## **Lord Curzon The Last Of The British Moghuls:**

Lord Curzon Nayana Goradia,1993 Yet seven years later he was to return home a broken man his viceroyalty in a shambles only to be later dispossessed of the Prime Ministership he thought rightfully his Was this the result of some fatal flaw in Curzon s personality Curzon has certainly led his earlier biographers to think so leaving copious writings suggesting that he was brought up by an indifferent mother a cold father and a savage governess But new evidence sheds a different light on a more complex personality **British Foreign Policy during the Curzon Period, 1919-24** G.

Bennett,1995-08-09 A wide ranging and authoritative study of British foreign policy in the critical years after the 1919 Paris Peace Conference Policy towards Western and Eastern Europe Russia Turkey the Middle East United States and Far East is examined alongside such themes as the role of Prime Minister Foreign Secretary and Cabinet in policy formulation The evolution and execution of policy is set alongside the limitations imposed on British statesmen by the dominions armed forces economic weakness and domestic politics **Britain's Imperial Administrators, 1858-1966** A. Kirk-Greene,2000-02-24

Britain s famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain s graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative narrative history is enlivened by recourse to Service lore and anecdotes **Empire, Politics and the Creation of the**

**1935 India Act** Andrew Muldoon,2016-05-06 The 1935 Government of India Act was arguably the most significant turning point in the history of the British administration in India The intent of the Act a proposal for an Indian federation was the continuation of British control of India and the deflection of the challenge to the Raj posed by Gandhi Nehru and the nationalist movement This book seeks to understand why British administrators and politicians believed that such a strategy would work and what exactly underpinned their reasons It is argued that British efforts to defuse and disrupt the activities of Indian nationalists in the interwar years were predicated on certain cultural beliefs about Indian political behaviour and capacity However this was not simply a case of Orientalist policy making Faced with a complicated political situation a staggering amount of information and a constant need to produce analysis the officers of the Raj imposed their own cultural expectations upon events and evidence to render them comprehensible Indians themselves played an often overlooked role in the formulation of this political intelligence especially the relatively few Indians who maintained close ties to the colonial government such as T B Saprú and M R Jayakar These men were not just mediators as they have frequently been portrayed but were in fact important tacticians whose activities further demonstrated the weaknesses of the colonial information

economy The author employs recently released archival material including the Indian Political Intelligence records to situate the 1935 Act in its multiple and overlapping contexts internal British culture and politics the imperial information order in India and the politics of Indian nationalism This rich and nuanced study is essential reading for scholars working on British Indian and imperial history     **The British Empire** Mark Doyle, 2018-06-29 An essential starting point for anyone wanting to learn about life in the largest empire in history this two volume work encapsulates the imperial experience from the 16th 21st centuries From early sixteenth century explorations to the handover of Hong Kong in 1997 the British Empire controlled outposts on every continent spreading its people and ideas across the globe and profiting mightily in the process The present state of our world from its increasing interconnectedness to its vast inequalities and from the successful democracies of North America to the troubled regimes of Africa and the Middle East can be traced in large part to the way in which Great Britain expanded and controlled its empire The British Empire A Historical Encyclopedia addresses a broader range of topics than do most other surveys of the empire covering not only major political and military developments but also topics that have only recently come to serious scholarly attention such as women s and gender history art and architecture indigenous histories and perspectives and the construction of colonial knowledge and ideologies By going beyond the headline events of the British Empire this captivating work communicates the British imperial experience in its totality     **A Guide to the Papers of British Cabinet Ministers 1900-1964** Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 A Guide to the Papers of British Cabinet Ministers 1900 1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers     *British Travel-writing on Oman* Hilal Said Al-Hajri, 2006 This book focuses on the images of Oman in British travel writing from 1800 to 1970 In texts that vary from travel accounts to sailors memoirs complete travelogues autobiographies and letters it looks at British representations of Oman as a place people and culture The study discusses the current Orientalist debate suggesting alternatives to the dilemma of Orientalism It also outlines the historical Omani British relations and examines the travel accounts written by several British merchants and sailors who stopped in Muscat and other Omani coastal cities in the nineteenth century Another focus is with the works of travellers who penetrated the Interior of Oman such as James Wellsted and Samuel Miles and the travellers who explored the southern Oman and the Empty Quarter Finally the book looks at the last generation of British travellers who were in Oman from 1950 to 1970 employed either by oil companies or the Sultan Said bin Taimur The gap of knowledge that this book undertakes to fill is that most of the texts under discussion have not been studied in any context     **The Colonel Who Would Not Repent** Salil Tripathi, 2016-04-26 Bangladesh was once East Pakistan the Muslim nation carved out of the Indian Subcontinent when it gained independence

