Bladefoot Evolved: Tales from the Late Cretaceous David Pratt,2017-10-26 It s sixty five million years ago In the wild treacherous landscape of ancient North America dinosaurs and many other species struggle daily to survive Each of these creatures have their own stories and this collection of tales takes place before and during the events of Bladefoot Preston the baby troodon who learns fast to reach adulthood and follows in Bladefoot s footsteps Axel the young dakotaraptor who strives to earn his place in the pack Flo the elasmosaurus who must navigate an ocean filled with deadly predators Tyler the mosasaurus the blood thirsty killer of the Pierre Seaway Sky Rider the Quetzalcoatlus the winged giant that masters the air Rumble the triceratops and his great ambitions to rule his own herd Cutter the wounded troodon who tries to find peace at a waterhole but will receive anything but All these stories have climatic endings although some individuals will be more fortunate than others

Bladefoot David Pratt,2017-10-18 This is a tale set sixty five million years

ago in what is now Alberta Canada during the Age of Dinosaurs Bladefoot the Troodon must depart from his parent s territory before they turn against him while dodging his long time rival Cutter Once he leaves his dwindling sanctuary he must avoid vicious bloodthirsty predators that thunder across the land swoop down from the air and lurk beneath the apparent still waters Bladefoot must also confront volatile armoured herbivores and the threats of an angry Earth if he is to succeed his mission of finding his own home range and a female companion to start a family During his quest Bladefoot will face many different trials and tribulations For Bladefoot failure is not an option is he is to pass on his genes to the next generation However the world where he lives is in the shadow of a much greater power The Sixth Coming Richard Donahue,2011-08-01 Every 25 000 years the earth passes through the galactic plane with a cycle of death and rebirth The next time this will happen will be on December 21 2012 Come to know the five benevolent gods and their creations and the coming of the sixth who is far from benevolent This is a magical journey of births deaths and rebirths resplendent with Mythical Beings possessing all too human frailties Experience the Reality behind the Mirror and ask yourself Are we but a mere reflection of some greater reality The first of a planned trilogy this is indeed a journey not to forget **Hunter: The Fallen One** C. L. Hagely,2016-10-31 *Dinosaurs Without Bones* Anthony J. Martin,2021-07-13 Bubbles over with the joy of scientific discovery as he shares his natural enthusiasm for the blend of sleuthing and imagination Publishers Weekly starred review What if we woke up one morning all of the dinosaur bones in the world were gone How would we know these iconic animals had a165 million year history on earth and had adapted to all land based environments from pole to pole What clues would be left to discern not only their presence but also to learn about their sex lives raising of young social lives combat and who ate who What would it take for us to know how fast dinosaurs moved whether they lived underground climbed trees or went for a swim Welcome to the world of ichnology the study of traces and trace fossils such as tracks trails burrows nests toothmarks and other vestiges of behavior and how through these remarkable clues we can explore and intuit the rich and complicated lives of dinosaurs With a unique detective like approach interpreting the forensic clues of these long extinct animals that leave a much richer legacy than bones Martin brings the wild world of the Mesozoic to life for the 21st century reader *Seeing Animals after Derrida* Sarah Bezan,James Tink,2017-11-27 This volume charts a new course in animal studies that re examines Jacques Derrida s enduring thought on the visualization of the animal in his seminal Cerisy Conference from 1997 The Animal That Therefore I Am Building new proximities with the animal in and through and at times in spite of the visual apparatus Seeing Animals after Derrida investigates how the recent turn in animal studies toward new materialism speculative realism and object oriented ontology prompts a renewed engagement with Derrida s animal philosophy In taking up the matter of Derrida s treatment of animality for the current epoch the contributors to this book each present a case for new philosophical approaches and aesthetic paradigms that challenge the ocularcentrism of Western culture *Global Warming and the Dinosaurs* Caroline Arnold,2009 Dinosaurs are usually pictured in warm tropical

environments but fossils found at the poles are filling in the gap of knowledge about how and where these creatures lived Evidence from bones and teeth to trackways and skin impressions raises important questions How did dinosaurs cope with three months of total darkness in winter What plants grew in the polar regions How cold was it What are the implications for today as glaciers retreat ice shelves melt and permafrost thaws The polar regions are a unique library of the past and Caroline Arnold introduces readers to the gigantic prehistoric creatures that inhabited them Tale of a Tooth:
Heart-rending story of domestic abuse through a child's eyes Allie Rogers, 2018-04-19 An extraordinary story of the bond between a mother and her son Four year old Danny s voice is utterly convincing heartbreaking and ultimately full of love and hope Catherine Hall Four year old Danny lives with his mother Natalie in a small Sussex town Life is a struggle and when they are threatened with a benefits sanction salvation appears in the form of a Job Centre employee called Karen But Karen s impact is to reach far beyond this one generous gesture as she and Natalie embark on an intense relationship Told in the voice of an intelligent passionate and unusual child Tale of a Tooth is an immersive and compelling look at the impact of domestic abuse on a vulnerable family unit What Reviewers and Readers Said Allie Rogers strikes gold again A book about issues that isn t issue led and a book about childhood that isn t mawkish and emotional Allie Rogers has in Tale of a Tooth created a tale that s original powerful and long lasting Danny s voice is readable memorable and may have just changed my mind about child narrators The Book Bag It was a challenging read in terms of exploring the often taboo issue of domestic violence between women which makes this a hugely important novel Exploring a narrative which is too often kept private but nevertheless desperately needs to be told Allie Rogers is unflinching in her descriptions of bullying and brutality which can be found within relationships For this she deserves to be congratulated Jess Richards Via a unique compelling utterly original voice and characters I loved from page one Tale of a Tooth tells a critical timely heart breaking story of a little boy and his mother navigating the hard parts of life with grace and wisdom and most importantly each other Laurie Frankel
