## **Mathematics For The Million How To Master The Magic Of Numbers:**

*Mathematics For The Million* Lancelot Hogben, 1968 Explains mathematics from counting to calculus in the light of man's changing social achievements *Mathematics for the Million: How to Master the Magic of Numbers* Lancelot Hogben, 1993-09-17 It makes alive the contents of the elements of mathematics Albert Einstein Taking only the most elementary knowledge for granted Lancelot Hogben leads readers of this famous book through the whole course from simple arithmetic to calculus His illuminating explanation is addressed to the person who wants to understand the place of mathematics in modern civilization but who has been intimidated by its supposed difficulty Mathematics is the language of size shape and order a language Hogben shows one can both master and enjoy Science Sketches Sidney Perkowitz, 2022-03-09 This book is the second collection of over 50 articles and essays authored by Sidney Perkowitz Appearing in diverse outlets such as Discover Washington Post Aeon Los Angeles Review of Books Nautilus Museum of the Moving Image and Physics World they represent the best of his writing about science and technology and their links to culture and society the arts and the media and the humanities Written for general readers the pieces explore the outer and inner universes from cosmic space to the human mind from the artistic use of science to the impact of technology and AI in the justice system in medicine and in dealing with COVID 19 The Language Myth in Western Culture Roy Harris, 2013-05-13 The basic claim of this book is that for 2000 years and more the western tradition has relied on two very dubious assumptions about human communication that each national language is a unique code and that linguistic communication consists in the utilization of such codes to transfer messages from mind to mind **The Facts on File Algebra Handbook** Deborah Todd, 2014-05-14 Contains a history of the subject of algebra with over 350 entries providing definitions and explanations of related topics plus brief biographies of over 100 mathematicians *A Speaker's Treasury of Quotations* Michael C. Thomsett, Linda Rose Thomsett, 2015-01-24 Every public speaker can benefit from an apt quotation to illuminate a speaking point This compilation of 2 116 quotations in 263 broad subject categories is useful for political motivational and other public speakers along with speech writers planners and researchers The topics range from Ability Out of my lean and low ability I'll lend you something Shakespeare to Youth I suppose it's difficult for the young to realize that one may be old without being a fool William Somerset Maugham Each entry is credited to its author the work in which it appeared when appropriate and the date of origin There are two indexes of authors to topics and their entry numbers and of highly detailed keywords in context to their entries **The Hole in the Universe** K. C. Cole, 2012-07-18 A compelling enjoyable and widely accessible exploration of one of the most fundamental scientific issues of our age Brian Greene author of *The Elegant Universe* In *The Hole in the Universe* an award winning science writer provides an illuminating slant on physics and mathematics by exploring the concept of nothing Scientific American Welcome to the world of cutting edge math physics and neuroscience where the search for the ultimate vacuum the point of nothingness the ground zero of theory has

rendered the universe deep rich and juicy Every time scientists and mathematicians think they have reached the ultimate void something new appears a black hole an undulating string an additional dimension of space or time repulsive anti gravity universes that breed like bunnies Cole s exploration at the edge of everything is as playfully entertaining as it is informative San Jose Mercury News A strong and sometimes mind blowing introduction to the edges of modern physics Salon com Comprising an expansive set of topics from the history of numbers to string theory the big bang even Zen the book s chapters are broken into bite sized portions that allow the author to revel in the puns and awkwardness that comes with trying to describe a concept that no one has fully grasped It is an amorphous flowing mind bending discussion written in rich graceful prose As clear and accessible as Hawking s A Brief History of Time this work deserves wide circulation not just among science buffs Publishers Weekly starred review Here we have the definitive book about nothing and who would think that nothing could be so interesting not only accessible but compelling reading St Louis Post Dispatch

**Laser Information Age , Popular Science** ,1969-03 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

**The Life of Gregory Zilboorg, 1940-1959** Caroline Zilboorg,2021-09-16 The Life of Gregory Zilboorg 1940 1959 Mind Medicine and Man is the second volume of a meticulously researched two part biography of the Russian American psychoanalyst Gregory Zilboorg and chronicles the impact of the Second World War on his work and thinking as well as his divorce remarriage and conversion to Catholicism With extensive references to Zilboorg s writing and politics this book demonstrates the significance of his contributions to the fields of psychiatry and psychoanalysis in the context of his tumultuous intellectual personal and spiritual life In his late work he would argue controversially that there was no incompatibility between psychoanalysis and religion Grounded in a wealth of primary source material and impressive research this book completes the compelling biography of a major figure in psychoanalysis It will be of interest to general readers as well as scholars across a range of disciplines particularly the history of psychoanalysis and religion

**Drawing the Line** Edwin Danson,2001 Set in the social and historical context of pre Revolutionary America this book is a spellbinding account of one of the great and historic achievements of its time BOOK JACKET

**Mathematics for the Million** Lancelot Thomas Hogben,1983 Taking only the most elementary knowledge for granted Lancelot Hogben leads readers of this famous book through the whole course from simple arithmetic to calculus His illuminating explanation is addressed to the person who wants to understand the place of mathematics in modern civilization but who has been intimidated by its supposed difficulty Mathematics is the language of size shape and order a language Hogben shows one can both master and enjoy

**For the Recorde** Gareth Ffowc Roberts,2022-09-15 For the Recorde is accessible to a wide audience and readers will find themselves smiling as they read sometimes shedding a tear and occasionally scratching their head It shows that maths is developed by real people having a range of emotions just like

everybody else The book is illustrated throughout with photographs of the mathematicians and the places in Wales which they re linked with and also contains some mathematical symbols patterns and puzzles      **The New York Times Book Review** ,1970      New York Times Saturday Book Review Supplement ,1944-06      **Divided and Conquered** Mokokoma Mokhonoana,2016-10-19 What makes you you Is it your mother tongue Is it your country of birth Is it your ethnicity Is it your bank balance Or could it be who or what you call God Mokokoma takes the reader through a mental tour An exploration of social constructs that have divided the human race i e language culture nationality the monetary system religion ethnicity race et cetera A journey through familiar territories But for a change with an unfamiliar set of eyes If this book does not un divide the human race nothing will Mokokoma argues that the civilized man is technologically ahead of but intellectually behind his time This one of a kind life changing book is our opportunity to catch up      **The Publishers Weekly** ,1970      **The Penn State Teacher II** ,1997      **New York Times Saturday Review of Books and Art** ,1970      **Popular Science** ,1969