from Britain in 1947 As religion alone could not keep East Pakistan and West Pakistan together Bengali speaking East Pakistan fought for and achieved liberation in 1971 Coups and assassinations followed and two decades later it completed its long tumultuous transition to parliamentary government Its history is complex and tragic one of war natural disaster starvation corruption and political instability First published in India by the Aleph Book Company Salil Tripathi s lyrical beautifully wrought tale of the difficult birth and conflict ridden politics of this haunted land has received international critical acclaim and his reporting has been honored with a Mumbai Press Club Red Ink Award for Excellence in Journalism The Colonel Who Would Not Repent is an insightful study of a nation struggling to survive and define itself *Indian Naval Strategy in the Twenty-first Century* James R. Holmes, Andrew C. Winner, Toshi Yoshihara, 2009-04-02 This is the first academic study of India s emerging maritime strategy and offers a systematic analysis of the interplay between Western military thought and Indian maritime traditions By a quirk of historical fate Europe embarked on its Age of Discovery just as the main Asian powers were renouncing the sea ushering in centuries of Western dominance In the 21st century however Asian states are once again resuming a naval focus with both China and India dedicating some of their new found wealth to building powerful navies and coast guards and drawing up maritime strategies to govern the use of these forces The United States like the British Empire before it is attempting to manage these rising sea powers while preserving its maritime primacy This book probes how India looks at the sea what kind of strategy and seagoing forces New Delhi may craft in the coming years and how Indian leaders may use these forces It examines the material dimension but its major premise is that navies represent a physical expression of a society s history philosophical traditions and culture This book then ventures a comprehensive appraisal of Indian maritime strategy This book will be of interest to students of sea power strategic studies Indian politics and Asian Studies in general James R Holmes is an Associate Professor of Strategy at the U S Naval War College and a former U S Navy surface warfare officer Toshi Yoshihara is an Associate Professor in the Strategy and Policy Department at the Naval War College Andrew C Winner is Professor in the Strategic Research Department at the U S Naval War College *Migrant races* Satadru Sen, 2017-03-01 This book is a study of mobility image and identity in colonial India and imperial Britain in the late nineteenth and early twentieth centuries It is a model for studies of migrant figures like K S Ranjitsinhji who emerged during the imperial period Ranjitsinhji is an important figure in the history of modern India and the British empire because he was recognized as a great athlete and described as such The book focuses on four aspects of Ranjitsinhji s life as a colonial subject race money loyalty and gender It touches upon Ranjitsinhji s career as a cricketer in the race section The issue of money gave Indian critics of Ranjitsinhji s regime the language they needed to condemn his personal and administrative priorities and to portray him as self indulgent Ranjitsinhji lived his life as a player of multiple gender roles sometimes serially and on occasion simultaneously His status as a prince while not entirely fake was fragile enough to be unreliable and he worked hard to reinforce it even as he constructed his Englishness Any Indian attempt to

