**Panpsychism in the West, revised edition** David Skrbina,2017-09-22 An updated edition of a comprehensive study of the theory that mind exists in some form in all living and nonliving things In Panpsychism in the West the first comprehensive study of the subject David Skrbina argues for the importance of panpsychism the theory that mind exists in some form in all living and nonliving things in consideration of the nature of consciousness and mind Panpsychism with its conception of mind as a general phenomenon of nature uniquely links being and mind More than a theory of mind it is a meta theory a statement about theories of mind rather than a theory in itself Panpsychism can parallel almost every current theory of mind it simply holds that no matter how one conceives of mind such mind applies to all things After a brief discussion of general issues surrounding philosophy of mind Skrbina examines the
