imperial Indian period before 1800 and the domestic political period after 1820 describing the wide range of experiences Arthur and his brothers lived through Architects of Empire brings together in a single volume a grand story that before now was discernible only through political or military analysis Weaving the personal history of the brothers into a captivating narrative it tells of sibling rivalry among men who were by turns generous and supportive then insensitive and cruel Whereas other historians have minimized the importance of family ties Severn provides an unusually nuanced understanding of the Duke of Wellington Architects of Empire casts his career in a new light one that will surprise those who believe they already know the man **The Memoirs of François René, Vicomte de Chateaubriand, Sometime Ambassador to England**