transcend race culture climate and political place by imitating an English institution and its product must be an unnatural act of insurgency The disdain for colonial politics that was manifest in the small rebellions at the end of the world war converged with the colonized Indian identity that was evident at the League of Nations Between the war and his death it is clear Ranjitsinhji moved to maximize his autonomy in Nawanagar *The Military in British India* T. A. Heathcote, 2013-08-19 T A Heathcotes study of the conflicts that established British rule in South Asia and of the militarys position in the constitution of British India is a classic work in the field By placing these conflicts clearly in their local context his account moves away from the Euro centric approach of many writers on British imperial military history It provides a greater understanding not only of the history of the British Indian Army but also of the Indian experience which had such a formative an effect on the British Army itself This new edition has been fully revised and given appropriate illustrations Colonial Childhoods Satadru Sen, 2005-08-01 Colonial Childhoods is about the politics of childhood in India between the 1860s and the 1930s It examines not only the redefinition of the child in the cultural and intellectual climate of colonialism but also the uses of the child the parent and the family in colonizing and nationalizing projects *The Lion and the Tiger* Denis Judd, 2004 An authoritative and lively account of the long and controversial history of the British in India from the foundation of the East India Company in 1600 to Ghandi s innovative leadership of the increasingly militant Indian Nationalist movement and finally to Lord Mountbatten s swift surgery of partition leaving behind the Independent states of India and Pakistan Against this epic backdrop Judd explores the consequences of British control for both Indians and the British in India What was the effect on their daily lives and on the lives they were effectively controlling Were the British intent on development or exploitation Were they a civilizing force Easy answers are avoided and difficult questions provoked in this fascinating book *Indo-British Review* , 1995 **Autobiography and Decolonization** Philip Holden, 2008 Philip Holden reveals deeply gendered connections between the writing of individual lives and of the narratives of nations emerging from colonialism Autobiography and Decolonization is the first book to give serious academic attention to autobiographies of nationalist leaders in the process of decolonization attending to them not simply as partial historical documents but as texts involved in remaking the world views of their readers Holden examines Mohandas K Gandhi s An Autobiography The Story of My Experiments with Truth Marcus Garvey s fragmentary Autobiography Joseph Ephraim Casely Hayford s Ethiopia Unbound Lee Kuan Yew s The Singapore Story Nelson Mandela s Long Walk to Freedom Jawaharlal Nehru s An Autobiography and Kwame Nkrumah s Ghana The Autobiography of Kwame Nkrumah Holden argues that these examples of life writing have had significant influence on the formation of new and often profoundly gendered national identities These narratives constitute the nation less as an imagined community than as an imagined individual Moving from the past to the promise of the future they mediate relationships between public and private and between individual and collective stories Ultimately they show how the construction of modern selfhood is inextricably linked to the construction of a postcolonial polity **Tournament of**

**Shadows** Karl E. Meyer, Shareen Blair Brysac, 2009-03-17 From the romantic conflicts of the Victorian Great Game to the war torn history of the region in recent decades *Tournament of Shadows* traces the struggle for control of Central Asia and Tibet from the 1830s to the present The original Great Game the clandestine struggle between Russia and Britain for mastery of Central Asia has long been regarded as one of the greatest geopolitical conflicts in history Many believed that control of the vast Eurasian heartland was the key to world dominion The original Great Game ended with the Russian Revolution but the geopolitical struggles in Central Asia continue to the present day In this updated edition the authors reflect on Central Asia's history since the end of the Russo Afghan war and particularly in the wake of 9 11

**Late Victorian Holocausts** Mike Davis, 2002-06-17 This global environmental and political history will redefine the way we think about the European colonial project *Observer* sets the triumph of the late 19th century Western imperialism in the context of catastrophic El Niño weather patterns at that time groundbreaking mind stretching The Independent Examining a series of El Niño induced droughts and the famines that they spawned around the globe in the last third of the 19th century Mike Davis discloses the intimate baleful relationship between imperial arrogance and natural incident that combined to produce some of the worst tragedies in human history *Late Victorian Holocausts* focuses on three zones of drought and subsequent famine India Northern China and Northeastern Brazil All were affected by the same global climatic factors that caused massive crop failures and all experienced brutal famines that decimated local populations But the effects of drought were magnified in each case because of singularly destructive policies promulgated by different ruling elites Davis argues that the seeds of underdevelopment in what later became known as the Third World were sown in this era of High Imperialism as the price for capitalist modernization was paid in the currency of millions of peasants' lives
