker and writer Mark Cousins takes us on a tour in words and images through the development of the human gaze over the course of a lifetime and the ways that looking has changed through the centuries From great works of art to tourist photographs from cityscapes to cinema through science and protest propaganda and refusals to look the false mirrors and great visionaries of looking this book illuminates how we construct as well as receive the things we see The Story of Looking is a photo album and an art gallery a road movie and a visual grammar once you ve read it you ll never see things the same way again Shortlisted for the Saltire Society Non Fiction Award A wide ranging history of looking you will gaze at it in wonder Ian Sansom The Guardian UK
