Looking For Mies:

Looking for Mies Ricardo Daza, 2008 A short and compelling text Looking for Mies aims to reveal the man behind the architecture The now famous photograph of Mies van der Rohe in a steel and glass building smoking a cigar has fascinated and intrigued the author to such an extent that he has painstakingly researched the events surrounding its taking **Our Times, Our Lives** Eve Otto, Jozef Otto, 2004-11 Eve Otto explains When I began writing this book I had in the back of my mind that those who are young now might someday be interested in what life was like when their grandparents were growing up how life changed drastically with the coming of World War II in Europe and the turbulent years that followed the traumas of our emigration to America with our three young children and the difficult adjustments we had to make My book then is sort of a legacy to them **Sex and Buildings** Richard J. Williams, 2013-07-15 Massive modern skyscrapers obelisks towers all are structures that thanks to their phallic shape are often associated with sex But other buildings are more subtly connected as they provide the frameworks for our sexual lives and act as reminders of our sexual memories This relationship between sex and buildings mattered more than ever in the United States and Europe during the turbulent twentieth century when a culture of unprecedented sexual frankness and tolerance emerged and came to dominate many aspects of public life Part architectural history part cultural history and part travelogue Sex and Buildings explores how progressive sexual attitudes manifest themselves in architecture asking what progressive sexuality might look like architecturally and exploring the successes and failures of buildings attempts to reflect it In search of structures that reflect the sexual mores of their inhabitants Richard J Williams visits modernist buildings in Southern California the Westin Bonaventure Hotel the Playboy Mansion in Chicago the Seagram in New York communes from the 1960s and more A fascinating and often funny look at a period of extraordinary social change coupled with aesthetic invention Sex and Buildings will change the way we look at the buildings around us **The Third Coast** Thomas L. Dyja, 2014-03-25 Winner of the Chicago Tribune s 2013 Heartland Prize A critically acclaimed history of Chicago at mid century featuring many of the incredible personalities that shaped American culture Before air travel overtook trains nearly every coast to coast journey included a stop in Chicago and this flow of people and commodities made it the crucible for American culture and innovation In luminous prose Chicago native Thomas Dyja re creates the story of the city in its postwar prime and explains its profound impact on modern America from Chess Records to Playboy McDonald s to the University of Chicago Populated with an incredible cast of characters including Mahalia Jackson Muddy Waters Howlin Wolf Chuck Berry Sun Ra Simone de Beauvoir Nelson Algren Gwendolyn Brooks Studs Turkel and Mayor Richard J Daley The Third Coast recalls the prominence of the Windy City in all its grandeur **California Modern** Neil Jackson, 2002 In the 1950s a series of dramatic open and elegant homes made him a media star and interest in the work of his atelier has only increased over time **From Marriage To Love: CEO, Good Evening** Dai MengYeZi, 2020-11-02 As soon as she entered the house she was immediately declared to be married to a fool She desperately escaped from the wolf s
